Avail Yourself of This Offer at Once.

General Information — Please Read Before Ordering

Remittances must accompany all orders. Send P. O. or Express money order if possible (the cost of a money order may be deducted from the amount sent). Money in registered letters is safe. Stamps taken for small amounts. Bank drafts or certified checks will be accepted.

We Guarantee seeds to reach you safely; to be the varieties we sell them for; to grow under proper conditions and with proper care. We will replace free any failing in these respects. If customers have reason to think the fault was in the seed. We cannot guarantee you a good crop as other conditions might prevent that. Our Only Guarantee is to Replace Seeds. We sell seeds under the Swedman Standard Guarantee adopted by all the leading Seed Houses by which we assume no responsibility for the crop.

Address. Look at your order the second time to see if you have written your full address, state and all, and written it PLAINLY. Hundreds of orders are lost every year because the address is gone or not decipherable.

Sending Seeds C. O. D. is a useless expense. If you order them C. O. D. send 15c extra for this extra cost and besides at least one-fourth of the amount of the order. They will not be sent unless you do this.

Plants are not sent with seeds but are mailed from greenhouse and usually follow a week or so later than seeds.

Any complaint about plants must be made on receipt of them. If you let them dry and spoil do not blame us. Plants will not be sent C. O. D.

Keep a Copy of your order, and should we make a mistake we will gladly correct it.

Canada Customers please send money order. Seeds sent by mail but you pay Duty on seeds. Bulbs will not be sent to Canada.

Bank Checks. Please do not send bank checks. We cannot accept them for amounts less than \$1.00. We prefer to have you draw a post office money order for larger amounts. You may deduct the cost of the money order from your remittance. Stamps will be accepted for amounts of less than \$1.00.

General List of Choice Flower Seeds

3

We list nearly 1,000 varieties of what we have found to be the most desirable — the showiest and easiest to grow. When we find a flower, new or old, which we think our customers would like we obtain seed of it if possible and offer it in our catalogue.

Order Flower Seed by the number placed before each variety.

ABUTILON

1—MIXED NEW HYBRIDS. (Greenhouse) — Known also as Chinese Bell Flower. A hardy house shrub requiring little care and loaded with large bell-shaped flowers 2 inches across. Blooms first season from seed. Pkt. 10c.

Abronia (Sand Verbena)

2—UMBELLATA. (Annual) — Pretty little trailer with umbells of rose pink flowers. Pkt. 4c; 3 pkts. for 10c.

ACHILLEA

(Milfoil or Yarrow)

3—THE PEARL. (Perennial). Sends up many stems 1 ft. high which are crowned with clusters of double white flowers. Blooms a long time. Pkt. 5c; 3 pkts. for 12c.

Aconitum (Monks Hood)

4—NAPELLUS. (Perennial) — Throws up spikes 4 ft. long which are loaded with pretty hood-shaped flowers. Fine border plant resembling the Delphiniums in habit. Does well in partial shade. Pkt. 5c.

ACROCLINIUM

New Giant Double

4A—Large flowered Double Hybrids. This is one of the new flowers that florists can sell at sight. The beautiful double flowers are nearly twice the size of the ordinary strain, borne on long stems. Blooms in a short time from sowing. Range of colors is very large including many pastels. Pretty dark centers. Pkt. 8c; 2 pkts. 15c.

4—DOUBLE MIXED. (Annual). One of the best everlasting flowers, following Helichrysum in popularity. Flowers mostly rose and white. Dried they retain their color for years. Pkt. 4c; 3 pkts. for 10c.

ADLUMIA — Allegheny Vine

7—CIRRHOSEA. (Biennial). One of the prettiest and most delicate climbers covering a lattice or porch in a short time. Foliage resembles Maiden Hair Fern. Flowers tube shaped and flesh pink. Self sows and come up year after year. Pkt. 5c.

AGERATUM

Desirable for bedding, cut flowers or border. No plant equals it for a solid bed or ribbon of blue. Commences to bloom quickly from seed and flowers till killed by frost. If taken up before frost, it will bloom all winter in the house.

11—DWARF MIXED. Dwarf sorts which grow to an even height. Therefore these are especially adapted for bordering. etc. Pkt. 5c; 4 pkts. for 10c.

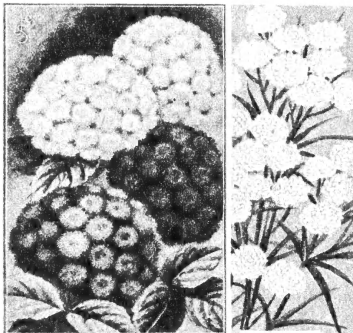

12—TALL MIXED. Fine for cutting and work requiring longer stems. Pkt. 4c; 3 pkts. for 10c.

13—BLUE PERFECTION. Compact bushy sorts which make a mound of deep blue. Very useful for borders, hedges, etc. Pkt. 5c; 3 pkts. for 12c.

14—BLUE BALL. Very dwarf and compact and much prized where known for edging low beds, also for filling in spaces in rock gardens. Pkt. 7c; 2 pkts. for 10c.

Blue Cap Ageratum

15—Blue Cap. Extra dwarf and compact. Free bloomer, can be had in flower from June till frosts and always looks well. For a solid dwarf blue border it has no equal. Pkt. 10c; 3 pkts. 25c.

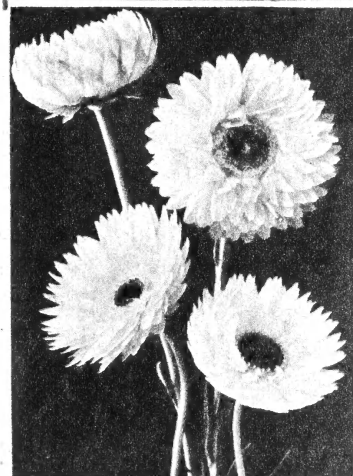

AGERATUM.

Achillea

Alyssum

Best White Edging Plant

ACROCLINIUM

Double Giant Flowered Mixed

Adonis

8—VERNALIS. (Perennial). Finely cut foliage and bright yellow flowers. Pkt. 10c.

9—AESTIVALIS. (Annual). "Flos Adonis." Fine foliage and red flowers. Pkt. 4c; 3 pkts. for 10c.

AGATHAEA -- Blue Daisy

10—COELESTIS. (Tender Perennial). Free bloomer producing blue daisy-like flowers. Plant branching 18 inches tall. Pot in fall for winter blooming. Pkt. 8c.

ALYSSUM

For a continuous solid bed of white, or for a border or edging, Alyssum has no equal. Commences to bloom in a few weeks from sowing and is a solid mass of white till hard freezing weather.

17—SWEET. Fragrant. Covers more space than others, each plant making 2 feet of space white all summer. Pkt. 4c; fragrant flowers. Grand for low white fragrant borders or edgings. Pkt. 4c; 3 pkts. 10c; 1/2 oz. 30c.

18—LITTLE GPM. Very dwarf compact sort, 6 inches high. A mass of white 3 pkts. 10c.

19—LILAC QUEEN. Very similar to Sweet Alyssum except color which is a lavender lilac. Pkt. 5c; 3 pkts. for 12c.

20—PROCUMBENS or FLORAL SPRAY. Also called Carpet of Snow. Plants trailing forming a solid rosette of white a foot across. Plants send up hundreds of sprays. Pkt. 4c; 4 pkts. for 12c.

21—CREAM KING. Similar to the white except color which is a creamy yellow. Pkt. 4c; 3 pkts. for 10c.

22—NEW MINIATURE. An extremely small dwarf variety especially valuable for a low compact border or for rock gardens. Pure white. Pkt. 6c; 2 pkts. for 10c.

WONDERGRO

New life TABLETS for plants

23—SAXATILE COMPACTUM. Especially desirable for rock gardens. Foliage thick silvery gray, flowers yellow. Good early bloomer. Pkt. 5c.

Agrostemma

16—CORONARIA. (Perennial). Foliage silvery white. Flowers freely produced and are crimson-rose and white. Flowers first season if sown early. Pkt. 5c.

Amaranthus

24—MOULTEN FIRE. Beautiful Poinsettia-like top. Showy in border. Pkt. 10c.

25—MIXED. Plants 2 to 6 feet high. Various forms mostly with pretty colored foliage. Also includes such plants as "Love Lies Bleeding," "Joseph's Coat," "Princess Feather," etc. Pkt. 3c; 4 pkts. 10c.

Anchusa

28—BLUE BIRD. (Annual). A fine blue plant with dwarf compact habits. Its trusses of vivid indigo blue forget-me-not like flowers are fine in the garden or for cut flowers. Pkt. 5c; 2 pkts. for 10c.

29—LISSADEL. (Perennial). Similar to the popular "Dropmore" variety but flowers are larger and of a deeper and more intense pentian-blue. Of sturdy habit and free bloomer. Pkt. 10c.

30—ITALICA. (Perennial). Dropmore variety. Forms a branched plant 3 to 5 ft. high, each branch terminating in a spike of bright blue. Pkt. 6c; 2 pkts. 10c.

Ambrosia

27—MEXICANA. The Feathered Geranium or Jerusalem Oak is a 2-foot annual with strongly aromatic foliage much cut and lobed. Flowers small and yellow. Pkt. 5c.

In some localities and especially on ground where Asters have been grown before, the plants are subject to Fusarium Wilt. We sell some varieties, marked Wiltproof which are not affected by this Wilt.

You may select any 8 packets of Aster seed on these pages for 50 cts.

We will mail you 8 packets of Aster seed for 25c. These will be our selection and some may not be found on this list.

Any three packets of Aster Seed for 25c.

Super Giant Los Angeles

82—Largest, fullest and most beautiful aster grown. It won the All-American Selection Blossoms 6 to 8 inches across fully petaled and artistically graceful in the feathery effect of the interlacing ostrich feather type petals. Color a soft shell pink blending to creamy pink at the center. Fine cut flower. Pkt. 10c.; 3 pkts. 25c.

Super Giant El Monte

83—Super-Giant El Monte. Receive Special Mention in the All American Selection of 1936. Acclaimed as the largest and finest crimson aster known. It is a strong crimson and the flowers are composed of daintily interlaced and plume-like petals. It is a super giant fluffy form of Ostrich Feather type. Stems long and blooms two weeks ahead of California Giant. Pkt. 10c.; 3 pkts. 25c.

AURORA OR GOLDEN SHEAF

84—AURORA OR GOLDEN SHEAF. Deep yellow wilt resistant. Blossoms have an anemone crest like center of good substance and deep petals. Long stemmed. Pkt. 10c.; 3 pkts. 25c.

NEW BLUE AURORA

85—BLUE AURORA is a companion of Golden Sheaf with light blue petals surrounding a quilled yellow center. Pkt. 10c.

NEW SURPRISE ASTER

86—SURPRISE SALMON GOLD is a unique and odd color in asters. A pure golden salmon turning to a salmon pink. Upright growing 12 to 15 inches high. Pkt. 10c.

DR. BURR ASTER

87—DR. BURR. A tall double deep yellow odd upright branching habit. A new aster of great promise. Pkt. 10c.

HEART OF FRANCE

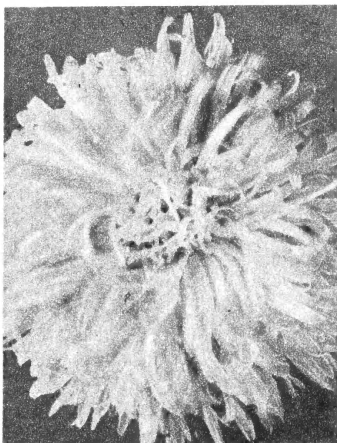

88—HEART OF FRANCE. This is a deep pure rich blood red aster, deepening with age. Its rich color, large size and beautiful form always command attention. One of the most admired. Wiltproof. Pkt. 10c.; 2 pkts. 15c.

GIANT FRINGED SINGLE

89—GIANT FRINGED SINGLE. These giant curled and fringed single asters are beautiful and showy. Fine for bouquets and sell readily in the market. Pkt. 5c.

MAMMOTH PEONY ASTER

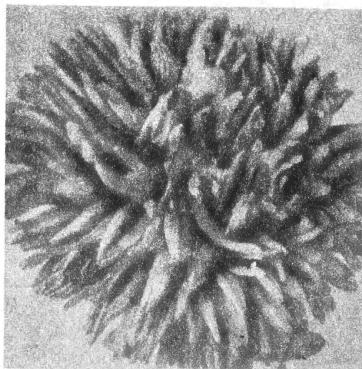

92—These new improved Giant Mammoth Peony flowered Asters somewhat resemble the late Beauty Type with massive incurved flowers. Blossoms almost round and produced on long stems. Fine for cutting or shipping. Pkt. 10c.; 3 pkts. for 25c.

ASTER SUPER GIANT LOS ANGELES

King Aster

—HEART OF FRANCE

CALIFORNIA GIANT SUNSHINE

90—A new race of asters growing 3 feet high and bearing blossoms 4 to 6 inches across on long stiff stems. The color is startlingly beautiful. A dual tone effect is produced through the contrasting tints of the disc-like center and the outer or guard petals. They vary in shades of Enchantress pink, Appleblossom, deep rose, blue and lavender, but the disc, sometimes light yellow, sometimes blue, brings additional variety in tint. Mixed colors. Pkt. 10c.; 3 pkts. for 25c.

NEW FIRELIGHT ASTER

91—FIRELIGHT. A tall double bright red producing many branches which are surmounted with blossoms of a particular bright red not found in any other aster. Pkt. 10c.

EARLY WONDER ASTERS

94—The Early Wonder or Express are just ahead of the July Queens in blooming. The flowers are the fluffy comet type and are large and full. Plants 1 ft. high. All colors in mixture. Pkt. 6c.; 2 pkts. for 10c.

TALL OSTRICH ASTER

95—TALL OSTRICH MIXED. This new wilt-proof strain resembles the Japanese Tassel Asters with their long showy ostrich type blossoms. Very free flowering and one of the best of the curly asters. Pkt. 10c.; 3 pkts. for 25c.

KING ASTERS

A magnificent class of Asters, distinct from all others. The long, narrow petals are folded length wise, appearing almost as though quilled. The flowers are of great size and substance and last longer when cut than those of almost any other class. The plants are large and the stems exceptionally long and strong. All are strikingly handsome and fold petals like a Cactus Dahlia.

102—KING ASTERS MIXED. All colors. Pkt. 5c.

GIANT COMET ASTERS

103—GIANT COMET OR LATE EXPRESS MIXED. These have very large fluffy flowers with twisted petals and somewhat resemble chrysanthemums. Wiltproof. Pkt. 5c.; 3 pkts. 10c.

JULY QUEEN ASTER

104—JULY QUEENS MIXED. These while not so large and showy as some late varieties are fair size, double and produced on long stems. They will bloom before late sorts bud. Fine for early use. Wiltproof. Pkt. 5c.; 3 pkts. 12c.; ¼ oz. 30c.

PEERLESS YELLOW

105—A midseason Aster of the branching type and is conceded to be the best yellow Aster known. Pkt. 8c.; 2 pkts. 15c.

Crego Giant Asters

Improved Crego Asters are the largest and finest of the Comet and Curled Asters. Plants grow about 2 ft. high, branch and produce long stems surmounted by large curled blossoms in all colors.

113—CREGO ROYAL ROSE. Loveliest deep rose color imaginable. Fully double with curled and twisted petals. Robust grower, branching to tree form. 2 1/2 ft. high. Wilt resisting. Pkt. 8c.

114—CREGO CRIMSON. Large deep crimson flowers 4 to 5 inches across. Wiltproof. Pkt. 8c.; 2 pkts. 13c.

115—CREGO PURPLE. Fine purple. Wiltproof. Pkt. 8c.

116—CREGO WHITE. Fine large white. Pkt. 6c.

117—CREGO LAVENDER. Pkt. 6c.

118—CREGO MIXED. All varieties mixed. Pkt. 6c.; 3 pkts. 15c.

One packet each of the above 6 Crego Asters for 25c.

DWARF BOUQUET ASTER

106—MIXED. Best of dwarf asters. Makes a little mound of select bloom only a few inches high. Resembles a short bouquet stuck in the ground. Pkt. 6c.; 3 pkts. for 10c.

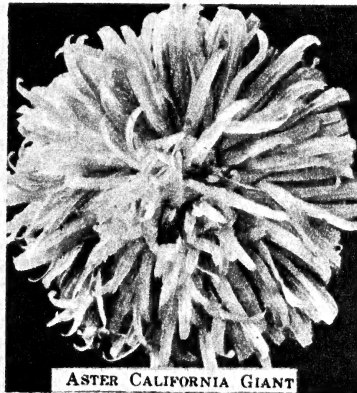

California Giant Asters

There has been a popular demand for a large late Crego or Ostrich Feather Aster with the long stems of the late Beauty Type. This demand is now supplied in the California Giants. Flowers are larger and more substantial than the Crego, measuring 5 to 6 inches in diameter. They stand up well and keep when cut. Especially fine in bouquets or funeral work and are the nearest approach to large chrysanthemums.

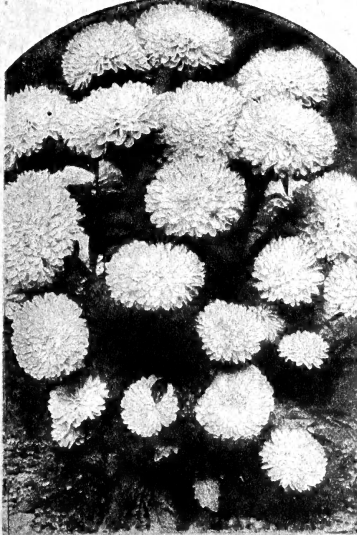

112—MIXED. Pkt. 5c.

CREGO GIANT ASTERS

ASTER CALIFORNIA GIANT

AMERICAN BEAUTY

JAPANESE TASSEL ASTERS

(Improved Ostrich Feather)

The Japanese Tassel Asters comprise one of the most beautiful of the comet or twisted class. Blossoms large, petals curled, twisted and incurved in the most beautiful and fascinating manner. These large, showy blossoms are produced in abundance on long stems and are especially useful for cutting.

128—MIXED. Many colors. Pkt. 5c.

158—ALL VARIETIES OF ASTERS MIXED. Wilt Resisting Strains. This mixture is grown by a California Grower who has over 100 acres of asters and grows all the wilt resisting strains. Hundreds of varieties. Large packet 10c.; 1/2 oz. 60c.; oz. \$1.00.

HARDY ASTERS

81—FINEST MIXED. These are very showy late autumn flowering plants. They form large clumps covered with thousands of showy flowers. Known as Michelmas Daisies. Pkt. 6c.; 2 pkts. for 10c.

ASTERMUMS

The Astermums are so named because they are a fancied cross between Asters and Chrysanthemums. They grow 18 to 24 inches high and each plant is a perfect bouquet of large, gracefully curled flowers. This race of Asters is very popular where known.

142—FINE MIXED. All colors in Astermums. Pkt. 6c.

143—ROYAL INVINCIBLE. Follows the July Queens. They are large, full and double with petals incurving in center similar to Autumn Beauties. They are continuous bloomers and no aster can take their place in late July. Wide range of colors in our mixture. Free from Aster Wilt. Pkt. 8c.; 2 pkts. 15c.; 1/4 oz. 35c.

AUTUMN BEAUTY ASTERS

Our Autumn Beauty Asters come into bloom in autumn ahead of Chrysanthemums. Blossoms large, full and double, slightly incurved petals and usually with a beautiful twist in center. They are borne on long stems and have no superiors for cutting or bouquets.

153—MIXED. Pkt. 5c.

Single Giants of California

154—Single Giants of California are now quite popular. Flowers very large, daisy like, on stems 18 to 24 inches long. Showy cut flower. Pkt. 5c.; 3 pkts. 12c.

AMERICAN BEAUTY

American Beauty Asters are larger and later than Autumn Beauty, coming into flower late and remaining in bloom till hard frosts. They branch freely and produce large incurved blossoms on long stems.

Any variety 8c. a packet.

129—PURPLE BEAUTY. Large perfect flower of a rich purple.

130—PEACH BLOSSOM. A delicate color that everybody loves.

131—LAVENDER BEAUTY. Large clear double light lavender.

132—SEPTEMBER BEAUTY. Delicate soft shell pink.

133—CRIMSON. Deep crimson.

134—WHITE. Large, full, pure white.

135—FINEST MIXED. Above and other American Beauty varieties mixed. 1/4 oz. 45c.

Any of the above American Beauty Asters 8c. a pkt. One packet of each of the seven for 34c.

Three Miniature AGERATUMS

Fairy Pink. Very dwarf and compact of a delightful soft salmon rose pink color. Pkt. 10c.

Blue Cap. Very dwarf and compact rich deep blue. Pkt. 10c.

Red Riding Hood. Very dwarf rose pink with dark pink center. Pkt. 10c.

These Ageratums bloom freely from June until frost making very fine border plants. We will mail one packet of each of the three for 25c.

ANTIRRHINUM or SNAPDRAGON

Snapdragons are among the most desirable of flowers for summer blooming. They come into bloom by July or August and flower freely till hard frosts. Will bloom in greenhouse all winter.

8 packets of Snapdragons all different, our selection for 25c.

Rustproof Snapdragons

In some localities Snapdragons are subject to rust. The University of California has succeeded in producing many strains which do not rust. This is a fine mixture of the best flowering sorts.

35—UNIVERSITY OF CALIFORNIA RUSTPROOF MIXTURE of best varieties. Pkt. 8c.; 4 pkts. for 25c.; ¼ oz. 70c.

GIANT RUSTPROOF

36—Giant Maximum Rust Proof Snapdragons. These are the tallest and largest flowered of all Snapdragons. Colors are superb, yellow, pink, red, white, bronze, etc. Each plant produces several spikes set with these immense beautifully formed flowers. Pkt. 10c.; 3 pkts. 25c.

37—PINK SHADES RUST-PROOF. A fine mixture of Rust-proof varieties in the shades of pink. Pkt. 8c.; 3 pkts. 15c.

MAJESTIC SNAPDRAGONS

Produce massive hyacinth-like spikes of large closely set flowers. The plant grows 1½ to 2 ft. tall and with the many attractive shades of color is wonderful for bedding or pot culture.

38—MAJESTIC MIXED. Large variety of splendid colors. Pkt. 8c.; 2 pkts. 15c.; 1/8 oz. 60c.

DEPOSIT BEDDING SNAPDRAGONS

39—OUR BEDDING SNAPDRAGONS include a great variety and wide range of colors. They are more dwarf and compact than the taller varieties, growing 18-24 inches high and branching to produce several spikes of bloom. Comes into bloom by July or August and flowers profusely. Good winter bloomers. Pkt. 5c.; 3 pkts. 12c.; ¼ oz. 70c.

FLORISTS FAVORITES

The following varieties are favorites of florists for winter blooming and they are equally well adapted for growing in the garden in summer.

The following are all 8c. a pkt. or any 4 pkts. for 25c.

40—AFTERGLOW. Rich golden bronze, produces long strong stocky spikes.

41—CHEVIOT MAID SUPREME. One of the most desirable. Early clear pink with markings.

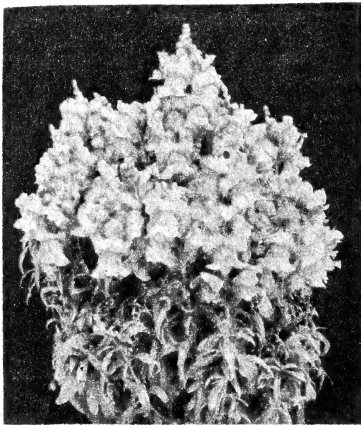

42—PRIMA DONNA. Buff pink with white throat.

43—GENEVA PINK. A good florist's variety with long sturdy stems. Clear pure rose pink.

44—CEYLON COURT. Beautiful early canary yellow. Blossoms closely set on strong wire stems.

45—JENNIE SCHNEIDER. Handsome pink shaded salmon. Same shade as Columbia Rose.

46—WHITE ROCK. Beautifully formed, free blooming, pure white. Best white Snapdragon to date.

MAJESTIC SNAPDRAGONS

47—NELL ROSE, IMPROVED. One of the most popular silver pink varieties. A good forcer.

48—PHILADELPHIA PINK. A very popular free blooming pure pink.

49—GOLDEN MONARCH. An intense deep golden yellow.

50—ROSE QUEEN. A delightful soft rose.

51—COTTAGE MAID. Very bright pink with white throat.

Above Florists Favorites 8c. a pkt.; 4 pkts. 25c.; the 12 for 55c.

GIANT SNAPDRAGONS

Giant Snapdragons produce larger, heavier stalks of bloom than others. Blossoms are not only large, but colors are rich and brilliant. The following varieties are extra fine and beautiful and must be seen to be appreciated. Spikes often 3 to 4 feet tall and closely set with large flowers.

62—NEW GIANT SNAPDRAGON MIXED. Blossoms much larger than ordinary Snapdragons. Color very rich. Grand as a bedding plant or for cut flowers.

69—LARGE FLOWERING MIXED. A grand mixture of large flowering Snapdragons in brilliant colors. Pkt. 5c.; 3 pkts. 12c.

70—ROCK GARDEN HYBRIDS SNAPDRAGONS. A special new extra dwarf strain suitable for rock gardens. Also beautiful for low borders or edgings. Pkt. 10c.; 3 pkts. for 25c.

AMMOBIUM

26—ALATUM. Pretty everlasting which when picked and dried retains its beauty for years. White. Pkt. 4c.; 3 pkts. for 10c.

ANEMONE (Perennial)

31—CAEN HYBRIDS (Poppy Anemones). Large variety of beautiful plants blooming mostly in the spring. Start seed in the shade. Pkt. 5c.

32—ST. BRIGID. Seeds saved from special strains of the finest double sorts. Colors brilliant and almost endless in variety. Pkt. 10c.

ANTHEMIS

33—KELWAYI. Very hardy and desirable. Produces daisy-like flowers of a golden yellow all summer. Showy and works well in bouquets. Pkt. 5c.

ANTHEMIS ART SHADES

34—NEW ART SHADES. Anyone who has grown the free flowering perennial Anthemis is pleased with the abundance of yellow flowers it produces. They are perfectly hardy and bloom for a long time. You can cut an armful from one plant. Always does well. Pkt. 5c.; 3 pkts. 12c.

ARABIS

71—ALPINA (Perennial). One of the earliest plants to bloom. Grows about 6 inches high and completely covers the ground with a carpet of white flowers. Fragrant and useful in borders or rock gardens. Pkts. 5c.

72—ROCK ROSE. A beautiful pink form of the hardy Alpine Rock Cross. One of the prettiest rock garden plants. It is a mass of pink flowers early in the spring. 3 inches high. Pkt. 8c.; 2 pkts. 15c.

ARCTOTIS

73—GRANDIS (Annual). Easily grown. Plants make a strong robust growth about 2 feet tall, and are most attractive on account of their silvery white, deeply cut foliage. The daisy-like flowers measure 2½ inches across. They are glistened with sky-blue eye surrounded by a narrow yellow zone. Pkt. 6c.; 2 pkts. 10c.

ARMERIA

74—GIANT THRIFT. A splendid variety with large flowers in various shades of pink. The plants grow 2 feet tall and bloom profusely throughout the summer. Pkt. 5c.

ARTEMISIA (Summer Fir)

75—SACCORUM (Annual). One of the most symmetrical and ornamental of plants. Called Christmas Tree Plant. Forms dense pretty bushes 3 to 5 feet high. Makes fine hedge or border plant. May be used for a single lawn specimen. Pkt. 6c.; 2 pkts. for 10c.

Asparagus Ferns

76—SPRENGERI. Called Emerald Feather Asparagus or Fern. One of the most popular and easiest grown of all house plants. Always does well and looks neat. Fine for pots or hanging baskets. Grows readily from seeds soaked in warm water. Pkt. 10c.

77—PLUMOSA NANA or ASPARAGUS LACE FERN. Very beautiful and useful for cutting or florists' work. Long fronds and can be trained to windows. Fine, delicate fronds of lace-like foliage. 25 seeds 10c.

78—PLUMOSA ROBUSTA. A grand new and showy variety of Lace Fern. Strong, vigorous grower. 15 seeds 10c.

We catalog the Best and Most Easily Grown Flowers, Varieties which do well in most places. We have omitted many things which are inferior to those mentioned to keep our list from becoming long and confusing.

BALSAM (Lady Slipper)

The Improved Double Balsams are among the showiest flowers for a bed by themselves or for single specimens. They form little tree-like plants 2 ft. high and are loaded with flowers until frost. Not desirable as a cut flower.

162—ROYAL CAMELLIA BALSAMS MIXED. Blossoms mostly blotched and spotted in beautiful shape. Pkt. 5c.

163—ROYAL ROSE BALSAM MIXED. Mostly solid color flowers. Resemble small roses. Pkt. 5c.

164—ROYAL SHOW MIXED BALSAMS. All colors of the finest double balsams in splendid mixture. Pkt. 5c.; 3 pkts. 12c.; ¼ oz. 20c.

165—BUSH FLOWERED BALSAMS MIXED. Different from others and very showy. Blossoms come out on top of stem and almost smother the foliage. Pkt. 10c.

BELLIS or DAISY

166—TUBULOSA MIXED. Magnificent large flowering strain in colors red, rose and white. Petals folded and quilled very artistically. Pkt. 10c.; 3 pkts. 25c.

167—SNOWBALL. Fine double white. Pkt. 5c.

168—LONGFELLOW. Double dark rosy red. Pkt. 5c.

169—CRISPA. Many quilled and fluted. Large rosy red. Pkt. 8c.

170—GIANT MIXED. A fine collection of all giant daisy or Bellis mixed. Pkt. 8c.; 2 pkts. 15c.

One packet of each of the 5 Bellis or Daisy for 25c.

AUBRETIA

159—FANCY MIXED. A dainty dwarf creeping plant indispensable in the rock garden. Fine where a mat of close foliage is desired. Plants are covered with a blanket of color in the early spring. Pkt. 8c.; 2 pkts. 15c.

Auricula

HARDY PRIMROSE

160—SHOW MIXED. A choice mixture of the hardy Alpine Auriculas or Primroses. They produce their richly colored, zoned and marked blossoms early in the spring. Pkt. 10c.

BALLOON VINE

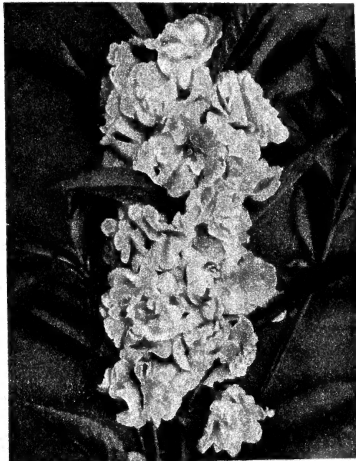

161—CARDIOSPERMUM HALICABABUM. Pretty annual vine growing rapidly to a height of 10 feet. Capsules containing seeds are ornamental. Also known as Love in a Puff. Pkt. 3c.; 4 pkts. 10c.

ASPERULA

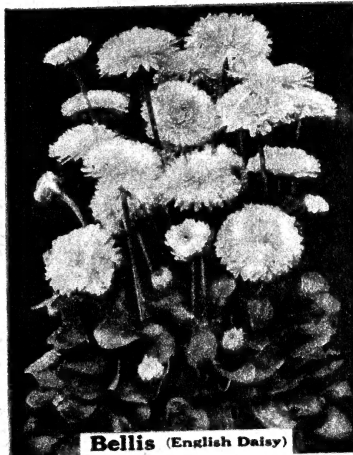

Sweet Woodruff

79—Very desirable evergreen creeping perennial. Covered with white blossoms in the spring. Indispensable for rock gardens and ground covers. Pkt. 5c.

80—AZUREA SETOSA. Quick-flowering annuals blooming freely during June and July. Flowers borne in neat little clusters, funnel-shaped, and of a bright, rich azure-blue color. Pkt. 5c.; 3 pkts. 10c.

Balsam or Lady Slipper.

Bellis (English Daisy)

DOUBLE TUBEROUS BEGONIA.

BEGONIA

One of our best known house plants. Bears large quantities of lovely flowers of wax-like texture and in many soft and exquisite shades. Seeds very fine, but with proper care will grow and bloom in 6 to 8 months.

171 — GUSTAV KNAAKE. Resembles the popular Lorraine. Produces in abundance, large bright, carmine-crimson flowers. 1½ to 2 inches across. Fine pot plant. Pkt. 15c.

172—THE QUEEN. New. Very large flowered pink. Dark green foliage Pkt. 10c

173 — BEGONIA GRACILIS LOVERS GLOW. Are loaded in winter with flowers and make a charming sight. Foliage is handsome and rich. Pkt. 10c.

174—BEGONIA VERNON. Blossoms a bright rich orange carmine; produced in greatest profusion. Foliage a rich red. Pkt. 300 seeds 8c.

175—PRIMA DONNA. Pretty rose shading to carmine. 200 seeds 8c.

176—WURTHEMBERGIA. Everblooming variety with large scarlet flowers. Pkt. 10c

177—CRISTATA. Finest class of Tuberos Rooted Begonias with large fringed flowers in many colors. Pkt. 15c.

178—TUBEROUS ROOTED BEGONIA. Finest mixture of these grand summer bloomers. Pkt. of 150 seeds 10c.

179 — DOUBLE TUBEROUS ROOTED. Seed of the finest double sorts. Will produce some single, but all will be good. 100 seeds 25c.

180 — PERPETUAL FLOWERING BEGONIA. A large class which blooms freely and continuously. 500 seeds 5c.

One packet each above Begonias, 85c.

BAPTISIA

181—AUSTRALIA (Perennial). Strong growing plant 2 to 3 ft. high with deeply cut bluish-green foliage and spikes of dark blue pea shaped flowers produced throughout June and July. Pkt. 5c.

BOCCONIA (Plume Poppy)

182—BOCCONIA JAPONICA CORDATA. Plume Poppy. Tree Celandine. A noble hardy perennial with large, glaucous leaves and tall flower-stems with terminal panicles of white flowers. Useful for planting as a background in large beds. July, August, 4 to 8 ft. Pkt. 5c.; 2 for 10c.

BROWALIA

183—MIXED. Profuse bedding plants covered with rich beautiful winged flowers during the summer and autumn. Very showy especially the blue. Will flower in the house during the winter. Pkt. 8c.; 2 pkts. for 15c.

CALCEOLARIA

184—GIANT FLOWERING MIXED. Showy, highly prized winter bloomers. Plants loaded toward spring with novel, richly colored pouch-like flowers, beautifully spotted and blotched in exceedingly rich and varied colors; of perfect form and fine substance; of perfect habit of the plants dwarf and compact and very fine flowering. Our Giant Flowering sorts are handsomely penciled and spotted. Pkt. 15c.

Any 3 ten cent packets of flower seed in this catalogue for 25c.

JUST REMEMBER that if you wish seeds sent C. O. D. that you must send a remittance to cover postage

CALENDULA

Calendulas, Pot Marigolds or Scotch Marigolds are old fashioned flowers which have gained rapidly in popularity during the last few years. They make a wonderful show as bedding plants, blooming all summer and fall. They are also largely used for winter blooming in greenhouses. Colors, all shades of yellow, deepest orange, apricot, etc.

185—ORANGE SUNSHINE. A new sort of the chrysanthemum flowered type. A companion to Chrysantho or Sunshine. A deep orange. A superior cut flower. Pkt. 8c.

186—CHRYSANTHA OR SUNSHINE. Similar to Orange Sunshine except color which is a light lemon yellow. They differ from other Calendulas in that the petals fold back like a chrysanthemum. A fine cut flower. Pkt. 7c.

187—CAMPFIRE OR SENSATION. Handsome double rich orange with a crimson sheen. Very showy, might be termed Picotee. Pkt. 5c.

188—ORANGE SHAGGY. Different from all others. Petals long and deeply cut or fringed. Color a deep orange shading toward center giving it a two toned effect. Fine stems for cutting. Pkt. 5c.

189—NEW ART SHADES. These art or pastel shades are new shades of apricot, cream, white, orange or lemon. The flower types vary as well as the colors. All suitable for bedding or cut flowers. Pkt. 8c.

190—MAMMOTH ORANGE. A large deep orange, very double. Considered one of the best in Europe. Pkt. 5c.

191—RADIO MIXED. Includes the light and dark orange shades in this beautiful class of quilled Calendulas. Petals handsomely folded like a cactus dahlia. Pkt. 5c.

192—BALL'S IMPROVED ORANGE. Splendid florists' variety with rich orange flowers. Pkt. 8c.

193—BALL'S GOLDEN. Long stems, very double, deep golden color. Pkt. 8c.

194—FINEST DOUBLE MIXED. All colors. Pkt. 5c.; 3 pkts. for 12c.; ½ oz. 25c.

One packet of each of the above Calendulas for 35c.

CALLIOPSIS

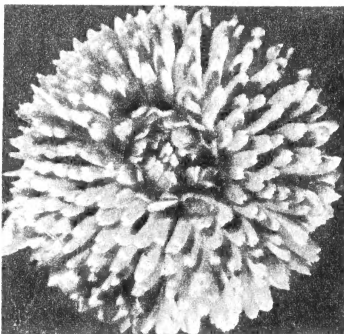

Showy and beautiful free flowering annuals of the easiest culture doing well in any sunny position, blooming all summer and excellent for cutting and massing. It is best to sow them where they are to bloom, thinning out to stand 6 to 8 inches apart. Colors mostly shades of yellow and maroon.

195—GOLDEN WAVE. Rich, golden yellow with brown centers. Flowers borne on long wiry stems. Fine for bouquets. Pkt. 5c.

196—CORONATA. Excellent cut flowers, long, wiry stems; yellow shading to old gold. Pkt. 5c.

197—DWARF CRIMSON KING. One of the best new Calliopsis. Wonderfully free bloomer and unsurpassed for beds and mass effects. Pkt. 6c.; 2 pkts. 10c.

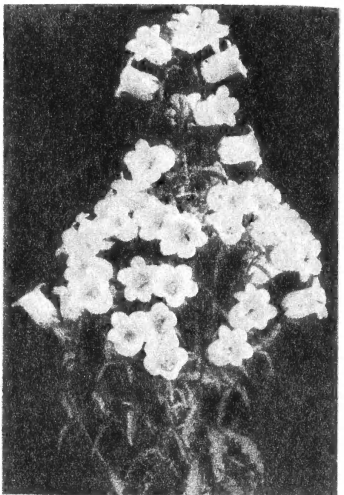

198—FINE MIXED. Fine for beds or massing. Mixed colors. Double and single. Pkt. 4c.; 3 pkts. 10c.; ½ oz. 25c.

Campfire or Sensation

Chrysantha or Sunshine

Canterbury Bells

CAMPANULA

ANNUAL CANTERBURY BELL

The Annual Canterbury Bell resembles the biennial. However seed sown in February or March will bloom by July or August. Plants grow 2 to 3 ft. tall, sending up 6 to 8 strong stems which are loaded with beautiful bell-shaped blossoms from summer till frost.

199—MISSION BELLS is a new color in Canterbury Bells, a beautiful clear, soft pink color. The spike is large and most attractive. Pkt. 10c.

200—ANGELUS BELLS is an art shade of deep rose. A very distinct and charming color. Pkt. 10c.

201—LIBERTY BELL is an intense violet blue. Flowers large and attractive. Each plant throws up 6 to 8 spikes. Pkt. 10c.

202—WEDDING BELLS is a new pure white annual Canterbury Bell blooming in less than five months after seed has been sown and continuing until heavy frosts. Plants compact, base branching with large center spike surrounded by 8 to 10 smaller spikes. Pkt. 10c.

203—MIXED ANNUAL CANTERBURY BELLS. A mixture of all the annual Canterbury Bells. Pkt. 8c.; 2 pkts. 14c.

One packet each of the five new Annual Canterbury Bells for 25c.

BIENNIAL CANTERBURY BELL

The Canterbury Bells are one of the most prized of garden flowers. They form a branching plant 2 to 3 feet high and are loaded for a long time with large bell-shaped flowers about the size of a lady's thimble.

204—CUP AND SAUCER. Very showy blossoms resemble a cup and saucer. Pkt. 5c.; 3 pkts. for 12c.

205—DEAN'S HYBRIDS. Best and newest, strains in all Canterbury Bells. Pkt. 5c.; 3 pkts. for 12c.

206—SHOW MIXED. Double and single Canterbury Bells Mixed. Pkt. 4c.; 3 pkts. for 10c.

HARDY CAMPANULAS

207—PERSICIFOLIA LADYHAMS GIANT STRAIN. Tall stately plants 4 to 5 ft. high producing immense flowers in various shades. Pkt. 10c.

208—ROTUNDIFOLIA (Blue Bell of Scotland). A variety famous in song and story. Grows about one foot high with branching wiry stems and graceful drooping blue bell shaped flowers. Pkt. 10c.

209—CARPATICA. Carpathian Harebell. Charming bright blue cup-shaped flowers; in bloom all summer; splendid for rockeries and edgings. 9 inches. Pkt. 8c.

210—PERSICIFOLIA B L U E (Peach Bell). Stately spikes, 4 feet tall, with immense blue bell-shaped flowers. Pkt. 10c.

211—PYRAMIDALIS — CHIMNEY BELL FLOWER. A cold variety, forming a perfect pyramid 4 to 6 feet high, crowded with large bell-shaped blue flowers. August. September. Pkt. 5c.

212—VENICE LOOKING GLASS (Campanula Speculum). Pretty hardy annual with 5 lobed blue flowers. Good for edging. Blooms in early summer. 9 inches high. Pkt. 5c.

Calendulas bloom quickly and freely from seed and make a fine show in the garden.

CANDYTUFT

Very showy little flower blooming in a few weeks from sowing seed. Fine for beds, borders or edging.

214—LITTLE PRINCE. One of the most charming varieties we ever saw. Grows only about 3 inches high and is unexcelled for a border or row. Pure white. Pkt. 5c.; 4 pkts. 15c.

215—ROSE CARDINAL. One of the most desirable. Rich rose-cardinal color. Pkt. 5c.

216—BORDER HYBRIDS. Beautiful dwarf varieties of Candytuft in mixture, fine for beds and especially used for borders and edgings. Pkt. 5c.; 3 pkts. 12c.

217—MIXED CANDYTUFT. All varieties and colors in annual Candytuft. Blooms in 4 to 6 weeks after sowing and is excellent for borders, beds or cutting. Pkt. 4c.; 3 pkts. 10c.; oz. 25c.

One packet each of above Annual Candytuft for 15c.

HARDY CANDYTUFT

Hardy evergreen plants, making a magnificent showing the second year from seed. They bloom very early, cushioning rock ledges, borders, etc., with banks of bloom. Sow outdoors in spring or fall in any sunny place. 6 to 10 inches high.

218—SEMPERVIRENS. A profuse white-blooming hardy perennial, coming in flower early in the spring; much used for rockeries, etc. Pkt. 10c.

219—LIBRALTARICA. Evergreen Candytuft. Handsome pure white flowers, tinted rose-pink. Splendid for rockeries and natural plantings. Pkt. 6c.; 2 pkts. 10c.

CANARY BIRD FLOWER

215—An interesting, beautiful and desirable annual climber which grows very rapidly, reaching a height of 10 to 20 feet early in the season, and is loaded with canary colored blossoms which resemble the expanded wings of the Canary Bird. One of our most desirable climbers. Pkt. 4c.; 3 pkts. 10c.

CANNA—Indian Shot

Handsome, stately foliage plants with large glossy leaves and showy flowers, suitable for center of bed, clumps or masses on lawns, etc. Soak seed to soften shell before planting.

220—FANCY MIXED. All tall sorts including new hybrids. Pkt. 4c.; 3 pkts. 10c.; oz. 20c.

221—CROZY'S FANCY LARGE FLOWERING. An extra fine mixture of this large flowering class. Pkt. 5c.; 3 pkts. 12c.

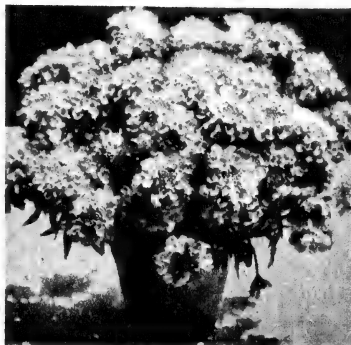

222—CROZY'S NEW DARK LEAVED HYBRIDS. An extra fine strain of new dwarf cannas with bronze and red foliage. Pkt. 10c.

Chinese Wool Flower

235—CRIMSON WOOL FLOWER. Plants about two and one-half feet high, branch freely and produce large globular, purplish crimson flowers which resemble a ball of brilliantly colored wool. None of the blooms fade in any way until hit by frost, but all continue to expand and glow with deepening richness of color, a dark crimson-scarlet. Pkt. 10c.

236—FIREBRAND. Bright fiery scarlet. A plant everybody will notice and want to grow when they see it. About 15 inches high and the large showy heads grow larger and brighter till killed by frosts. Pkt. 8c.

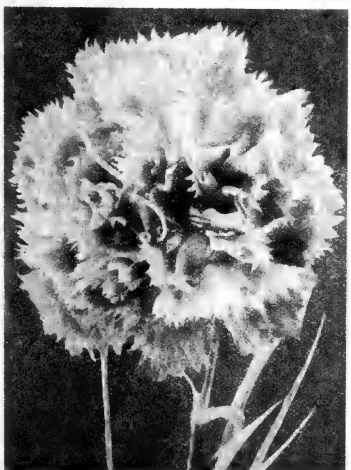

237—MIXED. Includes yellow, pink, crimson, white, scarlet, etc. Pkt. 5c.; 3 pkts. 12c.

Candytuft.

CALLIOPSIS

CHAUBAUD'S GIANT IMPROVED CARNATION

CARNATION

Universal favorite, both with the amateur and florist. The best double sorts of today are unexcelled in their various colorings and remarkable beauty, to which is added delightful fragrance. Nearly all come double from seed.

223—MARGUERITE MIXED. The most popular class. Blooms in four months from seed. Fine for outdoor or house. Many colors. Pkt. 5c.

224—D. S. C. EARLY GIANTS. A grand race of the Marguerite type, with extra large flowers two or three inches in diameter, which bloom in a few months from seed and usually survive the winter outdoor, blooming profusely the next season. If potted, will bloom well in house in winter. Compact, robust growers and produce a great variety of handsome flowers. Pkt. 10c.; 3 pkts. 20c.

225—NEW IMPROVED GIANT CHABAUD CARNATION. One of the most extensive Carnation growers of the world says this is the finest strain of Carnations grown from seed. They have been greatly improved in size, doubleness and colorings. Plants robust and sturdy. Bloom in about 6 months from seed. Clove scented. Pkt. 15c.; 2 pkts. 25c.

226—ENFANT DE NICE. Plants robust, upright in habit, free blooming, producing large double flowers on long sturdy stems. Pkt. 15c.; 2 pkts. 25c.

227—DOUBLE GRENADIN MIXED. One of the finest types of hardy Carnations. Blossoms in all colors from deep scarlet to white. Pkt. 15c.

228—DOUBLE DWARF VIENNA. Plants dwarf and compact making a fine display. Pkt. 8c.

229—DOUBLE MIXED. Fine selection of the choicest varieties of hardy garden carnations. Pkt. 10c.

Celosia—Coxcomb

230—PRESIDENT THIERS MIXED. These grand Coxcombs produce one immense head of rich, glowing colors, densely corrugated. Everyone expresses much interest in these beautiful, curious plants. The glowing purplish red, etc., is extremely gorgeous. Easily and quickly grown from seeds. Pkt. 10c.

231—FIRE KING COXCOMB. Massive heads a bright fiery red. One of the most showy and curious plants imaginable. Pkt. 10c.

232—MAGNIFICENT FEATHERS. One of the showiest of garden annuals yet seldom seen. Superb new varieties of these grand Celosias, rich and dazzling in color effect. Large feathery heads produce a grand show either in beds, in the lawn or in bouquets. Always attract admiration. Pkt. 8c.

233—CRIMSON PLUMES. These magnificent plants grow and bloom quickly from seed, producing a dazzling effect either in beds or bouquets that can hardly be equaled by any other plants. The glowing crimson-scarlet show wonderfully well in bouquets. Pkt. 8c.

234—PRIDE OF CASTLE GOULD. Grandest of all Celosias. Plants grow compact and pyramidal and produce immense flower heads, resembling willow plumes in many remarkable shades. Pkt. 10c.

CENTUREA (Bachelor Button)

238—JUBILEE GEM. Plants neat, dwarf, compact growth, covered with vivid blue double flowers of unusual brilliancy. Fine plant for edging, borders or rock gardens. 1 ft. high. Received an All American Award of Merit. Pkt. 8c.; 2 pkts. 15c.

239—BLUE BOY. A new deep blue Bachelor Button, full and double. Desirable for cut flowers. (Grows 2 ft. tall. Pkt. 6c.; 2 pkts. 10c.)

240—RED BOY. The best red to date and a fine companion for Blue Boy. Double and an attractive color. Pkt. 6c.; 2 pkts. 10c.

241—FLORISTS PINK. A delicate double sweet scented pink. Stems long. Keeps well when cut. Pkt. 8c.

242—FLORISTS WHITE. Has the same charming artistic flowers as the pink and blue but the color is pure white. Pkt. 8c.

243—FLORISTS BLUE. Very rich deep blue. Large double blossoms are on stiff stems. Pkt. 8c.

244—FLORISTS LAVENDER. Light blue or lavender. Pkt. 8c.

245—FLORISTS MINIATA. Mauve or brick red. Pkt. 8c.

One packet each of the 8 Florista Centureas for 35c.

246—CYANUS MIXED DOUBLE. The new double strains of the old-fashioned Bachelor Buttons, much improved in coloring and form. Pkt. 8c.

247—VICTORIA. Handsome bedding Centurea or Bachelor Button. Plants form a solid, compact bush and are loaded with blossoms. Pkt. 8c.

248—IMPERIALS (The Imperial Centureas). Flowers finely lacinated, about the size of a Carnation and almost as desirable to cut. Produced on long stems with a somewhat flattened disc and fringed margin. Many colors. Pkt. 8c.

249—AMERICANA. Largest of the annual Centureas. Grows 3 ft. tall and bears a profusion of mammoth blossoms 3 to 4 inches across. Petals are long and delicate and of a bright lilac blue shade. Pkt. 7c.; 2 pkts. for 10c.

250—MONTANA (Hardy Cornflower). Lovely large thistle-like blue flowers carried on stems 2 feet long. Blooms freely from late April until the end of June and is perfectly hardy. Pkt. 10c.

251—GYMNOCARPA (Dusty Miller). The leaves of this ornamental perennial border plant are a silvery gray and deeply cut. It contrasts finely with green foliage and is effective when mixed with other plants especially in window boxes. Pkt. 8c.

CERASTIUM Snow in Summer

252—TOMENTOSUM (Perennial). Low prostrate spreading plant with attractive white foliage. It sends up many stems with clusters of white star-shaped flowers. Resembles a bed of snow. Blooms for a long period. Pkt. 7c.; 2 pkts. 12c.

CHEIRANTHUS

(Siberian Wall Flower)

253—GOLDEN BEDDER 'or PRIMROSE QUEEN is a new Siberian wallflower or Cheiranthus. Very hardy and showy. Continuing in bloom a long time. Pkt. 6c.; 2 pkts. for 15c.

254—ALLIONII (Biennial). Bright showy plant about one foot high which blossoms continuously throughout the summer. Its many spikes of rich wallflower yellow are strikingly beautiful. Pkt. 6c.; 2 pkts. for 10c.

Florists Centureas

CHRYSANTHEMUM SINGLE ANNUAL

CINERARIA

CHRYSANTHEMUM

Annual Varieties

255—RADIATUM HYBRIDS. Quick growing annual chrysanthemum with beautifully zoned star shaped flowers. Very showy. Pkt. 5c.

256—NEW DOUBLE YELLOW-STONE. Beautiful new double chrysanthemum of large size and a pleasing light lemon color. Easily grown from seed soon in spring. Blooms by August. Pkt. 8c.

257—NIVELLI. A beautiful new annual Chrysanthemum with large, single, pure yellow blooms, 2 inches across. Fine long stems. 2 feet tall. Pkt. 5c.

258—TRICOLOR. Good summer bloomers with attractively cut foliage and showy blossoms about the size of daisies. Flowers are ringed, zoned and marked in mottly colors. Pkt. 5c.; 3 pkts. for 10c.

259—ANNUAL MIXED. Great variety of colors in both double and single. Good bedding plants which bloom well in summer and fall from spring sown seed. Pkt. 4c.; 3 pkts. for 10c.

260—BRIDAL ROBE. One of our prettiest flowers although seldom seen. Plants are compact and attractive. Foliage is feathery and fine. Produces an abundance of double snowy white flowers. Fine for bedding plant or cut flowers. Pkt. 5c.; 3 pkts. for 12c.

Winter Flowering

The 3 following Chrysanthemums grow readily from seed and produce handsome flowers in fall and early winter.

261—JAPANESE MOUNTAIN. A very small plant from the mountains of Japan and Korea, bearing clusters of small flowers. Easily grown from seed and very attractive. Pkt. 15c.; 2 pkts. 25c.

262—EARLY FLOWERING MIXED. A race of Chrysanthemums flowering five months after sowing seed. A rich variety of desirable colors. Blossoms double and semi-double. Fine for cut flowers. Pkt. 15c.

263—JAPANESE MIXED. These are the handsome, large, twisted and curled Chrysanthemums, which florists sell in autumn. They are the most desirable of all plants for November and December, flowering in the house. Seed sown early will bloom first year. Pkt. 10c.; 3 pkts. 25c.

Chrysanthemums like most double flowers will produce some single flowering plants.

CINERARIA

One of the handsomest and most easily grown of all house plants. Seed sown in spring or early summer produces plant which commences to bloom in early winter and are loaded with flowers for a long time.

264—NANA MULTIFLORA. Very dwarf and symmetrical. Each plant makes a perfect bouquet. Blossoms large and finest coloring. Very profuse bloomers. Pkt. 25c.

265—IMPROVED DWARF. A selection of very rich colors in dwarf symmetrical plants. Pkt. 20c.

266—CACTUS HYBRIDS OR STAR. A charming variety with large spreading panicle of starry flowers in great variety of colors. Showy. Pkt. 10c.

267—FINEST MIXED GIANT IMPERIAL CINERARIAS. Mammoth sized blossoms in splendid colors. Pkt. 10c.; 3 pkts. 25c.

COLUMBINE

Honeysuckle (Perennial)

Columbine, Aquilegia or Honeysuckles are among the hardiest and most desirable of all our perennials. Plants increase in size and bloom profusely year after year. No border or rock garden is complete without them.

217—MRS. SCOTT ELLIOTT'S STRAIN. Flowers extra large and spurs extra long. Acknowledged to be the finest selection of long spurred varieties known. Pkt. 10c.; 3 pkts. for 25c.

278—GRANDIFLORA ALBA. A handsome new white Columbine with very long spurs. For forcing. Beautiful in the garden or in bouquets. Pkt. 7c.

279—JAETSCHAUL. A fitting companion for the above, together the contrast is gorgeous. A unique yellow with red points. Pkt. 8c.

280—CLEMANTICULA. One of the finest of all Columbines. A cross between a Columbine and Clematis. Very showy and rare. Pkt. 8c.

281—LONG - SPURRED HYBRID COLUMBINES, MIXED. Represent some clear cut, beautiful combination of colors. They are among the choicest and most easily grown of perennial plants. Everybody likes them. Pkt. 7c.; 3 pkts. 15c.

282—GLANDULOSA MAJOR. Very beautiful rich dark violet with a white corolla. Showy and striking. Pkt. 7c.; 2 pkts. for 10c.

283—NEW HYBRIDS. A very showy mixture of new and rare Columbines (Honeysuckles) of bright and pleasing combinations of colors. Very hardy and blossom profusely year after year, giving you a supply of handsome flowers before the annuals bloom. Pkt. 5c.; 3 pkts. 12c.

One packet each of above Columbines for 35c.

CLARKIA

Very showy plant producing its beautiful spikes of showy double flowers in less than two months from sowing seed. Fine for bedding or cut flowers.

268—NOVELTY MIXTURE. All the new and fancy varieties of the popular Clarkia in a fine contrasting mixture. One of the most desirable of easily grown annuals. Pkt. 7c.; 2 pkts. 10c.

269—DOUBLE MIXED. Very large variety of colors in double flowers. All Clarkias are continuous showy bloomers. Pkt. 5c.; 3 pkts. 12c.; 1/2 oz. 25c.

CLEMATIS—Hardy Vine

270—PANICULATA. One of our most admired hardy vines. Foliage a beautiful green. Grows 10 to 12 feet in a season. Loaded in the fall with thousands of white blossoms. Pkt. 5c.

Cobaea (Cathedral Bells)

271—SCANDENS. One of the best and most rapid growing climbers, attaining a height of 20 feet in a season. Flowers large, bell shaped, and deep violet blue, which change to purple lilac. Plant seed edge down very early in house or hot-bed. Do not water too much. Pkt. 5c.

272—DOUBLE WHITE. A new double white flowering variety. Very pretty. Pkt. 5c.

COSMOS

291—SENSATION MIXED. The blossoms are larger than any other Cosmos, and they may be had in about ten weeks after the seed is sown. Flowers grow 4 to 6 inches across and come in deep and light pink as well as white. The bushy plants grow 4 to 8 feet tall and are very free flowering. Pkt. 10c.

292—EARLY EXPRESS. Earlier and dwarfer than others. Blooms profusely in 2 months from sowing seed. Pkt. 6c.; 3 pkts. for 20c.

COSMOS Orange Flare

293—Everyone who has seen Orange Flare in blossom is in love with it. Plants grow about three feet tall, bushy and branching and are loaded from July till frost with their bright orange blossoms. You could pick a bouquet on a single plant. Stems long and wiry. An excellent cut flower. Our beds of this were a glow of dazzling deep orange color throughout the autumn and received the applause of all who saw it. Pkt. 8c.; 2 pkts. 15c.

EARLY GIANT COSMOS

These bloom later than Express but much earlier than the ordinary Cosmos. They produce their beautiful colors and stately splendor from July till frosts.

294—EARLY GIANT CRIMSON. Crimson red. Pkt. 5c.

295—EARLY GIANT ROSE. Delicate shell shaded rose-pink. Pkt. 5c.

296—EARLY GIANT WHITE. Pure white. Pkt. 5c.

297—EARLY GIANT MIXED. Mixed colors. Pkt. 5c.

One packet of each of the above Early Giant Cosmos for 15c.

298—LATE GIANT COSMOS MIXED. Late Giants grow larger, have more finely cut foliage and bloom more profusely. If sown outside will not bloom until about October 1st. Pkt. 4c.; 3 pkts. for 10c.

New Early Double Crested or Anemone Flowered Cosmos

Crested Cosmos is one of the most desirable plants for cut flowers. Plants similar to other Cosmos in habits except that a good per cent have double or crested crowns which give them a very dainty and exquisite appearance.

299—EARLY WHITE QUEEN. Beautiful white with full double Crested Center. Pkt. 10c.

300—EARLY MALMAISON PINK. New early Crested Pink. Pkt. 10c.

301—EARLY CRESTED CRIMSON KING. Rich crimson color. Very showy. Pkt. 10c.

302—MIXED EARLY CRESTED. 4 or 5 sorts in mixture. Pkt. 10c.

One packet each 4 Early Crested Cosmos 30c.

303—LATE CRESTED COSMOS MIXED. Similar to early but plants are larger 5 to 7 ft. tall, and bloom later. Grand plant for hedge or foliage. Pkt. 10c.

For Convolvulus Major see Morning Glory.

COLEUS

274—**COLEUS MAGNIFICENT.** Most ladies who grow plants are aware that Coleus seed sown early in spring produces nice plants for mid-summer. Our Magnificent strain is noted for richness of coloring, large beautiful leaves and quick growing. Pkt. 15c.

275—**MAMMOTH LACINIATED AND FRINGED.** An extra fine strain of bright colors with leaves cut, fringed and frilled in the most fascinating manners. Pkt. 25c.

276—**RAINBOW MIXED.** A very choice assortment in all colors of the Rainbow. These Handsome Foliage plants grow readily and quickly and make admirable bedding or pot plants. Pkt. 10c.

Coix (Job's Tears)

273—Beautiful grass with hanging, bead-like heads. The seeds are frequently used as an old-fashioned remedy for sore throat, colic and teething babies. They are strung on a linen thread and worn around the neck as a charm. Pkt. 3c.; oz. 10c.; ¼ lb. 35c.

Convolvulus Minor

(Dwarf Morning Glory)

284—**MIXED (Annual).** Bushy little plants called "Noon Day Glory" covered with blossoms during the day which resemble morning glories. Pkt. 4c.; 3 pkts. for 10c.; oz. 25c.

Coreopsis (Perennial)

One of the showiest of all yellow plants and one of the best for bouquets. Sure to grow and do well. Each plant produces hundreds of yellow flowers an inch or more in diameter borne on long wiry stems 2 ft long. Continuous bloomers.

285—**DOUBLE SUNBURST** is the Prince of double early flowering Yellow Flowers. Nothing takes the place of Coreopsis for an early and continuous bloomer. Has the beautiful yellow of the California Sunbeams and the added effect of brilliancy through doubling of petals. Flowers 2 to 3½ inches across, deep golden yellow. Stems long. Keeps well. A grand cut flower. Pkt. 10c.; 3 pkts. 25c.

286—**MAYFIELD GIANT.** Extra large and desirable. Pkt. 8c.

287—**AURICULAFLORA.** Similar to above but with an Auricula eye or dark brown disc in the center. Pkt. 8c.

288—**DOUBLE.** Much like the California Sunbeams except flowers have extra rows of petals. Double and Semi-Double. Pkt. 8c.

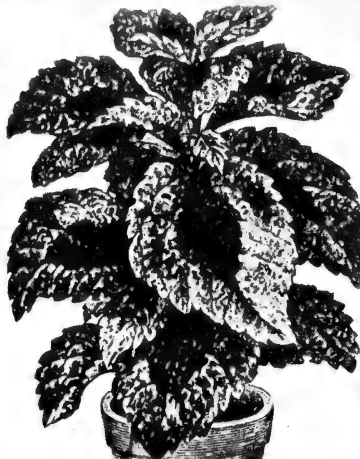

289—**CALIFORNIA SUNBEAMS.** Loaded all summer with handsome golden yellow flowers on long stems. Commence to bloom in June. Pkt. 5c.; 3 pkts. for 10c.

Cosmidium

290—**ORANGE CROWN.** 2 ft. The flowers are golden yellow with a broad circle of a rich orange around the disc, a pleasing combination. Plants produce a succession of bloom all summer. Pkt. 10c.

Crucianella

304—**STYLOSA.** Very delicate, pretty little plant for the Rock Garden. Sends up numerous clusters of blue flowers. Pkt. 5c.

Magnificent Coleus

Coreopsis Double

Cyclamen—Persicum Gigantum.

CYCLAMEN

Charming house plants, with beautiful foliage and rich colored, fragrant flowers; universal favorites for winter and spring blooming. May be successfully raised from seed with a little care and patience. Seed sown in spring produce blooming plants by the following winter.

305—**AMSTERDAM GIANTS.** A grand strain producing immense blossoms 3 to 4 inches across. Seed sown in spring produce blooming plants the next winter. One of the grandest of all plants for winter blooming. Vigorous. 20 seeds 15c.

306—**ORCHID FLOWERING.** This lovely Cyclamen with large, frilled flowers in all colors is also called Butterfly Flowered. The blossoms are unique and handsome, always attracting great attention. 10 seeds 15c.

307—**D. S. C. GIANTS.** A mixture of all varieties with large, handsome flowers. 15 seeds 10c.

Cynoglossum

308—**AMARILE CHINESE FORGET-ME-NOT.** 18 to 24 inches. A lovely plant producing large sprays of brilliant blue Forget-Me-Not-like flowers. Grows easily and blooms for a long season. A most delightful addition to our list of blue flowers. Pkt. 5c.

309—**NEW PINK.** A lovely pink form of the Chinese Forget-Me-Not. Pkt. 6c.; 2 pkts. 10c.

Cardinal Climber

(Ipomoea Quamoclit)

310—A splendid new climber that has created a sensation wherever grown. Climbs to a height of 20 to 30 feet and is covered with beautiful red blossoms shaped like the Morning Glory. Leaves are deeply lacinated and are in themselves very decorative. We believe that everyone will be more than pleased with the Cardinal Climber. Pkt. 10c.

Cypress Vine

311—**FINE MIXED.** Pretty, delicate climbing annual vine, growing about 15 feet in a season. Foliage dark green and feathery and interspersed with bright star-shaped flowers, scarlet, rose and white, which form an elegant contrast to the graceful foliage. Pkt. 4c.; 3 pkts. 10c.

Tahoka Daisy

317—**TAHOKA DAISY** is very early grown, blooms early and remains in bloom until fall. Foliage is fern like and flowers are 2 to 3 inches across. Rays are a lila blue and centers are yellow. A free blooming desirable cut flower growing 1½ to 2 ft. high and branching freely. Pkt. 10c.

Heteropappus—Blue Daisy

318—**BLUE DAISY** is one of the finest and showiest plants for late summer and autumn flowers. Plants are buried in a mass of Marquerite like blossoms 1 to 1½ inches across which last well when cut. Color a beautiful lavender blue with a bright yellow central disc. Pkt. 8c.; 2 pkts. 14c.

Order Flower Seed by the
Number placed before each
variety.

DAHLIA

Dahlias may be grown successfully from seed and will blossom the first season. Start seed very early in the house or outdoors and transplant as you would tomatoes. Soil should be very rich as they are good feeders and do not bloom well in poor soil. Some plants will come single from the best double seed and any not wanted may be discarded.

312—UNWIN'S HYBRIDS. A lovely free flowering class of dwarf dahlias blooming by midsummer from seed sown in the spring. They form a pretty dense plant about 2 ft. high and are loaded with double and semi-double flowers in many bright and attractive colors. Pkt. 10c.; 3 pkts. 25c.

313—ORCHID FLOWERED. Petal beautifully twisted and curled. Many colors mixed. Pkt. 15c.

314—D. S. C. DOUBLE. An extra choice selection of finest double sorts. Pkt. 10c.

315—COLTNESS HYBRIDS. Very dwarf bushy plant producing single flowers in abundance. Many striking colors. Pretty for beds or borders. Pkt. 8c.; 2 pkts. for 15c.

316—DOUBLE MIXED. A good mixture of double sorts. Pkt. 5c.

One packet of each of above Dahlias 35c.

Shasta Daisy

Shasta Daisies are a species of hardy single chrysanthemums and resemble common field Daisies. Some bloom much earlier and others are later continuous bloomers.

319—EARLY CONQUEROR. A giant flowering Shasta Daisy which comes into bloom very early. Pkt. 8c.

320—FRINGED BEAUTY. A very decorative pure white with fringed curly flowers. Pkt. 8c.

321—BALL'S SELECTED ALASKA. Flowers are extremely large and graceful with three or more rows of petals of the purest glaucous whiteness and borne on single, stiff, wiry stems nearly 2 feet long. Pkt. 10c.

322—THE SPEAKER. One of the largest and best European productions. The mammoth white flowers are produced on long stems. Blooms from June till October. Pkt. 10c.

323—KING EDWARD. Considered one of the best of the Shasta Daisies. Easily grown from seed and blooms profusely the second season. Flowers large, pure white, with yellow centers. Pkt. 10c.

One packet each of the 5 Shasta Daisies for 25c.

BUTTERFLY DELPHINIUM

334—BLUE BUTTERFLY. A charming Larkspur of Delphinium producing rich salvia blue flowers in abundance. One of the showiest and most easily grown plants, succeeding everywhere. Blooms first season from seed. Pkt. 8c.

Liberty Larkspur

335—This desirable free and continuous blooming Butterfly Delphinium is extremely attractive and showy. Seed sown early blooms from mid-summer till late autumn. Handsome cut flowers. Pkt. 10c.; 3 pkts. for 25c.

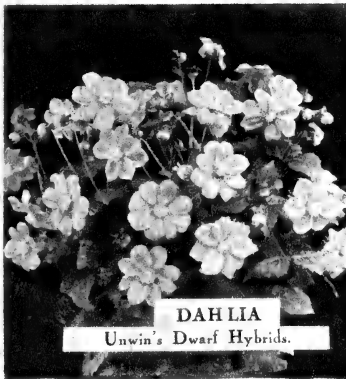

336—CAMBRIDGE BLUE is a beautiful luminous light blue of a brilliant and pleasing shade. Good bloomer. Continuous bloomer. Pkt. 8c.

Hollyhock Strain Delphinium XXX Mixed

SHASTA DAISY

DAHLIA Unwin's Dwarf Hybrids.

DELPHINIUM

The Delphinium or Hardy Larkspurs are popular and useful perennials both for cut flowers and florists use. The shades of blue are unequalled by any other flowers. They grow readily in any soil from seed or division of plants. After the first blossoms are cut they send up a second crop of flowers.

324—NEW BELLADONNA HYBRIDS. Everblooming hardy Larkspur. Blooms more freely and continuously than any other Larkspur grown. The turquoise-blue color of the bloom is not equalled for delicacy and beauty by any other flower. Contains all shades from the palest to the darkest blue, and the various intervening shades of sapphire, turquoise, indigo, etc. Pkt. 10c.

325—CLIVEN DEN BEAUTY. An improved strain of Belladonna Type with beautiful showy flowers of a delicate light blue. Very desirable as a cut flower. Pkt. 15c.

326—BELLAMOSUM. A rich deep blue in color and of the same type and habit of growth as the Belladonna. Pkt. 10c.

327—CARDINAL RED. Scarlet perennial Larkspur. This handsome flower produces its brilliant flowers during the early summer months. Pkt. 15c.

328—HOLLYHOCK STRAIN. Magnificent race producing enormous spikes of bloom in many new and lovely shades. The flowers are very large and come in both single and double forms. The plants branch freely and continue to flower all summer. Colors range through every shade and combination of blue to deep indigo and purple. Known also as Wrexham Hybrids. Pkt. 25c.

329—XXX AND PASTEL SHADES. Produces large spikes of bloom in most delicate shades and combinations. A wonderful selection of varieties. Pkt. 25c.

330—BLACKMORE A N D LANGDON HYBRIDS. These are acknowledged the world over as the finest strain of Delphiniums grown. Blossoms are very large and of exquisite color. Pkt. 25c.

331—ICEBURG. A large pure white Delphinium produced on long stalks. Contrasts finely with blue. Pkt. 15c.

332—DE LUXE HYBRIDS. The blossoms are of immense size, semi-double and double, covering the graceful, towering spikes for from 2 to 5 feet of their length. The colors range from light and lavender, through every shade of blue from azure to indigo and purple, several shades being blended in some of the varieties. These are the result of breeding and improving for years. Pkt. 25c.

333—GOLD MEDAL HYBRIDS. A selection of extra fine large flowering Delphiniums both in double and single. Pkt. 10c.

We offer one packet each of above 10 for 75c.

337—ROCK GARDEN OR BABY BUTTERFLY. Very dwarf strain with bright flowers. Nicely adapted to plant in rock gardens. Pkt. 10c.

We catalog the Best and Most Easily Grown Flowers, Varieties which do well in most places. We have omitted many things which are inferior to those mentioned to keep our list from becoming long and confusing.

DIANTHUS PINKS

Dianthus Pinks embrace a family of the richest, most uniquely colored of flowers. For variety and profuseness of bloom they have few equals. By sowing every season you can have them in bloom from early summer till frosts. Seeds sown in spring bloom by fall and live through the winter, blooming early the next summer.

338—ORIENTAL BEAUTIES. Showy class with oddly marked and striped blossoms in bright and pastel shades. Fine for small bouquets and remains in bloom a long time. Pkt. 7c.; 3 pkts. 15c.

339—GIANT CHINESE or INDIA PINK MIXED. Large flowering forms in many beautiful colors. Blooms in clusters. Pkt. 5c.

340—DOUBLE IMPERIAL PINKS. A large variety of handsomely colored double sorts. Pkt. 4c.

341—DOUBLE CHINESE PINKS. Large variety of showy colors. Pkt. 4c.

342—DOUBLE HEDDEWIGI. Very large flowering, blossoms as large as the largest Carnation, many rich and varied colors. Pkt. 5c.

343—DOUBLE DIADEM. Rich, large blossoms, every color from crimson to almost black. Edges beautifully fringed and colored. Pkt. 5c.

344—DOUBLE LACINIATUS. Many choice colors, blossoms large and beautifully fringed and cut. Magnificent. Pkt. 5c.

345—DOUBLE PURITY. Very large, double, white, almost equal to a Carnation. Pkt. 5c.

346—NEW LUCIFER PINK. Handsome, double large brilliant orange and scarlet. Pkt. 8c.

347—NOBILIS OR ROYAL PINKS. A good, unique and showy class, with massive blossoms which interlace and cover each other. These handsomely fringed flowers are an elegant sight. Pkt. 7c.

348—DOUBLE CALIFORNIA PINKS. A grand class of showy double Pinks in every rare color imaginable. Pkt. 5c.

349—SINGLE GIGANTUS, "Giants of Japan." A very choice mixture of large flowering single plants in many colors and combinations. Pkt. 5c.

350—D. S. C. MIXTURE. All colors and sorts which are especially desirable, in double and single. Pkt. 4c.; 3 pkts. 10c.; ½ oz. 30c.

One packet of each of the above 13 Pinks for 50c.

Perennial Pinks

351—PEACOCK FRINGED. Very showy fringed "Pleasant Eye" pink, hardy and abundant bloomer. Pkt. 7c.

352—PLUMARIS. The old-fashioned hardy Grass Pink, Clove Pink, is also called Pleasant Eye. Fine delicate colors, finely fringed and fragrant. Blooms first season from seed. Pkt. 4c.

354—DOUBLE PLUMARIS OR CLOVE PINK. These grand old flowers are the pride of many gardens and are often called Carnations. Shy seeders. Pkt. 10c.

355—CYCLOPS PINKS. Beautifully zoned and ringed blossoms. A favorite with all who grow it. Pkt. 5c.

—PLUMARIS.

ORIENTAL BEAUTIES.

Dianthus Heddewigii hybr. fl. pl.

MAYFLOWER PINKS

352—Very desirable hardy pinks of dwarf compact habits. Produce beautiful double flowers early in the season. Fine for beds, borders or rock garden. Pkt. 10c.; 3 pkts. for 25c.

356—FLORISTS' PINKS. Very fine and excellent for cut flowers. Pkt. 5c.

357—CHEDDAR PINKS. Forms compact tufts of grayish foliage from which it produces its delicate pink, fragrant flowers. At home in a sunny location in the rock garden. It flowers from May till July. Pkt. 10c.

358—DELTOIDES. (Maiden Pinks.) Very desirable variety for rock gardens, etc. Good bloomers. Pkt. 5c.

One packet each of above hardy perennial pinks for 45c.

For Mountain or English Daisy see *Béllis*.

For *Michelmas Daisy* see *Hardy Aster*.

For *Livingstone Daisy* see *Mesembrianthemum*.

Didiscus (Blue Lace Flower)

360—DIDISCUS COERULEA. Carried on stems 2 feet long are broad lacelike heads composed of many delicate light blue flowers. Excellent for garden display and for cutting, bearing a profusion of flowers from June until September. Of fine upright growth. Pkt. 8c.; 2 pkts. 10c.

DIGITALIS (Foxglove)

Stately, old-fashioned border plants, affording dense spikes of large brilliantly colored flowers which are terminal and half as long as the height of the plant. The flowers are very distinct and showy, being thimble-like or long bell-shaped, and the colors include a large variety of shades and markings.

361—GLOXINAEFLORA MIXED. This is a fine strain of Foxglove, with handsome spotted Gloxinia-like flowers on long spikes. Pkt. 5c.; 3 pkts. 10c.

362—MONTROSA MIXED. A class of Foxglove which are not only extra large and showy but also distinct as each spike of bloom is surmounted by one enormous flower. Pkt. 10c.

363—THE SHIRLEY HYBRIDS. 6 to 7 feet tall. The flowerheads are over 3 feet long, covered with big bell-shaped blossoms. Colors range from white and shell-pink to deepest rose, many attractively dotted with crimson or chocolate. Pkt. 10c.

Dimorphoteca

(African Golden Daisy)

364—AURANTIACA HYBRIDS. (Annuals.) Showy plants about 1 ft. high from South Africa producing an abundance of daisy-like flowers about 2 inches across. Very showy in beds. Commences to bloom early and continuous all summer. Colors from deep red to pure white, yellow and orange prevailing. Pkt. 5c.; 3 pkts. 10c.

DOLICHOS—Hyacinth Bean

365—MIXED. This mixture is composed of the popular Daylight and Darkness varieties widely. These grow to a height of about 10 feet and are loaded with pea-like flowers. Pkt. 4c.; oz. 15c.

ECHINOPS--Blue Thistle

366--RITRO. (Perennial.) Thistle-like plants with steel blue foliage and thistle-like heads. Pretty, odd plant which should find a place in collections. Pkt. 5c.

ERYSIMUM--Fairy Wallflower

367--PEROWSKIANUM. One of the most brilliant orange flowers known. Grows readily and remains in bloom for nearly 2 months. Pkt. 5c.

ESCHSCHOLTZIA

(California Poppy)

Very showy annuals succeeding anywhere and giving an abundance of bright flowers. Foliage a silver gray and finely cut. One of the most satisfactory annuals grown. Blooms from June until hard frosts. Flowers are cup shaped and mostly in rich tones of orange and yellow.

368--RAMONA HYBRIDS. Large filled flowers with attractive crinkled petals. Plants dwarf and compact, making it one of the finest plants for bedding. Pkt. 6c.; 2 pkts. 10c.

369--NEW DOUBLE ART SHADES. A rare mixture of double and semi-double varieties in brilliant and fascinating colors. Few flowers equal them for a showy bed or border. Pkt. 8c.; 3 pkts. 20c.

370--BRILLIANT MIXED. Bright rare colors. Many new ones. Pkt. 5c.; 3 pkts. 12c.; 1/2 oz. 25c.

371--FANCY MIXED. All the best old colors and many new ones. Pkt. 4c.; 3 pkts. for 10c.; 1/2 oz. 20c.

Euphorbia

372--HETEROPHYLLA (Mexican Fire Plant) Annual poinsettia resembling in habit and color the beautiful hothouse poinsettia. About mid-summer the center top leaves of each branch turn orange-scarlet. Pkt. 8c.

373--VARIEGATA. (Snow on the Mountain or Mountain Spurge). 2 ft. Remarkably distinct plant; very showy with its foliage edged white and green. Pkt. 5c.

EVERLASTING PEA

LATHYRUS LATIFOLIUS

The Everlasting or Hardy Sweet Peas are early and free bloomers, do well in any soil, stand any winter weather and produce an abundance of bloom. Vines grow larger each succeeding season and bloom freely from June till frosts.

374--PINK PEARL. Lovely pink. Pkt. 8c.

375--WHITE PEARL. Pure white. Pkt. 8c.

376--RED PEARL. Red. Pkt. 5c.

377--ROSE PEARL. Fine rose color. Pkt. 8c.

378--FINE MIXED. All choice sorts. Pkt. 5c.

One packet each of above Everlasting Peas for 25c.

GILIA--Thimble Flower

386--MIXED. Very attractive annuals with variously colored flowers. Known also as "Queen Ann's Thimble." Pkt. 4c.; 2 pkts. 10c.

GLADIOLUS

387--MIXED GLADIOLUS. These may be grown from seed in 2 to 3 years but it is usually more satisfactory to buy bulbs. (See last Pages). Pkt. 4c.

GAILLARDIA GRANDIFLORA

GAILLARDIA

(Annual)

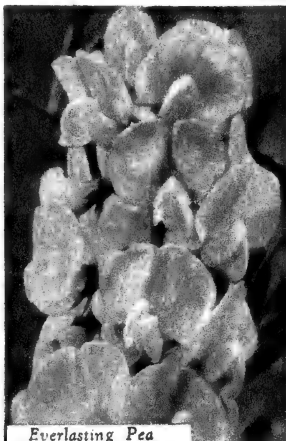

379--GAILLARDIA, INDIAN CHIEF. Very showy and brilliant annual Gaillardia blooming freely from seed sown in spring. Color a striking bronzy red which shades out to orange, etc. Pkt. 7c.; 3 pkts. for 15c.

380--PICTA LORENZIANA. Very showy, free blooming annual, valuable for bouquets. Gay blossoms produced from July till frosts from seed sown in spring. Colors, sulphur, orange, claret and amaranth, mixed. Pkt. 4c.; 3 for 10c.

Hardy or Perennial Gaillardia

381--GRANDIFLORA HYBRIDS. Very richly colored, profuse blooming hardy perennials. In bloom for a long time and is one of the most desirable hardy plants. Pkt. 5c.; 3 pkts. 12c.

382--PORTOLA HYBRIDS. The plant is from 2 1/2 to 3 ft. high; the stems are strong, and stiff, holding the flowers erect; these are of large-size, nearly 4 in. in diameter, the petals being very broad and overlapping, of great substance, and spread out flat, forming a very regular flower; its color a brilliant scarlet with coppery hue which intensified by the golden yellow with which each petal is heavily tipped. Comes about 50% true from seed. Pkt. 10c.; 3 for 25c.

Everlasting Pea

GERANIUM

Geraniums are probably the best known and most universally admired of all house plants. They are easily grown; do well under all circumstances, always in bloom and fine for window decorations or outdoor planting in summer. They grow readily, quickly from seeds and are easily propagated from cuttings. Nice plants are grown from seeds in a few months.

383--VENTURA MIXTURE. Made up of extra choice and new sorts. Pkt. 10c.

384--FINE MIXED. Mostly in the Zonale and Scarlet Geraniums. Free bloomers. Pkt. 5c.

Geum

395--DOUBLE RED. A beautiful hardy perennial producing flowers in profusion from spring till fall. It is an excellent cut flower, having long stems and keeping well. Pkt. 10c.

GLOXINIA

Greenhouse perennials which produce the handsomest and richest tube or trumpet-shaped blossoms imaginable. Seeds sown in spring blossom the following winter. Endless variety of rich colors and combinations of all colors.

389--NEW GIANT GLOXINIAS. Finest selected seed from Giant Flowering varieties. Pkt. 15c.

390--LARGE FLOWERING MIXED. Grand mixture of the largest and choicest flowering sorts. Pkt. 10c.

Eschscholtzia (California Poppy).

Gloxinia

Globe Amaranthe-Gomphrena

388—Sometimes known as Bachelor's Buttons. The flowers resemble clover heads and can be dried and used in winter bouquets. Pkt. 3c.

GOLDEN ROD

391—**GOLDEN ROD YELLOW.** Very common, hardy plant, often called "Our National Flower." Blossoms pure yellow. Pkt. 4c.

GODETIA (Satin Flower)

(Annuals). Very showy and attractive plants that should be more extensively grown for showy beds, etc., and is also desirable for cut flowers. Plants bushy 1 to 2 ft. high and loaded with showy, satini-like blossoms from July till hard frosts. Many varieties and colors. Does well anywhere, especially in poor soil.

392—**SYBIL SHERWOOD.** A most beautiful Godetia. Color a gorgeous shade of salmon-pink softened by a dainty edge of white. Plant about 20 inches high, robust, and produces such a wealth of bloom that the plant is almost hidden. Fine cut flower and keeps well. Pkt. 10c.; 3 pkts. for 25c.

393—**SWEETHEART.** Very attractive double variety. Blossoms 1 inch or more in diameter. Pkt. 10c.

394—**AZALEA FLOWERED.** A beautiful bushy plant loaded with double pink flowers. Resembles an Azalea in full bloom. Pkt. 6c.; 2 pkts. 10c.

395—**TALL MIXED.** One of the showiest plants for a bed or border. The little bushes 1½ to 2 feet high are loaded with beautiful gladiolus-like flowers in long tapers. Pkt. 4c.; 3 pkts. 10c.; ¼ oz. 25c.

396—**DWARF MIXED.** All sorts and colors. Makes elegant plants for borders. Compact and covered with blossoms. Pkt. 4c.; 3 pkts. 10c.

GOURD

397—**DISH CLOTH GOURD.** Very curious sort; inside has a tough elastic lining which is often used as a dish cloth. Pkt. 4c.

398—**CALABASH OR DIPPER.** Large dipper-shaped. Pkt. 4c.

399—**SUGAR TROUGH.** Derives name from form of shell. Pkt. 4c.

400—**CLUB.** Fruit looks like a club. Pkt. 4c.

401—**NEST EGG.** Resembles eggs. Pkt. 4c.

402—**CHINESE BOTTLE.** Used by Chinese and pilgrims in the orient for a Thermos bottle. Pkt. 4c.

403—**FANCY MIXED.** Curious ornamental fruits of various shapes and colors. Grows on vines similar to Squashes, but are used for ornamental purposes only. Pkt. 3c.; ½ oz. 10c.

One packet each of above Gourds for 20c.

Helleborus—Christmas Rose

424—**NIGER.** The beautiful "Christmas Rose" which blooms in late autumn or early winter after all other flowers are frozen. Will blossom under the snow. Pkt. 10c.

Helenium (Sneezewort)

411—**HOOPESII.** A delightful perennial growing 2 ft. or more high producing an abundance of rich, orange-yellow flowers from May to August. Pkt. 8c.; 2 pkts. 15c.

GODETIA

Gourd

GYP SOPHILA (Baby's Breath)

Gypsophila (Baby's Breath)

404—**ELEGANS.** A useful annual blooming in 6 weeks and producing an abundance of small white flowers which are indispensable in lending airy grace to bouquets. Called Angel's Breath. Pkt. 3c.; 4 pkts. 10c.; oz. 25c.

405—**ROSEA.** Beautiful rose color.

406—**MIXED.** White, rose and crimson. If sown at intervals flowers may be had from early till frosts. Fine in bouquets. Pkt. 4c.; 3 pkts. 10c.

HARDY GYP SOPHILA (Angel's Breath)

407—**GYP SOPHILA PANICULATA.** "Hardy Angel's Breath." Produces an abundance of spray-like white flowers which are very desirable in bouquets and florists work. Pkt. 5c.; 2 pkts. 12c.

408—**DOUBLE PANICULATA.** A double form of the "Angel's Breath" often called Bristol Fairy. Very choice. Pkt. 25c.

409—**GYP SOPHILA MANGINI.** A new pink Hardy Baby's Breath or Angel's Breath which is extremely desirable. Pkt. 10c.

410—**REPENS.** Dwarf creeping variety valuable for Rock Gardens or for hardy edging. White star-shaped flowers. Pkt. 10c.

Helianthus—Sun Flower

412—**GAILLARDIA FLOWERED.** These freak sunflowers are also called Sanguinea Shades. The colors run in many combinations of red, brown, etc., with some yellow tinges. Pkt. 5c.; oz. 20c.

413—**NEW RED.** Our Improved Red Sunflower is dwarfed and more compact than the common red. It has attracted much attention for its odd and showy color which was heretofore unknown to Sunflowers or Helianthus. Blossoms vary from brick red to orange-red. Pkt. 5c.; 3 pkts. 12c.

414—**CHRYSANTHEMUM FLOWERED.** Rich golden yellow, very double and perfect. Resembles a large Chrysanthemum. Pkt. 4c.; 3 pkts. 10c.

415—**MANMOTH—RUSSIAN.** Immense flower heads, grown for seed, backgrounds, poultry feed and ensilage, etc. Oz. 6c.; ¼ lb, 15c.; qt. 40c.; 3 qts. \$1.00.

Helichrysum—Everlasting Flower

(Annuals). Helichrysums are the most popular and useful of all "Everlasting Flowers." They look well in beds but their greatest value is that you can pick them when they commence to open and dry them in the shade and they will retain their beauty and brilliancy for years. You can always have winter flowers. Blossoms double and about an inch in diameter.

416—**GOLDENBALL.** Handsome, rich, yellow.

417—**SCARLET.** Rich, vivid scarlet.

418—**ROSE QUEEN.** Fine rose color.

419—**VIOLET QUEEN.** Dark violet.

420—**DOUBLE MIXED.** All double sorts; mixed. Pkt. 4c.; 3 pkts. 10c.

421—**BRACTEATUM.** (Strawflower). Mixed. Pkt. 4c.; 3 pkts. 10c.

Any above colors of Helichrysums, 4c. a packet. The 6 varieties, one packet of each for 20c.

HOLLYHOCK

One of the showiest of hardy perennials, producing long spikes of rich, double blossoms, large as roses. For a border or background they have no superior.

Our fine strain of Hollyhocks produce the fullest double blossoms on dwarfier, more compact plants than the old double hollyhocks. Their splendid spires of blooms make a grand display in any background situation. Blooms second season from seed. Very hardy and will withstand any cold weather.

427—**IMPERATOR**. New double Begonia Flowered Hollyhocks. Many, fine colors. Pkt. 10c.

428—**NEW TRIUMPH**. New early flowering class with waved and fringed petals. Pkt. 10c.

429—**WHITE**. Pure white. Pkt. 6c.

430—**NEWPORT PINK**. Beautiful pink. Pkt. 6c.

431—**DEEP YELLOW**. Very fine Pkt. 6c.

432—**VIOLET**. Purple violet. Pkt. 6c.

433—**APPLEBLOSSOM**. Delicate pink and white. Pkt. 6c.

434—**CARMINE ROSE**. Attractive. Pkt. 6c.

435—**CRIMSON**. Deep crimson. Pkt. 6c.

436—**D. S. C. DOUBLE**. A fine mixture of all double varieties. Many shades. Pkt. 5c.; 3 pkts. 10c.

One packet of seed of each of above 10 Hollyhocks for 40c.

437—**MAMMOTH ALLEGANY**. Flowers produced in abundance. 3 to 5 inches in diameter. Some double, some semi-double, all beautifully fringed or curled. Colors varied and resemble crushed silk. Pkt. 5c.

438—**ANNUAL EVERBLOOMING**. Sown early in spring they bloom by August and continue till hard frost. Many choice sorts, single and double and semi-double, with very large flowers. Color range is wonderful, embracing everything from pure white to maroon. Pkt. 5c.; 3 pkts. 12c.

439—**SINGLE MIXED**. Many varieties of tall single Hollyhocks. Fine for background. Pkt. 4c.; 3 pkts. 10c.

Heliothis

422—**GOLDEN BEAUTY**. Showy and profuse blooming plant during summer and fall. Sometimes known as "Hardy Zinnia." Grows 2 to 3 feet high and is loaded with large semi-double blossoms. Pkt. 5c.

Heliotrope (Cherry Pie)

A quick growing plant from seed which produces its richly colored blossoms nearly the whole year. House perennial does best in very rich soil and may be placed out in summer.

423—**D. S. C. GIANT HYBRID**. Immense trusses loaded, with massive single flowers which present a magnificent appearance. Foliage rich, glossy and attractive. Wide and beautiful range of colors. Pkt. 5c.

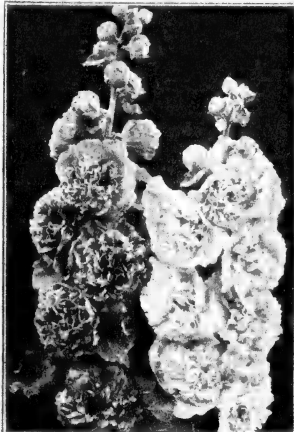

Hibiscus

425—**GOLDEN ROWEL**. Deep cream petals with maroon center. Large showy flowers. Pkt. 6c.; 2 pkts. 10c.

426—**MALLOW MARVELS MIXED**. Immense blossoms 3 to 5 inches in diameter are produced throughout the summer. Many colors. Pkt. 6c.; 2 pkts. 10c.

Helichrysum (Everlasting Flower)

Double Hollyhocks.

D. S. C. GIANT HELIOTROPE.

Humulus—Japanese Hop

440—**VARIATED**. A rapid grower, annual climber, which will cover window or veranda quickly. Leaves beautifully variegated or marbled, slashed with pure white or green. Pkt. 4c.; 3 pkts. 10c.

Hunnemannia

(Giant Yellow Tulp Poppy, or Bush Eschscholtzia)

441—**SUNLITE** is a double flowering variety different from all others and beautiful. Extra band of petals on the outside instead of the inside which makes them appear open at all times. Flowers a bright canary yellow and bush a gray-green. An All-American selection of 1934. Pkt. 10c.; 3 pkts. for 25c.

442—**FUMARIAEFOLIA**. This is by far the best of the Poppy family for cutting. Plants covered with their large, buttercup-yellow, Poppy-like blossoms, and are never out of flowers until hard frost. Pkt. 4c.; 3 pkts. 10c.

Incarvillea

443—A variety with light green leaves resembling those of the sumac. The flowers are much like gloxinias. The tubers can be taken up in winter and stored like dahlias, although the plant is reported to be hardy in some sections. Height 2½ feet. Pkt. 10c.

Ipomopsis or Tree Cypress

444—**MIXED**. Bushy plant which makes a little tree about 2 feet high. Pretty but rarely seen. Pkt. 5c.

Japanese Iris

The Kaempferi are the finest of all Iris, producing magnificent and showy blossoms in many rich colors. Flowers often 6 to 8 inches across.

445—**MIXED IRIS KAEMPFERI**. All colors. Seeds slow to germinate. Pkt. 10c.

Kaempferi or Japanese Iris Bulbs in spring, 3 for 50c.

German Iris Bulbs, 5 for 50c.; 12 for \$1.00. Mixed colors.

Kudzu Vine

446—An interesting novelty, often called "Jack and the Bean Stalk." A beautiful climber, remarkable for its vigorous growth and handsome flowers. Blossoms are large and grow in panicles similar to Wistar's, but larger. Color a pleasing shade of purple. It is a quick grower, producing dense shade and does better each succeeding year. Pkt. 5c.; 3 pkts. 10c.

Kochia

(Belvidere or Summer Cypress) A handsome hedge or border annual which grows quickly from seed, making a handsome round bush about 18 inches high, with feathery foliage. In autumn they are so covered with scarlet flowers as to make it appear like a flaming fire. For a neat, quick grown hedge it has no equal.

447—**CHILDREN**. Best and neatest growing Kochia. Very pretty and compact. Pkt. 5c.; 3 pkts. 10c.

Leptosiphon

447—**FRENCH HYBRIDS**. Free flowering hardy annual, useful for edging and rock work. Plants are thickly studded with charming bright flowers of various colors. Pkt. 5c.

LARKSPUR

Larkspurs are among the most useful of flowers for bouquets, etc. The spikes of pretty flowers are produced from mid-summer till hard frosts.

Giant Imperial Larkspur

Giant Imperial Larkspurs branch from near the base and send up spikes 4 to 6 feet long. One of the best of all cut flowers.

449—**GLORIA.** A perfect flower of rich deep rose. Pkt. 8c.

450—**WHITE SPIRES.** Long spikes of pure white. Pkt. 8c.

451—**LAVENDER SPIRES.** Delicate light lavender. Pkt. 8c.

452—**ROYAL PURPLE.** Long spikes of deep violet purple. Pkt. 8c.

453—**EXQUISITE PINK.** Wonderful soft shade. Pkt. 8c.

454—**EXQUISITE ROSE.** Deep rose pink. Pkt. 8c.

455—**MISS CALIFORNIA.** Sweet salmon pink. Pkt. 8c.

456—**ROSAMOND.** An All-American Gold Medal Selection. Pure fadeless rose. Branching with numerous long spikes laden with double flowers. Pkt. 8c.

457—**LOS ANGELES.** One of the finest. A brilliant rose on salmon background. Pkt. 8c.

458—**CARMINE KING.** Spikes 4 to 6 ft. long; a brilliant carmine rose color. Very showy. Pkt. 8c.

459—**GIANT IMPERIAL MIXED.** Above and other varieties mixed. Pkt. 10c.

All above Giant Imperial Larkspurs 8c. a packet. One packet each of the 11 varieties for 50c.

Any three packets of the above for 20c.

460—**HYACINTH FLOWERED.** Pretty solid spikes of bloom. Pkt. 5c.; 3 pkts. 10c.

461—**STOCK FLOWERED.** An unusually showy Larkspur in many bright colors. Free flowering. Grand for center of bed or cut flowers. Pkt. 4c.

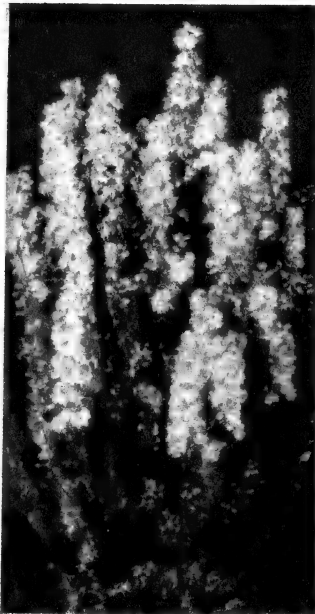

462—**CHOICE MIXED.** All free flowering, handsome varieties of Rocket Hyacinth, Ranunculus, etc. Sorts in best mixture. Pkt. 4c.; 3 pkts. 10c.; oz. 30c.

Linaria (Toad Flax)

LINARIA FAIRY BOUQUET

469—Grows 8 to 10 inches high and produces an abundance of richly colored blossoms resembling small Snapdragons. The colors run in shades from red, yellow, white and intermediate shades. Grand in bouquets. A gem for the rock garden. Pkt. 10c.; 3 pkts. for 25c.

470—**MOROCCANA HYBRIDS.** Throws up dainty spikes of flowers resembling small snapdragons, each having a columbine-like spur. Colors crimson, gold, pink, mauve, blue, etc. Blooms in 8 weeks from seed. Pkt. 5c.

Larkspur Giant Imperial

LANTANA

LOBELIA, CRYSTAL PALACE

Lantana

SHOW MIXED. Lantanas noted for the richness of the colors and their continuous blooming quality. They make a nice house plant and if bedded outside in spring will bloom all summer. Pkt. 5c.; 3 pkts. 10c.

Lavatera

463—**SPLENDENS MIXED.** The Lavateras or annual mallows are showy and effective plants covered during the entire summer with bloom. For large borders and cuttings they are very desirable. Rose and white flowers. Pkt. 5c.

464—**SUNSET.** Flowers have the tinted shades of a beautiful sunset. A deep rose-pink of charming brightness. Pkt. 5c.

Leptosyne

466—**STILL MANI.** An easily grown, attractive annual, particularly valued because it blooms early and continuously for many weeks. Beautiful Daisy-like flowers of a pure golden yellow carried on plants growing 20 inches tall. Pkt. 5c.; ¼ oz. 65c.

Lilium (Lily)

468—**REGALE LILY.** Considered one of the most beautiful of all lilies. Long white trumpet toning down to blush-pink. A light golden-orange in the throat. Delightfully perfumed. Blooms the second season from seed. Perfectly hardy. Pkt. 10c.

Blooming bulbs. 25c. each; 5 for \$1.00.

Linum

471—**GRANDIFLORA.** (Annual). Pretty dwarf plant growing 8 to 12 inches tall. The rich crimson flowers last only a day, but they are borne continuously until frost. Pkt. 4c.; 3 pkts. 10c.

472—**MIXED.** An extremely neat and graceful perennial which is always admired. Each plant throws up hundreds of blue and white flowers on thin wiry stems. Blossoms appear to float in the air. Pkt. 5c.; 3 pkts. 12c.

LOBELIA

HARDY LOBELIA

473—**CARDINALS.** Two feet, blooms from July till October. Brilliant fiery scarlet flowers, prefers moist position. Long spikes of flowers. Very choice. Pkt. 10c.; 3 pkts. 25c.

LOBELIA (Annual)

This charming class forms compact little bushes 6 inches high and are fairly sheeted with bloom, throughout the season. Highly desirable for edgings, bedding and garden.

474—**SAPPHIRE.** Very beautiful drooping plant. Especially for hanging baskets as the vine droops over the edge and produces hundreds of dark blue flowers with a white eye. Pkt. 10c.

475—**CRYSTAL PALACE.** A most attractive border plant covered with deep azure-like flowers. Makes a well-rounded compact growth. Pkt. 7c.; 3 pkts. 15c.

476—**ROYAL PURPLE.** Plants are dwarf and compact. Fine for edgings, etc. Color rich purple with a light eye. Pkt. 5c.; 2 pkts. 15c.

477—**TALL MIXED.** Tall varieties suitable for bedding. Pkt. 4c.; 3 pkts. 10c.

478—**DWARF BLUE MIXED.** Fine for borders, edging pots or house culture. Pkt. 5c.; 3 pkts. 10c.

Marigolds are becoming one of the most popular annual flowers

African Marigolds

African Marigolds have larger flowers than French Marigolds but the colors are not so varied or so bright.

BEST NEW MARIGOLDS

491—SUNLIGHT. Giant Flowered extra Double Orange Red. Flowers measure 6 inches across. are perfectly ball shaped and of a striking deep orange red color. Pkt. 10c.

492—MOONLIGHT. An extra double Giant Flowered companion of Sunlight. Plants and blossoms similar except the color which is of an attractive light yellow.

493—GIGANTEA SUNSET GIANTS. Is generally considered the best new Marigold introduced last season. A Giant, 5 to 7 inches across. Sweet scented. Full center with gracefully overlapping petals. Color a beautiful combination from deep orange to primrose yellow. Strong branching plants with many flowers. Pkt. 10c.

494—CROWN OF GOLD. A Collarette variety very extensively advertised last season. Double globe shaped center is surrounded by a row of broad drooping petals. Does not have the usual Marigold odor. Pkt. 8c.; 2 pkts. 15c.

495—FISTULOSA DOUBLE. Large flowering with beautifully curled and imbricated flowers in orange and lemon shades. Fine garden variety. Pkt. 6c.; 2 pkts. 10c.

496—LIEB'S WINTER FLOWERING. Grown for flowering in winter. Maroon and golden yellow flowers. Pkt. 10c.

497—DIXIE SUNSHINE. This is a chrysanthemum flowered type of Marigold which is extremely handsome. It comes 100% double and lacks the Marigold odor. Plants grow tall and bushy and produce their curled and twisted chrysanthemum-like flowers on long stems. A brilliant golden yellow and unlike any other Marigold. Start plants early. Pkt. 10c.

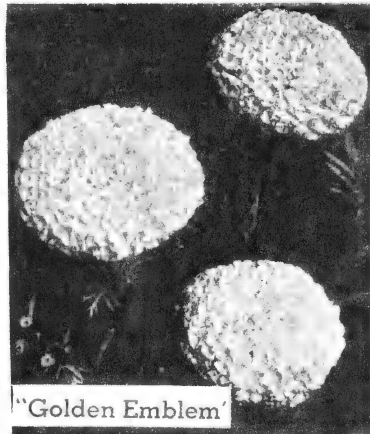

498—YELLOW SUPREME. This is a companion for Guinea Gold and was a Gold Medal Winner in the All American Selection in 1935. Free flowering 2½ ft. high bearing large quantities of loosely ruffled carnation-like blossoms of a lemon yellow color. Flowers large and showy. Pkts. 8c.; 2 pkts. 15c.

499—GOLDEN EMBLEM. Very large double Fistulosa African Marigold of a rich golden yellow a mid shade between Lemon Ball and Orange Ball. This is a desirable shade and a fine addition to the large flowering Marigolds. Pkt. 10c.

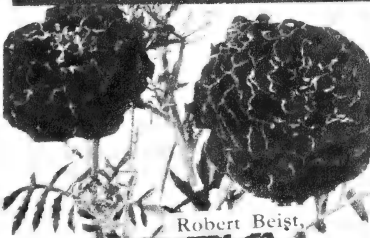

500—ALL DOUBLE MARI-GOLD. The best strains of Marigolds, like many other flowers have heretofore produced many singles. "All Doubles" is a distinct type and almost every plant will produce large showy orange flowers full and double. Pkt. 10c.; 3 pkts. for 25c.

MARIGOLD, African, Moonlight.

'Golden Emblem'

Robert Beist.

HARMONY.

African Marigolds—Continued

501—GUINEA GOLD MARI-GOLD. A distinct type of graceful pyramidal habit, growing 2 to 2½ feet high, and producing 30 to 40 flowers, 2 to 2½ inches across, of brilliant shade of orange flushed with gold. This new variety produces practically 100 per cent semi-double. The Marigold odor is much less pungent than in other sorts. Pkt. 8c.; 2 pkts. 15c.

502—LEMON BALL. Densely double large lemon-colored flowers. Plants tall, flowers large and quilled. Pkt. 5c.

503—ORANGE BALL. Similar to Lemon Ball, but bright orange color. Pkt. 5c.

504—ELDORADO. One of the largest, showiest and most desirable Marigolds. Blossoms large, full double and quilled or fluted. Golden yellow. Pkt. 5c.

505—TALL AFRICAN MARI-GOLDS MIXED. A mixture of many tall varieties. Pkt. 4c.; 3 pkts. 10c.

506—DWARF AFRICAN MIXED. A mixture of the low African varieties including Pride of the Garden and Delight of the Garden. Pkt. 5c.

One packet each of above 16 African Marigolds for 75c.

FRENCH MARIGOLDS

510—DWARF OR BABY MIXED. A large variety of dwarf French Marigolds in both double and single varieties. Pkt. 4c.; 3 pkts. 10c.

507—HARMONY. This is a charming and distinct type of French Marigold. Scabiosa-like in formation with tubular deep orange center. Petals are flanked by broad velvety dark maroon-brown guard petals. Plants dwarf 1 ft. high, compact, exceedingly free bloomers. Very early coming into bloom with us in June and being loaded with blossoms till frost. It was one of our handsomest and most attractive new annuals. Pkt. 10c.; 3 pkts. 25c.

508—ROBERT BEIST. A dwarf French Marigold growing one foot high and producing an abundance of very double deep velvety maroon red flowers. Fine for border or hedge. Pkt. 10c.

SCOTCH GOLD STRIPED

509—A tall, French Marigold, useful for cut flowers, beds, rows or single specimens. Very double and full, richly colored. Golden striped. Pkt. 10c.; 3 pkts. for 25c.

DWARF MONARCH

SEE FRONT COVER

511—Very dwarf French Marigolds growing about a foot high and are attractive for a bed where they make a solid display of rich velvet colors. They are equally desirable for borders or they form a splendid low hedge. Pkt. 10c.; 3 pkts. for 25c.

One packet each of the above 4 French Marigolds for 25c.

Marigold Signata Pumila, Little Beauty

512—One of the daintiest and showiest plants for edging or massing. Fern like foliage covered with hundreds of gay deep orange blossoms. Plants not over 6 inches high but spread to cover nearly a foot of space. Pkt. 8c.; 2 pkts. 15c.

Annual Lupine

482—GIANT ANNUAL LUPINES. This giant strain of annual Lupines grows 3 to 4 feet tall branches freely at base producing 4 to 6 strong spikes which are loaded with beautiful large flowers. Pkt. 8c.; 2 pkts. for 15c.

Hardy Lupines

488—SUNSHINE. Finest of all hardy lupines. Finely toned yellow. Pkt. 10c.

486—EXCELSIOR MIXED. One of the best perennials. Most beautiful hardy border plants producing tufts of soft green foliage, from which arise in continuous succession the stately spikes of bloom. Pkt. 8c.; 2 pkts. 15c.

Hardy Lychnis

487—CHALCEDONICA. Bright scarlet flowers of maltese cross form, usually in medium size flat umbels, handsome for beds and borders. Of easy culture, growing in any rich garden soil, blooming the first year if sown early. Hardy perennials. Pkt. 5c.; 3 pkts. 10c.

489—HAAGEANA HYBRIDS. Mixed, ranging from nearly white to bright scarlet. Flowers large and brilliant. Sometimes called "Maltese Cross." Pkt. 8c.; 2 pkts. 15c.

Lavender

465—VERA or TRUE LAVENDER. Grows about 2 feet high and produces the blue flowers which are delightfully fragrant and retain their fragrance when dried. Pkt. 10c.

Mimulus—Musk Plant

523—TIGERED MIXED. Odd plant blooming in a few months from seed and producing odd shaped flowers in bright colors which are handsomely tigered and spotted. Pkt. 5c.

Nigella

570—MISS JEKVIL. A large, exceedingly showy flower. In a fern-like foliage nestle hundreds of lovely double bright blue flowers. One of the showiest new flowers. Pkt. 5c.

580—FINE MIXED. Pretty, showy, hardy annuals with finely cut, feathery foliage and bright, showy blossoms. Pkt. 3c.; 4 pkts. 10c.

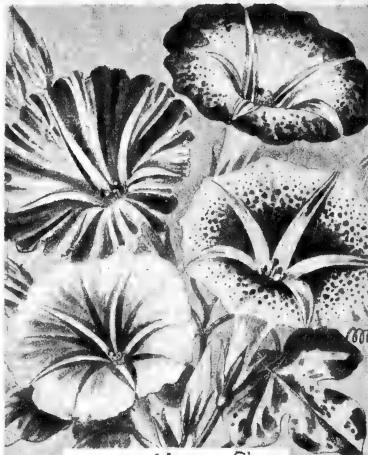

PEONY

583—MIXED VARIETIES. Peony seed germinates slowly but plants may be grown from seed although it is preferable to purchase roots. Seed 10c. pkt. Roots, mixed colors, 5 for \$1.00.

HOLLYHOCK

Annual Indian Spring

Indian Spring is one of the loveliest entries in last year's All-America Selections competition. It blooms the first year in less than five months after seed is sown. A profuse bloomer there is a colorful display of the semi-double, crinkly edged flowers for several weeks during the summer. After the first bloom is past, if the plants are cut back they will produce a second crop of blooms the same season. While rose-pink predominates, variations will occur from a light pink to an almost crimson rose shade. Normally 3 1/2 to 4 ft. tall, plants may grow as high as 6 ft. in some sections. Pkt. 10c.

Japanese Morning Glory

Moon Flower

524—NEW EARLY BLOOMING. A beautiful vine which grows rapidly, making a fine shade and producing large, white, sweet-scented blossoms 3 to 6 inches in diameter. Blossoms evening and cloudy days. Pkt. 5c.

525—GIANT PINK MOONFLOWER. A handsome and popular vine. Rapid grower. Blossoms in beautiful pink. Pkt. 8c.

Morning Glory

The morning Glories are old-time favorites with many. The newer Japanese varieties are not only much larger but have wider and more varied combinations of colors.

526—CLARK'S EARLY HEAVENLY BLUE. One of the most popular flowers grown and one of the showiest. Everybody who sees it wants seed. Most beautiful blue shading darker toward center. Blossoms 4 to 5 inches across and covers a fence or trellis with its gorgeous flowers every morning and last till noon or later. Blossoms early and continuously till frosts. Pkt. 10c.

Mixed Flower Seeds

905—PERENNIAL FLOWER MIXTURE. A great variety of perennial or hardy flowers mixed together. Pkt. 10c.

906—ANNUAL FLOWERS MIXED. Hundreds of varieties of annual flowers in mixture. Pkt. 10c.

907—ANNUAL CLIMBERS MIXED. All well known climbing vines. Pkt. 10c.

908—EVERLASTING FLOWERS WITH ORNAMENTAL GRASSES. Flowers and grasses which may be dried for winter bouquets. Pkt. 10c.

909—CALIFORNIA NATIVE FLOWERS. A large variety of flowers which are natives of California. Pkt. 10c.

910—ANNUAL ROCK GARDEN MIXTURE. Quick growing dwarf annual plants to make a good show in Rock Garden before the perennials are large enough to bloom or to prolong season after the perennials bloom. Pkt. 10c.

911—GREENHOUSE SEEDS MIXED. A mixture of flowers for house plants or growing in the greenhouse. Pkt. 25c.

912—PERENNIAL ROCK GARDEN MIXTURE. Hardy dwarf plants best suited for a rock garden in finest mixture. Pkt. 25c.

SEDUM

725—HARDY SORTS, MIXED. Indispensable little plants for the Rock Garden. A great number of hardy varieties in mixture. Pkt. 8c.

STACHYS

730—LANATA. A beautiful plant for rock gardens. Leaves velvety white, very hardy and showy. Pkt. 8c.

527—CRIMSON RAMBLER. Deep crimson morning glory. Free flowering, rapid grower, similar to Scarlett O'Hara but climbs more readily. Pkt. 10c.

529—GIANT FRINGED JAPANESE. Large blossoms, 6 inches across, zoned, striped and spotted in the most artistic manners. Few people realize without seeing them how beautiful they are. Petals often cut, frilled and fringed. Colors very brilliant and varieties almost endless. All colors mixed. Pkt. 10c.; 3 pkts. 25c.

530—BRAZILIAN MORNING GLORY. A great climber, having a growth of 30 to 50 feet. Grape-like leaves, large and white. Rose colored flowers 3 inches across. Blossoms from July until frost. Pkt. 8c.

532—FINE MIXED. All the best sorts of the old, popular climbing Morning Glory in mixture. Pkt. 3c.; oz. 10c.; 1/4 lb. 35c.

One packet each of above Morning Glories 30c.

LUNARIA

470—BIENNIS (Honesty, Pope's Money or St. Peter's Penny). Flowers purple, white and scarlet, followed by silvery seed pods, prized for winter decoration. Seeds, Pkt. 5c.; 2 pkts. 10c.

ZINNIAS

Radio. Flowers when first open have somewhat of a lar-like appearance but as they mature they become round full and measure about 5 inches across. Petals are partially quilled or fluted. Pkt. 10c.

Linearis. The most unusual and interesting of the newer Zinnias is this draw variety. Flowers which are single are a lovely shade of golden orange with a delicate lemon yellow stripe through each petal while the center is dark brown in the young flowers turning golden orange as the pollen develops. It is very early blooming, starting to flower 6 weeks after seed is sown. This plant is suitable for border or edging and is excellent for window boxes or in any part of the garden where a dwarf growing plant with brilliant coloring is desired. Pkt. 10c.

Double Sweet Scented NASTURTIUMS

Double sweet scented Nasturtiums are easily the most popular and useful annual flowers today. Commencing to bloom in June or July from seed sown in the spring, they lavish a wealth of blossoms till cut down by hard frosts.

539—DOUBLE SWEET SCENTED MAHOGANY. One of the showiest. A rich mahogany. Pkt. 5c.; ½ oz. 15c.

540—DOUBLE SWEET SCENTED SUPREME. A beautiful salmon cerise. Pkt. 5c.; ½ oz. 15c.

GOLDEN GLEAM

541—The first of the race of double sweet scented Nasturtiums and the forerunner of many beautiful double hybrids. Profuse bloomers, each day throwing 50 or more beautiful blossoms on long stems well above the foliage. Pkt. 5c.; 2 pkts. 10c.; 1 oz. 20c.; ¼ lb. 50c.

ORANGE GLEAM

542—ORANGE GLEAM. Flowers large, uniformly double, free flowering with blossoms borne on long stems well above the foliage. Color a deep glowing golden orange, shading deeper at the center. Pkt. 5c.; 3 pkts. 12c.; oz. 25c.; ¼ lb. 75c.

SCARLET GLEAM

543—Flowers large, well formed. Color is a fiery orange scarlet, delightfully sweet scented. Pkt. 5c.; 2 pkts. 10c.; oz. 25c.; ¼ lb. 75c.

SALMON GLEAM

544—SALMON GLEAM. Color a delicate golden salmon. Very showy. Pkt. 5c.; oz. 25c.; ¼ lb. 75c.

MOON GLEAM

545—MOON GLEAM is very similar to Orange Gleam except in color, which is a light golden cream. Pkt. 5c.; oz. 25c.; ¼ lb. 75c.

FIRE GLEAM

546—FIRE GLEAM. Very similar in color to Scarlet Gleam but the plant is more like Golden Gleam. Fire Gleam comes 100% double while Scarlet Gleam produces some single. This is considered the best of all the double Sweet Scented Gleam Nasturtiums. Pkt. 6c.; 2 pkts. 10c.; oz. 25c.

GLEAM HYBRIDS MIXED

GLORIOUS GLEAM HYBRIDS

547—Blossoms large, well formed, sweet scented and nearly all double. Plants semi-dwarf, throwing out short runners. Well rounded bushes. Stems long and throw a mass of flowers well above the foliage giving the effect of a solid mass of flowers. Colors are a balanced blend of brilliant shades of salmon, golden yellow, orange, scarlet, cerise, creamy yellow, maroon, crimson, spotted, etc. Pkt. 5c.; 3 pkts. 12c.; oz. 20c.; ¼ lb. 50c.

One packet each of above 9 for 30c.

Golden Globe

GOLDEN GLOBE

DWARF DOUBLE GOLDEN GIANT or GOLDEN GLOBE

548—Differs from the other double Nasturtiums in that plants are dwarf and compact and bushy, making it a splendid border plant or for solid beds. Can also be grown in pots making beautiful specimen plants. Bears an abundance of large sweet scented golden yellow flowers well above the foliage. Pkt. 8c.; 2 pkts. 12c.; oz. 25c.; ¼ lb. 75c.

GEM MIXED NASTURTIUMS

GEM MIXED NASTURTIUMS

549—GEM MIXTURE. Plants extra dwarf and compact the same as Golden Globe. Has an excellent range of colors. Sweet scented. Pkt. 6c.; 3 pkts. 15c.; oz. 25c.; ¼ lb. 80c.

550—IMPERIAL DWARF NASTURTIUMS. A grand mixture of all desirable sorts—new and old. Extra fine. Pkt. 4c.; oz. 10c.; ¼ lb. 25c.; ¼ lb. 75c.

560—CALIFORNIA GIANTS MIXED. A fine mixture of large flowering varieties grown in California. Pkt. 4c.; oz. 15c.; ¼ lb. 40c.

570—IMPERIAL TAIL MIXED Very large variety in all colors and classes. Oz. 10c.; ¼ lb. 25c.; ¼ lb. 65c.

Myosotis-Forget-Me-Not

A sweet, little, hardy perennial which blossoms for a long season. Prevailing colors, lavender, blue, white, pink. It is fine for borders, cutting, etc., and should be found in every collection.

533—PALUSTRIS. Called Swamp Forget-Me-Not. Blooms from spring till autumn. Bright blue. One of the best. Pkt. 10c.

538—FINEST MIXED. All the varieties, including new large flowering. Pkt. 5c.; 2 pkts. for 10c.
One packet each of these Forget-Me-Nots for 30c.

Nemesia

571—NEMESIA MIXED. Blooms freely and makes a magnificent display throughout the summer and fall. This large-flowering strain comes in the most glorious shades, including yellow, orange, cherry-red, crimson, scarlet, rose-pink, and white. A sunny location and a moderately rich garden loam with an addition of leafmold suit them best. Pkt. 10c.

Nemophila

572—BABY BLUE EYES. Blossoms are about the size of and resembles those of a blue eyed baby. Plants are 3 or 4 inches high. Fine for edging or Rock Garden. Pkt. 5c.; 3 pkts. for 10c.

573—FINE MIXED. Splendid free flowering, hardy annuals of very neat, compact habit, brilliant colors. Pkt. 5c.; 4 pkts. 10c.

Nicotiana

575—AFFINIS HYBRIDS. Large, tube-shaped blossoms, sweetly scented. There are many desirable colors in these new hybrids. They bloom summer and winter. Pkt. 5c.

576—SANDERAE, MIXED. Flowers white, carmine-rose or violet, a little smaller than Affinis and unlike it, in full bloom during the day. Pkt. 5c.

Mosebryanthemum—Ice Plant

515—CRINIFLORUM. LIVINGSTONS DAISY. Plants spreading, covered with quantities of daisy like flowers 2 inches in diameter. Many attractive colors pink, crimson, buff, yellow, etc. Pkt. 10c.

516—CRYSTALLINUM. Half-hardy annual; its succulent leaves are covered with watery vesicles resembling pieces of ice; white flowers. Pkt. 4c.

517—TRICOLOR. A lovely little annual; splendid for the rockery, sunny banks, etc., with daisy-like flowers of crimson, pink and white. Pkt. 5c.; ¼ oz. 35c.

Mignonette (Reseda)

The Mignonette is highly prized for its rich and agreeable fragrance. The flowers are small, but produced in great abundance on short spikes. Will blossom in house in winter.

518—TRUE MACHET. One of the best and most popular sorts, dwarf, compact and vigorous. Flowers red. Pkt. 4c.; 3 pkts. 10c.

519—FINE MIXED. All the new large flowered Hybrids in best mixtures. Pkt. 3c.; 4 pkts. 10c.; oz. 25c.

Mirabilis—Four O'Clock

520—VARIEGATED. Flowers pretty and tube shaped, freely produced. Opens at 4 P. M. Foliage variegated, green, yellow and white. Pkt. 5c.; oz. 15c.

521—MIXED. Flowers similar to above and opens at 4 P. M. Foliage green. Pkt. 4c.; oz. 10c.; ¼ lb. 30c.

Roggli Giant Pansies

An almost new and distinct race of Pansies which are much sturdier and hardier than ordinary Pansies and bloom earlier. The flowers which are more brilliant and larger than other Pansies are borne well above the foliage on long stiff stems.

585—ROGGLI LAKE OF THUN. A solid blue with deeper blue blotches. Pkt. 15c.

587—CARDINAL SHADES. Very rich and showy and beautiful. Pkt. 15c.

588—ROGGLI GIANT MIXED. Large variety of rich colors. Pkt. 15c.

Trimardeau Giant Pansies

589—GIANT BLACK. Deep coal black. Pkt. 5c.

592—GIANT WHITE. A large pure white. Pkt. 5c.

594—GIANT PRINCE BISMARCK. Handsome coppery bronze. Pkt. 5c.

595—LORD BEACONSFIELD. Very showy. The beautiful lavender blue petals taper off to clear white. Pkt. 5c.

596—CARDINAL FLAME. Attractive large orange red. Pkt. 5c.

597—TRIMARDEAU GIANTS MIXED. These are the well known giant Pansies and run in almost every color and combination. Pkt. 5c.; 3 pkts. 12c.; ¼ oz. 45c.; oz. \$1.35.

CASSIERS GIANT

A very popular strain of giant Pansies with 8 or 5 blotches on petals. Many fine colors.

598—CASSIER'S GIANT MIXED. Many fine varieties all with large blotches. Pkt. 10c.

600—OREGON GIANTS. A mixture grown in Oregon of the finest giant Pansies the grower has been able to collect. Pkt. 10c.

602—BUGNOT'S MIXED. A specially collected mixture of giant Pansies, many with radiating lines converging in the center of the flower. Has often been called the most beautiful mixture grown. Pkt. 10c.

603—MASTERPIECE or GERMANIA. A mixture that everybody loves. Blossoms are very large and are frilled and ruffled to appear almost double. Colors very rich. Pkt. 10c.; ¼ oz. 80c.

GIANT MASTODON

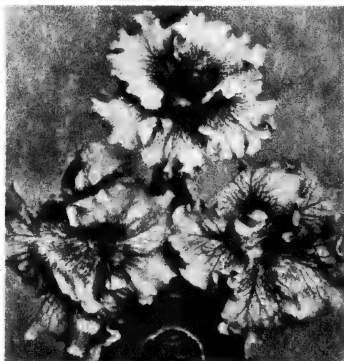

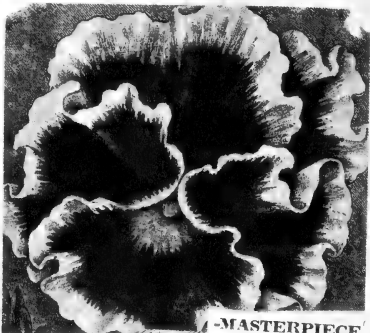

606—By many florists in America this has been considered the "Acme of Perfection" in Giant Pansies. Where growers have high class trade they usually buy this. Pkt. 15c.; 2 pkts. 25c.; ¼ oz. \$1.50.

PANSY—Swiss Giants

607—These improved Swiss Giant Pansies are not only of monstrous size but the colors are beautiful, faced, blotched and marked in the most exquisite shapes. Pkt. 15c.; 2 pkts. for 25c.

OENOTHERA

581—L'AMARCKIANA. (Evening Primrose). Plants 3 ft. tall. Large golden yellow Morning Glory shaped flowers. Pkt. 4c.; 2 pkts. 10c.

PETUNIA, CRUMPLED GIANTS

630—CRUMPLED GIANTS. A giant flowering class of Petunias with very large crumpled and fringed blossoms. The colors are magnificent, many being handsomely marked, zoned and starred with various colors. Very desirable for bedding or blooming in house. This mixture also contains the choicest colors of Fluffy Ruffles petunias. Pkt. of about 75 seeds for 15c.

628—BALCONY or PENDULA MIXED. While this class of Petunias bloom well anywhere, they are indispensable for window or porch boxes. Plants have a drooping habit and hang gracefully over the edge of window boxes. Vigorous profuse bloomers with flowers 2 to 3 inches across. Pkt. 8c.; 2 pkts. 15c.

634—NEW DOUBLE PETUNIAS "MARVELOUS." These have never been surpassed in color, form or size. Every flower has been cross fertilized with the greatest care so nearly all will come perfectly double. It would be impossible to mention the many new and beautiful colors in these. Many of the flowers measure 2 inches across, none less than 3 inches, and are fluted, frilled, ruffled and pinked in strange and beautiful ways. Pkt. 50 seeds 25c.

TALL SINGLE PETUNIAS

One of the showiest of all annuals for bedding and massing outside. They commence flowering early and continue a sheet of bloom throughout the whole season; easily cultivated, and can always be depended on for a grand display of flowers.

FLAMING VELVET PETUNIA

613—FLAMING VELVET. This was the Gold Medal winner in All American Trials. It has caused a sensation because of the uniform excellence of its velvety, rich, blood red flowers. Plants are semi-compact in habit, about 15 inches in height. Uniform flowers are large and borne in great profusion. Pkt. 10c.; 3 pkts. for 25c.

614—GENERAL DODDS. Rich velvety blood red, very showy. Pkt. 5c.

615—HOWARD'S STAR. Very showy variety which is always admired. Colors a bright purple with a white star in petals. Pkt. 5c.

616—SHOW MIXED. This mixture includes a great variety of Petunias. Plants and blossoms are larger than the dwarf sorts. Pkt. 4c.; 3 pkts. 10c.; ¼ oz. 30c.

DWARF ERECT PETUNIAS

The following Bedding Petunias produce dwarfier, more compact plants, than the common sorts.

617—ROSE OF HEAVEN. A dwarf erect bushy Petunia loaded with rose-pink blossoms. Fine for hedges, border or solid bed. Pkt. 5c.

618—SNOWBALL. Plants dwarf, similar to above, color a pure white. Pkt. 5c.

619—NORMA. Plants of the dwarf compact type, color blue with a white star in the center. Pkt. 5c.

620—FANCY BEDDERS. A strain of beautifully blotched, striped and marbled sorts with well rounded bushy plants. One of the showiest bedding plants imaginable. Pkt. 8c.; 2 pkts. 15c.

621—HEAVENLY BLUE. Very compact plants covered with a silvery "Heavenly" blue mass of flowers. Pkt. 8c.

622—COCKATOO. Violet purple beautifully and irregularly blotched and starred with white. Pkt. 8c.

623—NANA ERECTA or BUSH MIXED. Includes all colors in the Compact or Bedding Petunias. Plants not so tall as ordinary Petunias and very free flowering. Pkt. 5c.; 3 pkts. 10c.; ¼ oz. 50c.

One packet each of the 7 dwarf erect Petunias for 25c.

Oxalis

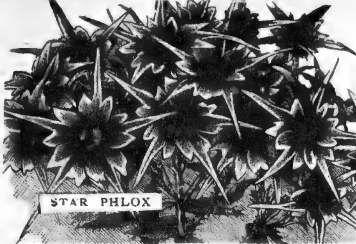

582—YELLOW VARIETIES. Blooms in 2 months from seed. Pkt. 5c.

Bulbs of summer blooming Oxalis. Pink and white. Multiply rapidly and can be taken into the cellar for the winter the same as Dahlias. 25 bulbs for 10c.; 100 bulbs for 25c.

Drummondii Phlox

One of the showiest and most popular annuals. From seeds sown in spring plants commence to blossom in June and continue to grow in a little bush or tree form till fall, and are always aglow with brilliant blossoms of all colors. It is not only one of the most brilliant annuals, but of easiest culture and most satisfactory for masses, beds or borders. Known as Texan Phlox.

STAR PHLOX

636—ART SHADES PHLOX is an outstanding new strain of Drummondii Phlox with large individual blooms borne in massive clusters. A wonderful range of art shades. Winner of All American Award. Pkt. 10c.; 3 pkts. 25c.; 1/4 oz. 50c.

637—PURE WHITE. Clear, pure white. Pkt. 5c.

638—BRILLIANT SCARLET. Rich, dazzling scarlet, too brilliant to gaze at. Pkt. 5c.

639—YELLOW. Creamy yellow. Pkt. 5c.

640—ROSE. Pretty rose color. White eye. Pkt. 5c.

641—VIOLEACEA. Violet blue with large white eyes. Pkt. 5c.

642—CRIMSON EYE. Brilliant crimson, white eye. Pkt. 5c.

643—STELLATA SPLENDENS. Scarlet, white eye. Pkt. 5c.

644—BRILLIANT. Rose with dark eye. Pkt. 5c.

One packet each of above 8 Phloxes for 25c.

645—ROYAL SHOW or LARGE FLOWERING MIXED. A rare mixture of 75 varieties or more, all with large, brilliant blossoms. Includes all the best in Grandiflora Phloxes, which are noted for large blossoms and brilliant colors. Pkt. 4c.; 3 pkts. 10c.; 1/4 oz. 35c.

NANA COMPACTA Dwarf Phlox

646—These are much superior to the other Phloxes for ribbon bedding or borders. The plants grow very asymmetrical in neat, little bushes, covered with flowers during the whole summer and fall. Pkt. 5c.

647—CECILY, MIXED. All colors. Flowers are of immense size, the coloring very bright and nearly all the blossoms display a white eye. Excellent for borders. Plants grow bushy and compact. Pkt. 10c.

STAR PHLOX

648—CUSPIDATA and FRIMBRIATA MIXED. This includes all varieties in star and ragged, saw or fringed edges. Known as Star of Quedlinburg, Fringed, etc. A grand mixture of possibly 50 sorts in rare and brilliant colors. Pkt. 5c.; 3 pkts. 12c.; 1/4 oz. 45c.

HARDY PERENNIAL PHLOX

One of the finest, showiest and most desirable of all hardy flowers. Plants send up large panicles of bloom in many colors and combinations. Seed should be sown in the fall and freeze in the ground and will come up in the spring.

649—NEW VARIETIES MIXED. Choice new sorts. 15c.

We offer plants of Perennial Phlox if you find it difficult to succeed with the seeds.

MIXED. Large variety in mixture. 2 for 30c.; 5 for 50c.; 12 for \$1.00.

ICELAND POPPIES

668 1/2—MIXED. While these are hardy perennials, they flower the first year from seed, blooming almost as quickly as the annual sorts. They are of graceful, neat habit with bright green, fern-like foliage, formed in tufts, from which issue slender stalks about 12 inches high, bearing their brilliant flowers in endless profusion; most useful for cutting, for which purpose pick when in pods, and if the seed pods are picked off, continue in flower the entire season. They remain evergreen throughout the winter, coming into bloom early the following spring. Pkt. 5c.; 3 pkts. 10c.

669—NEW DOUBLE ICELANDI POPPY. In color they resemble the single Iceland Poppies, but the flowers are like small roses, double and freely produced on long stems. Handsome cut flowers early in season. Pkt. 10c.

670—NEW SUNBEAMS. Resembles the Iceland Poppies, but has longer, finer stems. Larger flowers and more robust habits. Blooms from May till October. Pkt. 10c.; 3 pkts. 25c.

671—ART SHADES. Includes the best and showiest shades in Fakenham Hybrids, Gartree Strain and other new Iceland Poppies. Colors varied and delicate, some picoté, etc. Very choice. Pkt. 10c.

One packet each of the 4 Iceland Poppies for 25c.

ORIENTAL POPPIES

A distinct race of hardy perennial Poppies with blossoms about as large as Peonies and colors much brighter. A charming summer flowering, hardy plant, producing numerous leafy stems about 2 1/2 feet high, with large deep flowers, having a conspicuous black blotch on each petal, exceedingly showy.

672—MAHONEY. The deepest dazzling crimson imaginable, conspicuous in any place. Pkt. 10c.

673—ORIENTAL SCARLET. The well-known dazzling orange-scarlet. Pkt. 6c.; 2 pkts. 10c.

Pyrethrum

INSECT POWDER PLANT

One of the most valuable of our early summer flowers. Charming color and wonderful lasting properties as a cut flower. Colors mostly pink and rose and are produced in great profusion throughout June and July. The single ones are often called Marguerites or Persian Daisies. Double ones resemble Asters. Persian Insect Powder is made from the dry powdered blossoms.

692—SINGLE MIXED. Called Painted Daisies. Pkt. 5c.

693—DOUBLE MIXED. Extra choice, selected seed. Only a percentage will be double, balance will be semi-double and single in fine variety. Pkt. 15c.; 2 pkts. 25c.

Annual Poppies

Poppies while considered "Old Fashioned" flowers are nevertheless very showy and make a gorgeous bed. Sow seeds where plants are to remain as they do not transplant well. They seed themselves from year to year. Give plants at least 24 hours of roots. Poppies make handsome bouquets, although they do not last well.

All varieties 4c. a pkt.; 3 pkts. for 10c.

683—AMERICAN FLAG. Flowers very large, snow white, scarlet bordered very double.

684—WHITE SWAN. Immense double flowers, beautifully fringed and of purest white, of dwarf habit.

685—DOUBLE CARDINAL. Large, full, double scarlet blossoms which last longer than many others.

686—FLANDERS FIELD. Single-scarlet. Immortalized by the late World War. Official flower of American Legion.

687—MIKADO. Flowers brilliant scarlet and white with elegant curled petals, like Japanese Chrysanthemums, double.

688—ART SHADES. Most delicate, artistic soft blending shades.

689—SUTTON'S SELECTED. Especially selected varieties by a great English grower from the "Rhoese Poppies."

690—SHIRLEY MIXED. The most delicate and beautiful class, vivid colors of silk-like blossoms which give them the name of Silk Poppies. Colors run through all shades from purest white to deepest crimson, many being delicately and handsomely striped, tipped and zoned.

691—DOUBLE SHIRLEY. The gaudy colorings of the beautiful single "silk or Shirley" Poppy are well known. These beautiful forms and satiny textures are manifest in the double sorts.

692—AMERICAN REGION. A beautiful orange-scarlet Poppy with yellow anthers.

693—CARNATION FLOWERED. Very showy class with double blossoms of all colors, stripings, etc. Blossoms larger than Carnations and somewhat resemble them.

694—PEONY FLOWERED MIXED. A mixture of very large flowering fringed sorts with distinct silvery foliage.

695—RYBURGH HYBRID. The flowers are double and resemble a Giant Carnation, with flat petals overlapping like a Double Begonia. The colors embrace all shades of pink, salmon, orange, etc., all self colors. The flowers, if gathered young, will last for days in water and are valuable as decorative flowers.

696—DAZZLER. This beautiful Begonia flowered Poppy is a deer rich orange scarlet and has true Begonia formed double blossoms. Blooms quickly from seed. Pkt. 5c.

697—SWEET BRIAR. A wild rose pink. Blossoms like those of Dazzler, resemble a double tuberous Begonia. Pkt. 5c.

698—RIVERDALE MIXTURE. Grown and sold by us for years. Contains everything choice in hundreds of varieties, from the massive Peony sorts to the delicate Shirley strains. It affords an endless variety for all and cannot be surpassed. 25c.

Any of above Poppies 4c. a pkt.; 3 pkts. for 10c.; or the 16 for 45c.

PORTULACA

One of our finest hardy annual plants, of easy culture, thriving best in a rather rich light loam or sandy soil, and luxuriating in an exposed sunny situation; the flowers are of the richest colors, and produced throughout the summer in great profusion; fine for massing in beds, edging or rockwork, and frequently used to sow broadcast over sunny banks, etc. Also known as Sun Plant and Rose Moss. Seed does not start till warm weather.

SINGLE PORTULACA

677—FINEST MIXED. Our choicest single sorts from the purest white to the brightest yellows and deep crimson. For a solid bed they make a gorgeous sight on sunny days. Pkt. 4c.; 3 pkts. 10c.

DOUBLE PORTULACA

678—DOUBLE MIXED. All choicest colors. Double as small Roses. Remains open longer than single flowers and are even more desirable for bedding or borders. A large percentage of the flowers will come perfectly double, of the most brilliant scarlet, crimson, white, yellow, etc. Pkt. 5c.; 3 pkts. 12c.

Ricinus (Castor Oil Bean)

697—ZANZIBARIENSIS. Immense, palm-like leaves, 2 to 3 feet across. Plants form a compact, tropical looking bush, 4 to 6 feet high, in two to three months from seed. Fine for lawn or background. Surpasses in size and beauty all varieties. Our mixture has light and dark green leaves and some of copper-bronze. Pkt. 5c.; oz. 15c.; ¼ lb. 44c.

Platycodon

690—FINEST MIXED. Platycodon or Chinese Bellflower, a very desirable perennial bearing star-like, bell-shaped flowers 1½ to 3 inches in diameter. A very handsome plant for the garden. Pkt. 10c.

Stokesia**STOKES' ASTER**

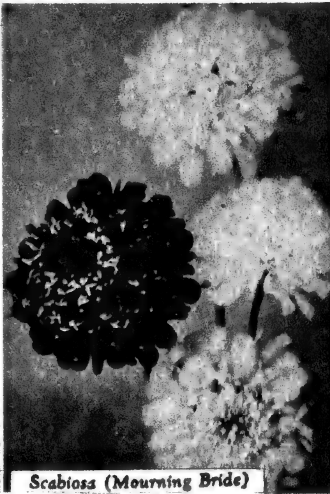

737—CYANEA. A most charming and beautiful native hardy plant which, for many seasons, has been a most admired flower. The plant grows from 18 to 24 inches high, bearing freely from early June until late in October, the handsome lavender-blue centaurea-like blossoms which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position; desirable as a single plant in the hardy border and effective in masses of beds of any size. Pkt. 10c.; 3 pkts. 25c.

Salpiglossis**PAINTED TONGUE**

These showy, half-hardy annuals bear beautiful, funnel-shaped flowers having dark veins on a ground which varies from white to crimson, yellow, orange, etc., and intermediate shades. Blooms from late summer until frost.

700—NEW EMPEROR OR GIANT VELVET. Flowers larger and more brilliant than the common varieties in splendid mixture. Pkt. 10c.; 3 pkts. 25c.

721—HOUSE'S HYBRIDS. Very early and beautiful European productions. A great improvement over the best varieties heretofore known. Pkt. 25c.

**Scabiosa (Mourning Bride)****Annual SCABIOSA**

Mourning Bride, Sweet Scabious Pincushion Flower, etc.

Great favorite with many. Seed can be sown any time in the spring after danger of frost is past. They grow 2½ feet high, and come into bloom early in July and continue without interruption until hard frost. The beautiful flowers in exquisite shades are borne on long stems, and when cut keep in perfect condition for the best part of a week. They make effective borders or beds, and no garden is complete without Scabiosa, especially where flowers are wanted for cutting.

708—BLUE COCKADE. Pure deep azure blue of large conical shape. Very double, deep and solid. Stems long, making it an excellent cut flower. Blooms from midsummer until fall. Very attractive. Pkt. 5c.

709—KING OF BLACKS. Most admired of all Scabiosas. The color is a deep, rich, velvety mahogany. Would be a dead black but for the shining velvety appearance. Pkt. 5c.

710—LOVELINESS. A delicate shade of pink admired by all. Pkt. 5c.

715—DWARF DOUBLE MIXED. Dwarf sorts suitable for borders, etc. Pkts. 5c.; 2 pkts. for 10c.

716—TALL DOUBLE MIXED. All tall varieties which grow about the same height. Pkt. 5c.; 3 pkts. 10c.; ¼ oz. 25c.

717—LEVIATHAN MIXED. These giant or large flowering Scabiosas are an extra large flowering strain of the Tall Double varieties and the colors are similar. If you grow Scabiosa once you will always want them. Pkt. 10c.; 3 pkts. 25c.

718—CAUCASIA PERFECTA. A new strain of hardy perennial Scabiosa with light blue flowers on long stems. Grows 18 inches high and is very desirable for cut flowers. Blooms from June till October. Pkt. 10c.; 3 pkts. 25c.

Primula—Primrose

Primroses are among the best known and most popular winter lowering plants. Seeds sown in spring produce plants which will bloom throughout the following winter and require little care.

679—GIANT OBCONICA. One of the grandest, showiest and best blossoming of all house plants. Blossoms the year around and is always loaded throughout winter, when flowers are most needed. Seed sown in spring will produce plants which commence to bloom in fall and continue to grow and produce blossoms in the lovely shades of lavender, pink, etc., throughout the winter. Pkt. 15c.

681—BABY PRIMROSE. A small flowering sort which is a free and continuous bloomer. One of the best blooming winter plants. Pkt. 10c.

682—FANCY FRINGED MIXED. Choicest varieties of the Chinese Fringed, etc., in best mixture. This includes nearly all the varieties of Chinese Primroses found in greenhouses, etc. Pkt. 10c.

Hardy Primroses are among the most desirable of perennial plants. They bloom profusely in any half shady place. Called "English Primroses" and "English Cowslips."

685—JAPONICA. One of the best hardy primroses for the garden; mixed colors. Blossoms in beautiful whorls around stem 12 to 18 inches high, considered one of the choicest. Pkt. 10c.

686—VERIS POLYANTHUS. A fine perennial producing handsome blossoms in spring. Various colors. Pkt. 5c.

SALVIA (Scarlet Sage)

The Scarlet Sage has long been a favorite bedding plant, also grown for conservatory decoration, bearing long spikes of flowers in great profusion from July till frost; seed should be sown as early as possible, either indoors or in a hot bed, and the young plants transferred to their flowering quarters when the weather has become settled and warm. May also be sown in the open ground in May.

701—BONFIRE. This variety is one of the finest Salvia for bedding yet introduced. The plants grow into very compact oval bushes about 2½ feet high and produce long spikes of brilliant scarlet flowers. Over 200 spikes to a plant is not unusual, and the spikes bear from 20 to 30 flowers each. Gorgeous effects can be produced massed on lawn or in the garden, or planted in rows along a sunny drive, where the brilliant scarlet is simply dazzling. Pkt. 10c.

702—AMERICA or GLOBE OF FIRE. The dwarf plants are of compact rounded growth. Each spike is closely set with mammoth size flowers of the most brilliant scarlet. It begins to bloom early in the season and continues until cut down by frost. Pkt. 10c.

704—PATENS. A tender perennial variety with erect stems, bearing large, broad tubular-lipped flowers of a most superb rich blue coloring. Can be kept as a house plant in a warm room during the winter. Pkt. 20c.

We will mail 35 packets of Different Varieties of Flower Seeds our selection of varieties for \$1.00.

SCHIZANTHUS

(Poor Mans Orchid)

722—SUNSET HYBRIDS. An extra fine selection of these showy "Butterfly Flowers" or "Poor Man's Orchids." A blend of the brightest colors from light gold to carmine and bright red. These are among the showiest and most useful of all flowers. Pkt. 10c.; 3 pkts 25c.

723—WISETONENSIS. A charming annual with graceful, fern-like foliage and a profusion of flowers varying from almost white with yellow eye to a brilliant rose with bronzy brown center. A really beautiful subject for the flower border of winter decorations in greenhouse. Sow outdoors from April till July. They commence blooming in two months or less and continue blooming profusely till late in fall. For bouquets, cutting or florist's work they have few equals. They are especially desirable for bedding or borders. Pkt. 6c.; 2 pkts. 10c.

724—DR. BADGER'S HYBRIDS. A giant strain of extra fine colors, the result of years of improving and crossing. The finest strains of this desirable flower which have ever been introduced. Pkt. 10c.; 3 pkts. 25c.

STOCKS

Stocks are extremely popular for beds, borders, cut flowers or florist's use. Our seed is selected to produce a large per cent of double flowers.

731—NIZZA GIANTS. Mammoth flowered. Each plant makes a bouquet of large double flowers. They run in all colors from pure white to blood red. Pkt. 10c.; 3 pkts. for 25c.

733—EARLY GIANT IMPERIAL (Improved Bismarck). A florist's moneymaker. Grows 24 to 36 inches high, branching freely. Very early blooming and produces a high per cent of doubles in choice colors. Pkt. 10c.; 3 pkts. for 25c.

Sweet William

737—ANNUAL SWEET WILLIAM. Mixed. A variety which blooms first season from seed and resembles the perennial sorts. Pkt. 5c.

Hardy Sweet William

The new, improved, showy varieties of this hardy perennial are the very best plants for display beds or solid masses of showy bloom. Blooms before most annuals and lasts for years. There are many new large flowering varieties in our collection.

739—GIANT MIXED. Contains many new and desirable varieties both in solid, zoned, and auricula shades. Pkt. 5c.; 3 pkts. 12c.

800—DOUBLE MIXED. Many grand sorts and combinations. Very fine. Pkt. 6c.; 2 pkts. 10c.

DWARF ALPINE MIXED

801—A splendid free-flowering compact plant for the rock garden. The plants grow about 6 inches high and make a compact spread of a foot or so. When in full bloom hardly any of the rich green foliage is visible. The color range is magnificent. There are lots of splendid self colors and many eyed, edged, and crowned color combinations. Pkt. 10c.

**VERBENA****BEAUTY OF OXFORD HYBRIDS**

816—These beautifully colored Verbenas shade from clear rose pink to rose red, making them the brightest and most attractive Verbenas grown. Mammoth size and splendid bloomers, individual flowers being an inch in diameter. Pkt. 10c.; 3 pkts. 25c.

NEW COLOSSAL VERBENAS

A new development in Verbenas with flowers of a size heretofore unknown. The trusses are immense, the individual florets measuring an inch in diameter. This magnificent new strain comes true from seed and is of robust compact habit and very free bloomers.

NEW DANNEBROG VERBENA

817—Dannebrog is an intense brilliant scarlet with a pure white eye. Plants compact. Awarded a Gold Medal. Pkt. 10c.

GIANT SPECTRUM RED

818—This magnificent Verbena is an intense bright red, brighter than any other Verbena yet introduced. Having absolutely no eye, the color is intensified, and its brilliance is quite dazzling. Comparable only to Etna, but without Etna's yellow eye. Individual florets are one and one-fourth inches in diameter. Received Special Mention in the 1934 All-American Selections. Pkt. 10c.; 3 pkts. for 25c.

LAVENDER GLORY

819—LAVENDER GLORY. A true lavender with a creamy white eye. Very delicately colored flowers with a sweet fragrance. Pkt. 10c.

822—ROYALE. The royal purple. Large florets are shaded from deep to light. Pkt. 10c.

823—NEW GIANT VERBENA MIXED. The Colossal Verbenas comes in a great variety of fine colors and are one of the most desirable of annual flowers. Our mixture is from one of the finest collections. Pkt. 10c.; 3 pkts. for 25c.

826—FLORADALE BEAUTY. (Award of Merit in 1937 All American Selection). Thought by many to be an improvement on Beauty of Oxford Hybrids. More easily started. A giant hybrid varying from bright rose-pink to deep rose-red. Pkt. 10c.

827—ROYAL UPRIGHT BOUTQUET MIXED. Upright bushy plants loaded with blossoms of all colors. Fine for beds or borders. Pkt. 10c.

836—NANA COMPACTA MIXED. Dwarf bushy class, does not spread like others. Fine for borders. Pkt. 5c.

D. S. C. PRIZE MIXED

837—A grand mixture of everything in Verbenas including large flowering, striped, etc. A great variety. Pkt. 4c.; 3 pkts. 10c.

Sweet Wivelsfield

802—MIXED. Resembles a large flowering Sweet William but carries its flowers more gracefully and well above the foliage and has a greater variety of colors. Excellent for cut flowers or bedding. Continuous bloomer. Pkt. 10c.

Tritoma

Also known as "Red Hot Poker," "Flame Flower," "Torch Lily."

808—TRITOMA HYBRIDA MIRABILIS. A new Red-Hot Poker. Blooms the first year from seed if sown in March. Its orange-scarlet flowers are borne most freely from July to October. A most valuable cut-flower. Pkt. 25c.; 5 pkts. \$1.00.

VENDIDIUM

812—VENDIDIUM FASTOSUM HYBRIDS (Monarch of the Veldt). One of the most admired of all flowers. Large daisy-like blossoms 4 to 5 inches across with double row of petals, upper row marked with beautiful colored zones. This is a magnificent fall annual from South Africa with wooly grayish green foliage. Many colors in these new hybrids. Pkt. 10c.; 5 pkts. for 25c.

Veronica Spieta

838—This hardy perennial has become very popular, especially for the hardy border. It grows eighteen inches high, and is covered all summer with spikes of bright blue flowers, which are highly desirable in the garden. Pkt. 5c.

Vinca

840—MIXED. Dark green laurel-like leaves. Showy flowers with bright eye, mostly rose and white. Plants about 1ft. high and are good for bedding or window boxes. Pkt. 5c.

VIOLET

842—FINE MIXED. A large range of colors and varieties of Violets and Tufted Pansies. Hardy blooms from spring till fall. Pkt. 5c.

WALLFLOWER

Deliciously fragrant, half-hardy perennials, blooming early in the spring, with spikes of beautiful flowers.

844—DOUBLE MIXED. One of the most popular of all flowers in England and other warm countries. Lives through winter and blooms early in spring. Needs protection in cold latitudes. Very fragrant. Pkt. 10c.

845—EARLY WONDER. A new double annual Wallflower produced from crossing the early Parisian and double sorts. One of the best things offered. Pkt. 10c.; 3 pkts. 25c.

Early Flowering Spencers

Early Flowering Sweet Peas are similar to ordinary Spencers, producing larger waved and fluted flowers, but they bloom much earlier and are specially adapted to greenhouse or winter flowering. They blossom equally as good outdoors as their Spencer sorts and are much earlier.

New Early Spencers

NEW SHIRLEY TEMPLE SWEET PEA

741—SHIRLEY TEMPLE. Said to be the most beautiful Sweet Pea ever originated. A cross between Pinkie and Lady Gay. Has the large size and rich color of Pinkie plus the dainty frilled and fluted flowers of Lady Gay. Flowers very large on long stems with 4 or more blossoms to stem. The color is charming and dainty. Pkt. 6c.; 2 pkts. 10c.; oz. 28c.; ¼ lb. 95c.

742—LAVANDA. It is a pure clear lavender, large, waved and perfectly spaced on long stems. Very early flowering. Pkt. 6c.; 2 pkts. 10c.; oz. 25c.; ¼ lb. 85c.

743—ANNIE LAURIE. An early flowering Spencer. Richest tone of pure rose pink. Considerably deeper than Majestic Rose. Pkt. 5c.; oz. 25c.; ¼ lb. 75c.

744—LADY GAY. One of the most delightful shades of soft shrimp pink. Pkt. 5c.; oz. 25c.; ¼ lb. 75c.

745—GILDA GRAY. Early Flowering Spencer of a beautiful salmon cerise over bright pink. Showy. Pkt. 5c.; oz. 24c.; ¼ lb. 75c.

746—LADDIE. Large and fine rose pink with an attractive white background. 4 to 5 blossoms on stout stems.

747—BLUE BALL. One of the best deep rich cornflower blues.

748—ROSE BALL. Large ruffled blossoms of a sparkling bright rose.

749—SPRING ROSE. Large, waved and frilled rich cream pink. An exquisite flower on long stems.

750—MRS. HERBERT HOOVER. Beautiful clear, rich bright blue.

751—VULCAN. A dazzling orange scarlet or scarlet cerise.

752—RED CROSS. A glowing poppy scarlet. Flowers of great size and perfect form. Profuse early bloomer adapted to winter flowering.

753—SWEET LAVENDER. A pure lavender self. A beautiful shade and early bloomer.

Above Early Flowering Sweet Peas where not priced 5c. a packet; 20c. oz. One packet each of the above 13 for 45c.

Standard Early Spencers

Price, any sort, 5c. a pkt.; ½ oz. 12c.; oz. 20c.; ¼ lb. 70c.

754—BURPEE ORANGE. Clear pure orange. Very outstanding.

755—EARLY AVIATOR. A rich dazzling crimson scarlet.

756—MRS. CALVIN COOLIDGE. A glorious shade of bright salmon-pink with an elusive suffusion of bronzy orange in the standard. The wings show a delicate rose cast.

757—BLUE BIRD. This is a charming shade of blue. Large, and exclusively waved. Blooms freely.

758—GLITTERS. No variety approaches Glitters in richness, brightness and live-fire effects. It glitters with a fire-like sheen and radiating over the flowers. The standard is a bright fiery orange, and the wings are deep orange.

759—EARLY SNOWSTORM. The largest and finest pure white winter flowering variety.

Standard Early Spencers-Continued

760—FAIR MAID. Blush pink suffused with salmon. Very desirable.

761—GIANT ROSE. An extra large clear rose of fine form.

One packet each of above 8 Early Flowering Spencer Sweet Peas for 30c.

MIXTURES OF SWEET PEAS

765—MIXED SPENCER SWEET PEAS. All varieties of Spencer Sweet Peas above and others. ½ oz. 8c.; oz. 12c.; ¼ lb. 35c.; 1 lb. \$1.00.

766—CALIFORNIA GIANT SWEET PEAS MIXED. A mixture of the Old Granddaddy, Eckfords, etc. ½ oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; 1 lb. 65c.

762—EARLY FLOWERING MIXED. A fine mixture of Early Flowering Spencer Sweet Peas. Pkt. 5c.; ½ oz. 10c.; oz. 15c.; ¼ lb. 40c.; 1 lb. \$1.25.

Ruffled Sweet Peas

763—FLUFFY RUFFLES. Dainty cream-pink of delicate purity and softness. Lovely four-flowered sprays with blooms wonderfully frilled and ruffled.

764—RUFFLED CARMINE. Lovely carmine-rose, remarkably bright yet soft and pleasing. The large blooms are perfectly frilled and borne on long-stemmed sprays.

765—RUFFLED BEAUTY. Cream-pink with a sheen of bright lilac that gives an unusually charming effect of silvery pink on amber. Large, exquisitely ruffled blooms.

766—RUFFLED ORCHID. Warm lavender-rose with a pastel-mauve sheen that produces a delicate orchid shade. Large, fully ruffled blooms.

767—RUFFLED ROSE. Pure shade of rose that glows softly and gives the large blossoms an individual beauty. Perfectly ruffled.

768—RUFFLED MIXED. Many new and pleasing shades. Flowers large and impressive appearing almost double.

769—BURPEE'S GIANT RUFFLED. A special mixture of large flowering ruffled Sweet Peas.

Above Ruffled Sweet Peas 5c. pkt.; one pkt. each of the 7 for 25c.; one oz. any sort 20c.; ¼ lb. 60c.

Standard Spencers

770—MISS CALIFORNIA. A vigorous grower producing large sprays of a distinct shade of salmon pink.

771—GUINEA GOLD. Attractive glowing orange shaded with gold.

772—CAMPFIRE. Lovely showy brilliant scarlet.

773—POWER'S COURT. Most popular lavender, large and very clear.

774—AVALANCHE. Large pure glistening white of great substance. Elegant well waved flower.

775—AMBITION. New distinct lavender, dark shades at the base of petals. Long stems, enormous waved flowers.

776—FLORADALE. New salmon pink or cream ground. Rich pleasingly colored frilled blossoms.

777—DAFFODIL IMPROVED. Deep daffodil cream. Very desirable.

778—FANTASY. Chocolate-marron on cream ground.

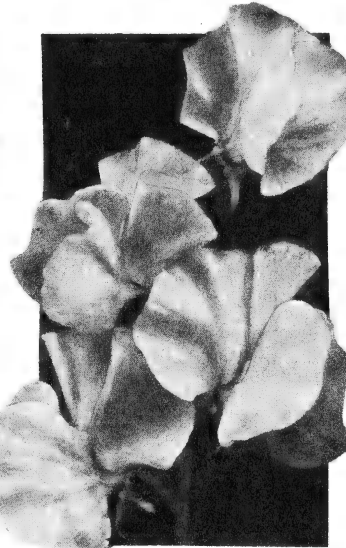

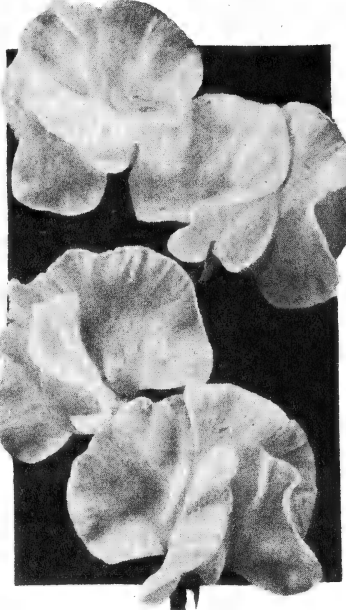

779—MARY PICKFORD. A beautiful cream pink suffused with salmon. One of the most popular.

780—GLORIOSA. A bright glowing orange scarlet. Four large, well waved blossoms on each stem.

781—MRS. TOM JONES. Bright Delphinium Blue. Flowers large and wavy.

782—HALLMARK SALMON-PINK. Rich deep pink, tinted with salmon and orange.

Above Spencer Sweet Peas 5c. pkt. One packet each of the 13 for 44c. One oz. any variety 18c.; ¼ lb. 55c.

Dahlia Flowered Zinnias

Price any variety of Dahlia Flowered Zinnias 8c. a packet; any 6 for 35c. The whole 15 for 70c.

861—CANARY BIRD. A delicate shade of primrose—very large and holds its color well until out of bloom.

862—DREAM. A fine, deep lavender, turning to purple (Mallow Purple), a new, desirable shade of Zinnias.

863—EXQUISITE. By far the most pleasing of our collection. Truly Dahlia flowered as regards form and size. Color light rose with center a deep rose.

864—CRIMSON MONARCH. By far the largest and best of the red shades. Flowers often eight inches in diameter. Plants very vigorous.

865—GIANT ATTRACTION. A distinct shade of brick red which carries its color well from the bud, and forms into an immense ball of color when in full bloom.

866—POLAR BEAR. A very large pure white, the best white yet seen in Zinnias. True Dahlia form.

867—SCARLET FLAME. A large, beautiful, bright scarlet, with a delightful blending of orange throughout the petal. This is not a bicolor.

868—ILLUMINATION. Similar to Exquisite, but a striking self color of deep rose.

869—OLD GOLD. Beautiful gold shadings. One of the most prized.

870—ORIOLE. We consider this the most beautiful of its class. It is a most immense orange and gold bicolor, changing slightly as it ages, but at all times worthy of the beautiful bird for which it is named.

871—OLD ROSE. This is adequately described by its name, as it is of the real Old Rose shade; it is large, and for charm and beauty we consider it ranks next to Exquisite.

872—LEMON BEAUTY. This is next to Crimson Monarch in size and form. It may be described as a golden yellow on brown. Decidedly a pastel shade, and should be in every collection.

873—YOUTH. A very attractive and delicate flesh pink.

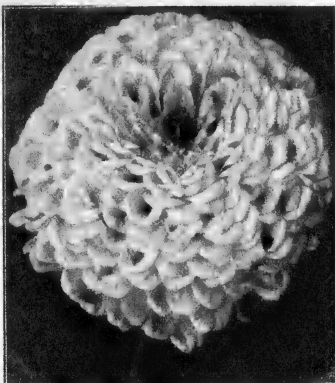

874—LUMINOSA. Bright soft rose. One of the choicest of the new sorts.

875—DAHLIA FLOWERED ZINNIAS MIXED. A giant mixture of all varieties. Pkt. 8c.; 3 for 15c.

Price above Dahlia Flowered Zinnias 8c. pkt.; 6 for 35c. The 15 for 70c.

MAAGEANA OR MEXICAN MINIATURE ZINNIAS

894—NEW PERFECTION MEXICAN ZINNIAS. These have a charm all their own. The blossoms are small, often tipped or picoted with some brilliant color. The colors are brilliant with stems long enough for small bouquets. Our Perfection strain are very double and will be admired wherever seen. Excellent for beds or borders. Pkt. 8c.; 3 pkts. 20c.

Giant Dahlia-Flowered Zinnia.
California Giants

The California Giant Zinnia has larger centers and more loosely placed petals than the old Giant type, thus presenting a pleasing appearance. The size of the flower has been notably increased over the Giant or Colossal. The petals are decidedly imbricated and the flower from bud to bloom assumes a succession of graceful forms.

Any variety 7c. a packet; 3 pkts. 15c.

876—DAFFODIL. Pretty yellow found only in some Daffodils or Narcissus.

877—LAVENDER GEM. (New). Delicate lavender. Unusually fine.

878—ORANGE KING. Cadmium or burnt orange.

879—CERISE KING. Beautiful cerise rose.

880—ENCHANTRESS. Light rose with deeper rose at the center.

881—PURITY. Pure white.

882—SCARLET GEM. A rich glowing deep scarlet. Very showy.

883—BRIGHTNESS. Bright deep rose. One of the choicest.

884—CALIFORNIA GIANT ZINNIA MIXED. A fine assortment of new and desirable shades. Pkt. 7c.; 2 pkts. 10c.; 3 for 15c.

Any above California Giant Zinnias 7c. a packet; 3 pkts. for 15c. The 9 pkts. for 40c.

EARLY WONDER ZINNIA

885—THE EARLY WONDER ZINNIAS are a new race of dwarf early flowering. They produce masses of Pumila like blossoms on long almost leafless stems. Pkt. 8c.; 2 pkts. 15c.

886—GIANT or COLOSSAL ZINNIAS MIXED. Years ago these were the largest and most popular class of Zinnias. Today they are exceeded in size and beauty by the Dahlia Flowered and the California Giants. Our mixture contains a fine variety of colors. Pkt. 4c.; 3 pkts. 10c.

RED RIDING HOOD ZINNIAS

860—This little gem grows but a foot high; of compact form and covered the entire season with little button-like, intense scarlet, very double flowers not over an inch across; as a border it is highly effective. Pkt. 8c.; 3 pkts. 20c.

CUPID ZINNIAS

849—CUPID ZINNIAS MIXED. The smallest perfect flowering double Zinnias. Plants grow about 1 foot high, branch near the ground and send up numerous stems surmounted with dainty flowers. Plants are round and produce flowers in profusion which have slender stems long enough for bouquets. Pkt. 10c.

NAVAJO ZINNIAS

850—NAVAJO ZINNIAS. Resemble in their rich color combinations the Mexican Zinnias. Very unique with flowers of medium size, double and semi-double and composed of long narrow petals which are tipped with white, cream, etc. There is a wide range of colors in two tone effect. Pkt. 10c.

CROWN O'GOLD ZINNIAS

851—CROWN OF GOLD DESERT GOLD. A variety loved for dual tone beauty. Comprises the lighter and deeper shades of gold. Base of petals overlaid with deep golden yellow. Blossoms medium size and produced in abundance. Pkt. 8c.

852—CROWN OF GOLD MIXED. The new Crown of Gold mixture contains a fine array of colors. Each petal is overlaid with deep golden yellow at its base, while it carries out its individual flower color at the tips. Very showy. Pkt. 8c.; 2 pkts. 15c.

FANTASY ZINNIAS

853—FANTASY STARDUST. One of the most popular of last season. All American Selection. Medium size with the shaggy informality of the Fantasy type. A lovely golden yellow which looks wonderful in bouquets and make up work. Pkt. 10c.

854—FANTASY ZINNIAS MIXED. Splendid large blooms that will give a fine display in the garden and make a lovely bouquet. The flowers are well rounded. They are composed of a mass of shaggy ray-like petals which give it unusual charm. The color range is most varied and beautiful including all the typical Zinnia shades. Pkt. 8c.; 3 pkts. 15c.

SCABIOUS FLOWERED

SCABIOUS FLOWERED ZINNIAS

856—MIXED. Flowers resemble a Scabiosa more than the old-fashioned Zinnia. They have a typical cushion composed of small flower petals in the center surrounded by longer and broader petals on the outside. The color range is most interesting and complete. The plants grow 24 to 30 inches tall and bloom profusely throughout the season. Pkt. 10c.; 3 pkts. 25c.

LILLIPUT ZINNIAS

Plants of Lilliput Zinnias have a neat dwarf branching habit. They grow 12 to 15 inches high and are literally covered with exquisite double pompon flowers. Fine for borders, beds or cutting.

859—MIXED COLORS. Pkt. 6c.; 2 pkts. 10c.

857—MIXED PICOTEE. All colors. Pkt. 7c.; 3 pkts. 15c.

893—CUT AND COME AGAIN MIXED. All colors. Pkt. 5c.

Unrivalled Wax BUSH BEANS

People have come fifty miles to our store to get these Beans. They say there is nothing as early or as good. Heavy yielder, rust resistant, thick fleshy pods of the finest quality. Pkt. 5c; ¼ lb. 12c; lb. 35c; 3 lbs. for \$1.00.

Davis White Wax

Immensely productive, bearing large handsome straight pods six inches in length. Green color, account of its handsome appearance. Dry beans are white and fine for baking. Pkt. 5c; ¼ lb. 10c; lb. 32c; 3 lbs. 85c.

Round Pod Kidney Wax

We find this one of our best and most profitable varieties, combining earliness, fine quality and other good qualities. Hardy, productive good pods long, round, fleshy and excellent. One of the best for home or market. Pkt. 5c; ¼ lb. 10c; lb. 35c.

Kidney Wax

Extra Early Wax Bean for Home or Market

A superior sort for family or market, pods 6 inches long, flat and a fine yellow color, brittle and entirely stringless, remaining in good condition to use for a long time. Beans large, white with red spots and kidney shaped. A universal favorite and highly recommended everywhere. Pkt. 5c; ¼ lb. 10c; lb. 32c; 3 lbs. 85c.

Prolific Wonder Wax

An improved rust-proof strain of the popular old Golden Wax. More productive and better in every way. Produces large, handsome, rich yellow pods of the finest quality in great abundance. Hardy and almost entirely rust-proof, and entirely stringless. Fine for home use or market. Pkt. 5c; ¼ lb. 10c; lb. 30c; 3 lbs. 80c.

Pencil Pod Black Wax

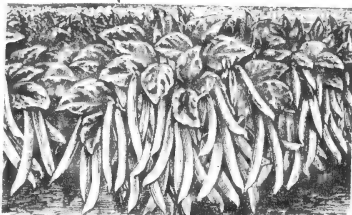

A grand, bushy variety, growing about 15 inches high and producing an abundant crop of handsome, straight pods 6 to 7 inches long, of light golden yellow color and meaty, brittle, solid and entirely stringless; fine mild flavor and very desirable. Remains brittle and tender longer than other sorts. Pkt. 5c; ¼ lb. 10c; lb. 33c; 3 lbs. 85c.

Hodson Wax

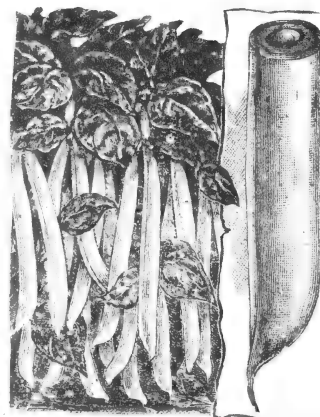

Latest and greatest yielder of all Wax Beans. Produces an immense crop of long yellow pods after other sorts are harvested. Pkt. 5c; ¼ lb. 10c; lb. 35c.

Agrow Black Valentine Green Podded

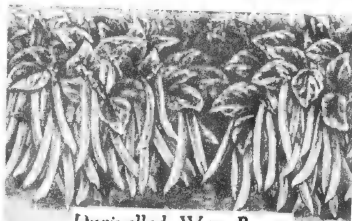

Received All-American Award of Merit, for 1933. Well adapted for market garden use and for early shipping. Plant large, erect, prolific. Very attractive, oval pods, nearly straight, dark green, strictly stringless, and of fine quality and delicate flavor, retain color and texture in shipping long distances; seeds oval, 81 per oz., solid black. Similar to Black Valentine except that it is free from striae. Pkt. 5c; ¼ lb. 12c; lb. 38c; 3 lbs. \$1.00.

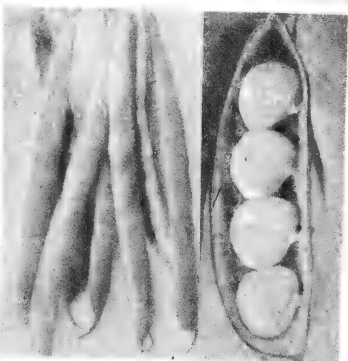

Earliest Butter Wax

Pencil Pod Black Wax

Unrivalled Wax Beans

Stringless Green Pod

Fordhook Lima

Stringless Green Pod BUSH BEANS

(Also Called Burpee's Stringless Green Pod)

Extra hardy and early maturing. The pods are of a rich green, very round and 5 inches long, broad and solidly meaty; they are deeply saddle-backed, caused by the rounded swell of the fleshy sides. The pods are tender, brittle and of finest flavor, bearing entirely stringless beans even when fully matured. Pkt. 5c; ¼ lb. 10c; lb. 35c; 3 lbs. 95c.

Bountiful—Green Podded

One of the Beans most extensively grown for city markets. Very productive, long handsome green pods. Continuous bearer; solid, meaty, stringless with a fine flavor. Pkt. 5c; ¼ lb. 10c; lb. 32c; 3 lbs. for 90c.

Giant Stringless Green Pod

A grand stringless variety sometimes called Giant Stringless Valentine. Wide, fleshy, thick pods, 5 to 6 inches long. A little later than Stringless Green Pod and of excellent quality. Pkt. 5c; ¼ lb. 10c; lb. 32c; 3 lbs. 90c.

Dwarf Cranberry

A popular Bush Bean for shelling green. Beans are large and of the finest possible flavor. Beans similar to the Pole Cranberry. They are used more than any other for succotash. Pkt. 5c; ¼ lb. 10c; lb. 31c; 3 lbs. 85c.

Royal White Kidney

Very large kidney shaped white Bean, considered by many to be the very best shelling Bean for winter use. ¼ lb. 9c; lb. 30c; 3 lbs. 75c.

White Marrow

A strong, vigorous grower, producing a large crop of nearly round white beans. This is the old standard for field crop and is unequalled for a winter/hell bean. Bakes fine. ¼ lb. 9c; lb. 30c; 3 lbs. 75c.

BUSH LIMA BEANS

Fordhook Bush Lima

Erect, compact, bushy grower, which does not lie on the ground like many others. Pods and Beans large and very tender, juicy and sweet, being much thicker than other sorts. One of the earliest and best in every respect. Very prolific. Pkt. 5c; ¼ lb. 12c; lb. 38c; 3 lbs. \$1.10.

White Wonder Lima

One of the finest Bush Limas. Beans large, white and productive. Largest pods of all. (Similar to Burpee's Improved Bush Lima). One of the earliest, although all true Lima Beans are later than other sorts. If you grow Lima Beans try this one. Pkt. 5c; ¼ lb. 12c; lb. 38c; 3 lbs. \$1.10.

Jackson wonder Lima

Very early Bush Lima often called Calico Lima because the Beans are colored and spotted. Grows quickly, fine quality and productive. Pkt. 5c; ¼ lb. 10c; lb. 34c; 3 lbs. for \$1.00.

Old Homestead or Improved Kentucky Wonder

THE IMPROVED KENTUCKY WONDER or OLD HOMESTEAD is the most popular of all the green podded pole beans. People who plant them once always want them again. Vines often bear a peck of pods of a silver-green color 7 to 9 inches long. Solid, meaty, stringless, and finest quality. Pkt. 5c.; ¼ lb. 10c.; ½ lb. 34c.; 3 lbs. for \$1.00.

Old Homestead

Golden Cluster Wax

EARLIEST YELLOW PODDED POLE BEANS

One of the earliest and a great producer, pods hang in clusters of 3 all over the vine. This popular sort is grown and admired everywhere. Beans white and of the finest possible quality, either as a snap or shell-bean. Pkt. 5c.; ¼ lb. 12c.; ½ lb. 35c.; 2 lbs. 70c.

Golden Cluster Wax

This popular Pole Bean has been extensively grown for years and seems to give universal satisfaction. It is one of the best and most productive Pole Beans known. A vigorous, hardy grower, compact; resembling in vine and habit the popular green pod Kentucky Wonder or Old Homestead. Very productive, stout flat pods 5 to 6 inches long of a clear, waxy yellow, strictly stringless and almost free from fibres; very fleshy, brittle, fine grained and of excellent quality. Pkt. 5c.; ¼ lb. 15c.; ½ lb. 40c.; 3 lbs. \$1.10.

White Kentucky Wonder

It is enormously productive, pods hanging in great clusters from top to bottom of the poles. One of the best green-podded string beans in cultivation. Beans pure white. Pkt. 5c.; ¼ lb. 10c.; ½ lb. 35c.; 3 lbs. \$1.00.

Lazy Wife

One of the best for snaps of the later green podded Pole Beans. Pods, borne in large clusters, are long, broad, thick and fleshy. Dry beans are excellent for winter use. Beans white. Pkt. 5c.; ¼ lb. 14c.; ½ lb. 36c.; 3 lbs. \$1.00.

Scarlet Runner

Height, 10 feet with dazzling Scarlet flowers from July to October; both ornamental and useful. It is used either as a string or shelled bean. Pkt. 5c.; ¼ lb. 10c.; ½ lb. 35c.; 3 lbs. \$1.00.

Mammoth Horticultural or Cranberry

Beans are of large size, oval in shape and of the highest quality either green shelled or dry. Vines are vigorous. The pods are very long, 6 to 7 inches, striped or splashed deep, brilliant red. This is the most attractive and finest Bean of the Horticultural Pole Beans. Pkt. 6c.; ¼ lb. 12c.; ½ lb. 38c.; 3 lbs. \$1.00.

Early Leviathan Lima

THE VERY EARLIEST POLE LIMA

It will not only give large Lima Beans earlier than any other strain, but is also extremely productive. It is a strong grower and a sure cropper. The pods differ from those of other early Pole Limas in being straighter and longer. The pods extend out from the foliage in large clusters and contain 3 or 4, and sometimes 5, large beans to the pod. Pkt. 5c.; ¼ lb. 12c.; ½ lb. 40c.; 3 lbs. \$1.10 by mail.

Golden Cluster Wax

McQUEEN'S Inoculator

Inoculated seed draws nitrogen from the air, produces nodules on the roots which enrich the soil and make the plant grow

Treatment of the seed with McQueen's Inoculator is the cheapest and surest way of enabling them to get the nitrogen they so vitally need in sufficient quantity to insure a maximum yield.

Garden Size, 15c.

Combination for Peas, Sweet Peas, Garden and Lima Beans.

Giant Podded Lima

A grand new Pole Lima which promises to be the very best of all. Pods 7 to 8 inches long and filled with extra large beans of superb quality. Vines vigorous and grow rapidly, producing side shoots which are loaded with large handsome pods. Pkt. 6c.; ¼ lb. 14c.; ½ lb. 40c.; 3 lbs. \$1.15.

King of Garden Lima

The old standard market and family sort. The vine begins to produce pods at the foot of the pole and the bearing season continues until frost. Pods large and well filled with beans of mammoth size. One of the earliest and best Pole Limas. Pkt. 5c.; ¼ lb. 10c.; ½ lb. 35c.; 3 lbs. \$1.00.

Bush Beans

Asgrow Black Valentine

Unequaled in pod size, exceptional in quality, resistant to fusarium wilt. Its pods are 5 or 6 or even 6½ inches long, very dark green, pointed and somewhat curved at the tip. Vine 24 to 25 inches tall. Matures in about 75 days. It has the unusual quality of remaining tender and sweet a week to ten days after reaching the picking stage. Pkt. 6c.; ¼ lb. 15c.; ½ lb. 35c.

TENDERGREEN

Strong vigorous branching plants. Pods 7 inches long, round and beautiful green color. Very meaty, tender and absolutely stringless. Pkt. 6c.; ¼ lb. 12c.; ½ lb. 35c.; 3 lbs. for \$1.00 by mail.

Earliest Butter Wax

Plants strong, vigorous and upright, producing an immense crop of beautiful yellow pods 5 to 7 inches long. A rust-proof sort, tender and stringless. Early and of unexcelled quality. Pkt. 6c.; ¼ lb. 12c.; ½ lb. 35c.; 3 lbs. for \$1.00.

BUSH BEANS

We have added to our list two varieties of Beans for which we had many inquiries last season.

Refuge Stringless Green Pod Bush Bean. A very late but high quality of bean especially popular for canning; maturing in about 70 days, it produces a heavy crop of round, absolutely stringless pods 3 to 5½ inches in length. Pkt. 5c.; ¼ lb. 10c.; ½ lb. 22c.

Henderson's Bush Lima Beans. The most popular "Baby Lima" used extensively in the South, where it is called a Butter Bean, and by canners. The pods are flat, 3 to 3½ inches long, each with 3 to 4 beans which are small, flat and of excellent quality. Matures in about 65 days. Pkt. 5c.; ¼ lb. 10c.; ½ lb. 24c.

KENTUCKY WONDER WAX

Perfected Detroit Dark Red Beet

Extra Early Deep Blood Red Color. Fine Form.

This variety has been improved until it is unquestionably the finest early beet for home or market. Color a deep dark red, fine grained, sweet and tender. An early as the very earliest and a good keeper. This is a fine seller on the market and an excellent sort for canning. This strain of Detroit Dark Red is as perfect as it can ever be grown. Roots are globe shaped, very smooth and of medium size; skin dark red, flesh intense deep red without zones, very tender and sweet. Pkt. 10c; oz. 20c; ¼ lb. 75c; 1 lb. \$2.75.

Early Wonder Beet

A remarkably extra early, perfectly shaped, round, deep red Beet—earlier and if possible, handsomer than the popular Crosby's Egyptian. Regular form, deep crimson colored flesh of fine, sweet flavor. A quick grower Beet for market gardeners' trade, pickling or early table use. Pkt. 8c; oz. 18c; ¼ lb. 60c; 1 lb. \$2.00.

Early Blood Turnip

A good sized strain of round, red, turnip-shaped Beet which is grown more than any other for general use. Good keeper. Fine flavor. Excellent for home use or market. Pkt. 8c; oz. 18c; ¼ lb. 60c; 1 lb. \$2.00.

Crosby's Egyptian

Deep red, almost black in color; an improvement over the old Egyptian, being sweeter, more tender, smoother, and also more round in form and larger, although equally as early. The most desirable sort for small Beets for early market. It is a very rapid grower and can be sown outside as late as July. Our strain is extremely early, and very uniform in shape and color. Pkt. 8c; oz. 18c; ¼ lb. 60c; 1 lb. \$2.00.

Crimson Globe

Roots very handsome, globe-shaped and has remarkably smooth surface. Both the skin and flesh are deep, rich, red, fine grained, sweet and tender in all stages of growth. Good for main crop. Pkt. 8c; oz. 18c; ¼ lb. 60c; 1 lb. \$2.00.

D.S.C. Sugar Beet

Used for Sugar Making

This is best strain of Klein Wanzleben which is acknowledged to be the best for sugar making. Cut Beets in thin slices and soak in hot water 60 minutes. Cut the liquid and boil down the syrup taking off the scum while boiling. When like syrup, can or bottle while hot and seal tightly to prevent molding. One bushel of Beets makes about 5 quarts of good syrup.

This handsome Sugar Beet will yield nearly as much as a Manville Wurzel and is better and sweeter. Very desirable to raise for stock feeding and is used by many for table. Pkt. 8c; oz. 15c; ¼ lb. 50c; 1 lb. \$1.75.

Rose French Sugar

Most productive of all Sugar Beets. One of the best for table use. For stock feeding it cannot be surpassed, yielding nearly as heavy as Manville Wurzel and better quality. Pkt. 8c; oz. 12c; ¼ lb. 45c; 1 lb. \$1.50.

Gate Post Mangel Wurzel

A giant yellow midway between the long and short Mangels. Roots very large, heavy and solid, quality fine for stock feeding. Sure cropper and easily harvested. Called Gate Post because so large. Oz. 15c; ¼ lb. 50c; 1 lb. \$1.75.

Golden Tankard Mangel Wurzel

Richest and Best Yellow for Feeding Stock—Great Milk Producer. It is an immense yielder and 60 to 75 tons per acre have often been grown on good ground and under good cultivation. The roots are handsome, of an ideal, cylindrical form, with small neck, clean generally with only one tap-root, and deep orange below the ground, the flesh is bright golden yellow. Oz. 15c; ¼ lb. 50c; 1 lb. \$1.75.

Giant Long Red Mangel Wurzel

A standard and favorite Mangel, producing a very large root and uniformly straight and well formed, weighing from 10 to 30 pounds each, of a beautiful dark red color, wonderfully productive, average 1,000 to 1,500 bushels per acre. Keeping qualities not excelled. Oz. 15c; ¼ lb. 50c; 1 lb. \$1.75.

Lucullus SWISS CHARD

Lucullus is a very large and distinct variety of Swiss Chard, Sea Kale or Asparagus Beet. The stalks are as thick and broad as Rhubarb. The stalks grow to a height of from 2 to 2½ feet, and leaves are from 10 to 12 inches long and 1½ inches broad. This is not only the handsomest, but is one of the best varieties of this desirable salad. The outside leaves of Swiss Chard are used as "boiling greens" and are excellent for this purpose. The large, white stalks are used like Asparagus; they are boiled and served in melted butter or milk dressing and are fully as delicious and even more tender than Asparagus. The extra large leaves of thick texture are heavily crumpled or "savoyed" and of fine flavor. Pkt. 8c; oz. 18c; ¼ lb. 60c; 1 lb. \$2.00.

White SWISS CHARD

Swiss Chard, Sea Kale, Silver Beet or Asparagus Beet is a variety of ornamental Beet which produces no bottoms, but makes large, handsome foliage, which is unsurpassed for greens. Has become very popular and seemingly indispensable to those who have tried it. Pkt. 8c; 1 oz. 18c; ¼ lb. 60c; 1 lb. \$2.00.

Detroit Dark Red

Early Wonder.

Swiss Chard, Lucullus.

ASPARAGUS

Soil must be very rich to grow good Asparagus. Use an abundance of rotted manure. Cover the bed with manure for the winter. Pour boiling water on the seeds. Let it stand 2 minutes, then pour it off before sowing. Plants will produce stalks for cutting in 2 to 3 years from seed.

MARY WASHINGTON

A superior variety originated by the Department of Agriculture. Shoots long, thick and heavy, and of a rich dark green color. Sure cropper. Rust proof. Finest quality. Pkt. 5c; oz. 10c; ¼ lb. 25c; 1 lb. 75c.

GIANT ARGENTEUIL

A giant variety of Asparagus possessing all the good qualities of the well-known Conover's Colossal, Palmetto, etc., and is larger and more desirable than either. The mammoth, unsurpassing tender stalks are of nearly white color. Pkt. 5c; oz. 10c; ¼ lb. 25c; 1 lb. 60c.

CRESS

FINE CURLED OR PEPPER GRASS—Quick growing; leaves finely cut and feathery, ornamental, crisp and pungent; very refreshing. Ready for table in 30 days. Pkt. 5c; oz. 8c; ¼ lb. 18c; 1 lb. 55c, prepaid.

WATER CRESS—Highly esteemed as a salad during spring and fall. Also used as a garnishing for meats during the winter. Sow the seed in cool, moist soil in early spring or if a shallow running stream or ditch is near, the seed may be sown within the same near the bank. Pkt. 5c; ¼ oz. 10c; oz. 30c; ¼ lb. \$1.20.

Corn Salad

A refreshing winter salad, cook and use like Spinach. Grows quickly and is hardy. Sow in spring for summer use and in September for spring use. Pkt. 5c; oz. 12c; ¼ lb. 35c.

BRUSSELS SPROUTS

Market Favorite

Small Cabbage-like heads are produced at the axils of the leaves which are extremely fine flavor. The plants are of strong, robust growth. The sprouts develop for nearly the entire height of the stalk at about the same time, consequently a very large crop can be gathered. Heads solid and improved by light frost. Pkt. 5c; ¼ oz. 8c; oz. 15c; ¼ lb. 50c.

'TWIST-EMS'

Cut No. 101

THE NEW HANDY PLANT-TIE

Place 'Twist-ems' around stem and support

Twist ends between finger and thumb

In a "flash" stem is securely tied

'Twist-ems' are dark green strong tapes with wire reinforcing that make perfect plant ties. Quick, Permanent, Attractive, Convenient. For Nurseries, Estates, and Amateur Gardeners. For Plants, Shrubs, Vines, and arranging of Flowers.

Box of 125 8 inch size, \$1.50
Box of 250 4 inch size, \$1.50

Green Propageno Broccoli

GREEN BROCCOLI

Extra Early Propageno, An Early Improved Calabrese, the Best and Earliest Green Broccoli!

The Green Broccoli is gaining in popularity every season and is now considered a great delicacy in many high class hotels and restaurants. An early grown an Cabbage, maturing the first cutting in about 50 to 70 days. Cut while green before they commence to flower and prepare in the same manner as Asparagus. This makes a very tasty and nourishing dish. The heads are similar to cauliflower and may be prepared in the same way if one desires. Cut out the center head when ready and small ones will form around on the branches.

The new Propageno is considered superior to the old sorts and matures early. Pkt. 10c; ¼ oz. 20c; oz. 35c; ¼ lb. \$1.20; 1 lb. \$4.25.

Egg Plant—Black Beauty

EGG PLANT

Black Beauty

Very early, large and good quality. Fruits set thickly on plants and are of thick, attractive form and rich, lustrous, violet black. The plants are remarkably healthy in their growth and yield an abundance of large fruits which are very attractive in appearance. This variety is entirely spineless. Pkt. 5c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.20.

Florida High Bush

Very large, handsome Egg Plant which is not only prized for its fine quality and rich purple color, but the fruits are good, large, marketable size and produced in large quantities. Bushy, upright form of plants keeps fruit well off the ground. Resists wet and dry weather better than other sorts. Pkt. 5c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.20.

EGG PLANT

NEW HAMPSHIRE HYBRID

This egg plant was awarded an All-America Selections Silver Medal in 1930. Developed by the New Hampshire Agricultural Experiment Station, a selection from Black Beauty x Dwarf Purple, with a view to providing an extra early variety with good sized fruits for northern climates. It has proven excellent in many ways, among them its heavy yield of early fruits, uniformity and size, being nearly as large as Black Beauty, which it resembles. For home or market. Pkt. 10c; ½ oz. 25c; 1 oz. 35c.

MAKE MONEY

SELLING SEEDS

BOYS, GIRLS, and even grown people can make money easily selling seeds. Almost everybody will buy several packages. You double your money quickly. We put up 3 Boxes. Each contains 100 packets ages beautifully printed in natural colors. Most seeds in stores are 10c a packet. You sell these for 5c a packet. They cost you 2½.

BOX 1. Contains 100 packets of flower seeds.

BOX 2. Contains 75 packets of flower seeds and 15 packets vegetable.

BOX 3. Contains 50 packets flowers and 50 packets vegetables.

Price: \$2.50 a box by mail. Must be paid for in advance.

Market Favorite

Brussels Sprouts

DANISH BALL HEAD

Most widely used and best type of late cabbage for kraut, for storage, and for shipping. Plant fairly large, sturdy with short stem. Heads deep round, very hard; interior decidedly compact. Texture tender and crisp, flavor good; ideal for high quality kraut. Pkt. 10c; oz. 30c; ¼ lb. \$1.00; 1 lb. \$3.75.

GOLDEN ACRE

GOLDEN ACRE is grown more extensively for extra early than any other cabbage. It is an early strain of the popular Copenhagen Market. Early as the Early Jersey Wakefield and produces a round solid head usually weighing about 5 lbs. Finest quality and a sure header. Pkt. 10c; oz. 30c; ¼ lb. \$1.00; 1 lb. \$3.75.

EARLY JERSEY WAKEFIELD

This is the old standard for extra early and extended grown for early market. The conical heads are hard and solid, with few outer leaves. Pkt. 8c; oz. 20c; ¼ lb. 75c; 1 lb. \$2.50.

MAMMOTH WAKEFIELD

A splendid strain of Jersey Wakefield, about a week later than the earliest, with heads twice as large, weighing from 5 to 10 lbs. each; a good keeper and may be planted as a second crop to mature in autumn, if desired. It is much used by market gardeners to follow Jersey Wakefield; a first-rate shipper, and in great favor with everybody who knows it. Pkt. 8c; oz. 25c; ¼ lb. 80c; 1 lb. \$3.00.

Copenhagen Market

A wonderful second early coming just a little later than Early Wakefield. Very solid and can be planted closer than most sorts because it has few outer leaves. Heads are nearly as large as Ballhead. A good keeper and a most popular autumn sort. Pkt. 10c; oz. 30c; ¼ lb. \$1.00; 1 lb. \$3.75.

GLORY or Glory of Enkhuizen

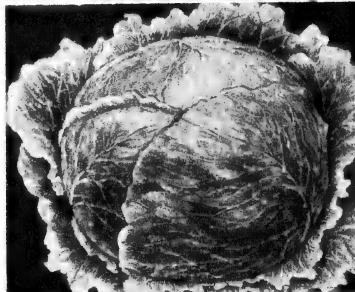

Very large round heads coming between the Copenhagen Market and the Ballhead. Very solid, fine appearance, being almost white. Sells well before the Ballhead is ready. Good keeper and shipper. Extensively grown in the South to ship North. Pkt. 8c; oz. 30c; ¼ lb. 75c; 1 lb. \$2.50.

PREMIUM FLAT DUTCH

Before the Danish Ballhead became well known, Premium Flat Dutch was the standard Cabbage for main late crop. Heads very large, flat, showy, appearing larger than they are because of being flat. Will produce as much or more bulk Cabbage to the acre as any other sort. Pkt. 8c; oz. 20c; ¼ lb. 75c; 1 lb. \$2.50.

DRUMHEAD SAVOY

The Savoy Cabbage is superior to other Cabbages, having greater tenderness and delicacy of flavor. The heads are larger, solid, and possess a fine delicate flavor. The curled and crimped leaves are of a dark, rich green color. Pkt. 10c; oz. 30c; ¼ lb. \$1.00; 1 lb. \$3.75.

Surehead

Super-Snowball

CAULIFLOWER**Super-Snowball**

The finest, earliest, most profitable cauliflower variety in existence, given good soil, and proper care. Super-Snowball can be harvested and out of the way before ordinary varieties are ready to cut. The heads are large, the leaves quite large and curl over the head for protection from the sun. This seed is the originator's strain. Pkt. 10c; ½ oz. 60c; ¼ oz. \$1.00; 1 oz. \$4.00.

Dwarf Curled KALE

This is harder than cabbage and makes excellent greens for winter and spring use. The leaves are as curly as Parsley, tender and of very fine flavor. It is improved by frost. Immense quantities of this are grown in the South and shipped to Northern markets. Pkt. 5c; oz. 15c; ¼ lb. 40c; 1 lb. \$1.25.

**Pennsylvania State
Ballhead Cabbage**

A fine strain of the popular Ball Head brought out by the Pennsylvania State College of Agriculture. It is an improved Ball Head, hardy, disease resistant, large, solid, heavy, often weighing 25 lbs. Good header of fine quality. Pkt. 10c; oz. 35c; ¼ lb. \$1.25; 1 lb. \$4.75.

Marion Market

A popular Yellows Resistant strain. A development from Copenhagen Market but with slightly larger, round, firm, heads. Valuable as an early kraut variety. Pkt. 10c; oz. 30c; ¼ lb. \$1.00; 1 lb. \$3.75.

MAMMOTH RED ROCK

A large strain of the standard red cabbage. Heads round, very hard color purplish red; an excellent keeper. Pkt. 8c; oz. 25c; ¼ lb. 80c; 1 lb. \$3.00.

SUREHEAD CABBAGE

One of the very best late Cabbages. Heads are very uniform in shape, weighing ordinarily from 10 to 15 pounds each. Of very fine quality, solid and of fine texture. Certain to head, drought resisting, about 10 days earlier than Danish Ballhead. Grown extensively for winter use, as it is one of the best Keepers. We recommend Surehead for the home garden. Pkt. 8c; oz. 20c; ¼ lb. 75c; 1 lb. \$2.50.

WONG BOK OR PAOTING

This might be called a cross between mustard and cabbage. The heads are elongated and folded. Heads quickly and is better sown as late as July. Can be served as a salad with French dressing or cooked as cabbage. Can be used at any stage of growth. The leaves may be served as Spinach and the ribs as Asparagus. Pkt. 10c; oz. 25c; ¼ lb. 80c; 1 lb. \$3.00.

MIXED CABBAGE SEED

A mixture of all varieties. Gives early and late. Pkt. 8c; oz. 20c; ¼ lb. 75c.

**Giant Dry Weather
CAULIFLOWER**

Heads When Others Fail, Resists Drought

This grand variety is 10 to 15 days later than the Snowball and larger. Dwarf growth and hard, pure white heads fully protected by the foliage. Especially adapted to hot and dry weather and heads when others fail. This is a good, sure cropper for late or main crop and should be largely planted. Pkt. 10c; ½ oz. 60c; ¼ oz. \$1.00; 1 oz. \$4.00.

Early Snowball

Known as Henderson's Early Snowball

Standard Early Market Sort
Universally Grown

This popular Cauliflower is more extensively grown than any other. It has been for years considered one of the very best. We have grown good heads by July and August when sown early. If sown later it is a good keeper. Grows quickly, heads good size, pure white and of first quality. Our Danish grown seed is far superior to American grown seed and costs more to produce. Pkt. 10c; ½ oz. 60c; ¼ oz. \$1.00; 1 oz. \$4.00.

CARROTS

Nearly all the Carrot seed as well as the Onion and Lettuce used in this country is grown in California. The climate there seems adapted to producing a superior strain of seed. Our seed is unexcelled in quality.

Early Scarlet Horn

The most popular of all early sorts. The roots measure 1 1/4 inches in diameter and 3 inches in length, holding their thickness well and being abruptly stump-rooted. They are a rich, deep orange in color, fine grained, of sweet flavor and succeed well in shallow soil; of attractive appearance for bunching. Pkt. 10c; oz. 25c; 1/4 lb. 85c; 1 lb. \$3.00.

Oxheart Orange Carrot

One of the best for a thin soil where long roots do not get down. An extra good sort for all soils and purposes. Roots short, thick, and of the finest quality; beautiful in appearance and easy to harvest. Grows quickly for early use. Pkt. 10c; oz. 25c; 1/4 lb. 85c; 1 lb. \$3.00.

Red Cored Chantenay

One of the prettiest Carrots grown. The deep orange-red color and smooth symmetrical shape are combined with a nice size which makes it irresistibly appetizing. Its beauty is more than skin deep. It goes through to the very center which is even more tempting than the outside. The sweet solid red core is of the richest flavor. Its beautiful crisp, tender, sweet quality is greatly appreciated by all who love this healthful and nutritious vegetable. Pkt. 10c; oz. 35c; 1/4 lb. \$1.25; 1 lb. \$5.00.

Perfected Half Long

Similar to Danvers Half Long

An excellent, broad-shouldered, half long, stump-rooted sort growing very smooth and cylindrical, with no waste. Excellent rich yellow color, finest possible flavor and very productive. Easily harvested and a good table or stock sort. Pkt. 10c; oz. 25c; 1/4 lb. 90c; 1 lb. \$3.50.

Nantes Coreless Carrot

Very pretty, handsomely formed half long carrot, attractive orange color, small tops so that it can be grown more closely than others. Very solid, coreless and of the finest quality. Pkt. 10c; oz. 40c; 1/4 lb. \$1.50; 1 lb. \$6.00.

Mothers Favorite

A great favorite with people who like a nice medium sized Carrot of splendid flavor, which can be easily pulled and comes fairly early in the season.

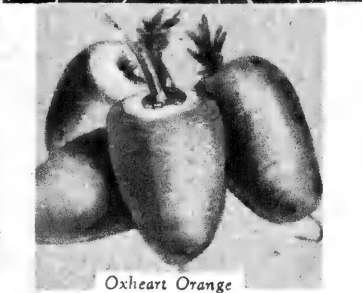

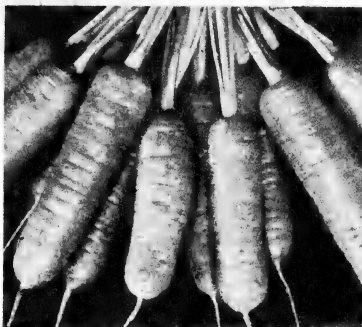

Mother's Favorite Carrot fills these wants. The size is ideal, quality fine. It is a little longer than the Oxheart and shorter than the Half Long. Pkt. 10c; oz. 35c; 1/4 lb. \$1.50; 1 lb. \$6.00.

Long Orange Carrot

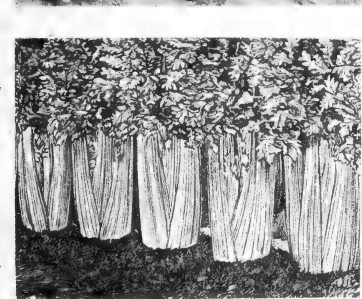

The standard long yellow either for table or stock. Long, smooth form, tapering to a point. Color a rich, deep orange and quality the best. Makes a richly colored milk. Pkt. 10c; 1 oz. 25c; 1/4 lb. 85c; 1 lb. \$3.00.

Georgia COLLARDS

This delightful salad is used during the late fall, winter and spring months as a substitute for Lettuce. It is also cooked and used like Spinach. Pkt. 5c; oz. 12c; 1 lb. 30c; 1 lb. \$1.00.

Oxheart Orange

Celery Golden Plume

Giant Pascal Celery

Large, Late, Crisp, Sweet—Best For Winter

The best standard late sort, very large, thick, heavy ribs of a sweet, meaty flavor. Stalks solid and stringless and almost as brittle as glass. Pkt. 8c; 1/2 oz. 20c; 1 oz. 30c; 1/4 lb. \$1.00.

CHICORY, Witloof

Witloof Chicory is one of the finest of all winter salads and is considered a great delicacy in French restaurants, etc. Roots may be grown same as Parsnips or Carrots. Lift roots in fall, cut off tops and store in soil or sand until wanted. Make rich bed in cellar, greenhouse or where temperature is 50 degrees or more and plant as few at a time as wanted during winter. Cover growing plants with old cloth or carpet to keep dark. Heads are ivory white and large as Cox Lettuce. Delicious either raw or with French dressing. Pkt. 5c; oz. 15c; 2 oz. 25c; 1/4 lb. 40c.

Golden Self Blanching CELERY

One of the Best and Most Popular Sorts—Does Not Need Any Blanching

This grand variety grows 18 to 20 inches high, is wonderfully stocky, very heavy, perfectly solid, of desirable flavor and good keeper. The color is a rich golden yellow. It can be easily blanched by drawing the leaves together and bringing the earth up around the plant. For fall or early winter use this has no superior. Pkt. 8c; 1/2 oz. 20c; 1 oz. 30c; 1/4 lb. \$1.00.

White Plume Celery

Best Known and Most Desirable Early

An early, rapid grower, blanches up early in the season by simply drawing up earth around plants or by using boards for banking. Excellent quality and grown more for early than all others. Pkt. 8c; 1/2 oz. 20c; 1 oz. 30c; 1/4 lb. \$1.00.

GOLDEN PLUME Celery

The earliest and handsomest Celery grown. A new variety of Celery. The plants are of strong growth and produce thick and heavy stalks with a well-blanching solid heart. It is considered by many gardeners absolutely the earliest maturing Celery grown. It is large, vigorous, and appears to be immune to blight and rust. Highly recommended on account of its ease of culture—it requires no banking. Its attractive appearance when fully matured is most inviting; the foliage is creamy yellow, and the stalks creamy white, becoming almost white at the base. It is entirely devoid of any ribs or fiber, and it is brittle, tender, and deliciously flavored. Pkt. 10c; 1/2 oz. 30c; 1 oz. 50c; 1/4 lb. \$1.50.

Easy Blanching Celery

Easiest and Quickest to Blanch! Long Keeping

The heavy stalks are stocky in growth and of medium height and are the easiest and quickest to blanch and keep better in the trench than other sorts. The tender, brittle, sweet, nutty flavored stalks are attractive in appearance. Ready for the table or market in about 115 days. Grown to the exclusion of other sorts by many growers. Pkt. 8c; 1/2 oz. 20c; 1 oz. 30c; 1/4 lb. \$1.00.

Large Prague CELERIAC

A large and much improved variety of Celeric of fine flavor. Roots large, smooth, almost round; has few side roots. Roots are used for flavoring stews or cooking same as Beets or Turnips. Grown same as Celery, but requires no hilling. Pkt. 8c; 1 oz. 25c; 1/4 lb. 75c.

WE SEND CORN BY MAIL POSTAGE PAID. YOU DO NOT HAVE TO
ADD ANY EXTRAS FOR POSTAGE OR EXPRESS CHARGES

SWEET CORN

Early Golden Gem

A customer said to us, "I had Corn ready for the table in 50 days from your Golden Gem and in 63 days from your Golden Bantam Corn." It is the earliest Sweet Corn grown and has the true Bantam color and sweetness. Fair size and very sweet. Owing to its extreme earliness it can be put on the market ahead of other varieties and therefore commands a better price. Pkt. 5c.; ¼ lb. 13c.; lb. 35c.; 3 lbs. for \$1.00; 6 lbs. for \$1.00.

Golden Cross Bantam

This new disease resistant corn fills a long felt want in localities where corn is affected with bacterial diseases. It is extremely hardy and very productive, producing more and larger ears than Golden Bantam. The quality is extra fine. The ears are larger than Golden Bantam and more freely produced and about as early. Pkt. 5c.; ¼ lb. 15c.; lb. 40c.; 2 lbs. for 75c.

Early Golden Sunshine

Extra Early Sweet Yellow Corn

Ears nearly as large as Bantam 6 to 8 inches long. The quality is excellent, sugary and tender and the color is a rich golden yellow. It reaches maturity 5 to 10 days ahead of Bantam and for that reason sells for a higher price. Stalks 4 to 5 ft. tall. The ears are set low down on the stalk. Very popular extra early. Pkt. 5c.; ¼ lb. 12c.; lb. 35c.; 3 lbs. for \$1.00.

Golden Bantam

The Most Popular Sweet Corn Ever Introduced

This is not only an early sort, but harder than most other sorts and can be planted earlier. The stalks average 4 feet in height. The ears are from 5 to 7 inches in length; but what it lacks in size is fully made up in its productiveness and quality. The small stalks can be grown two and three ears to a stalk. Pkt. 5c.; ¼ lb. 10c.; lb. 32c.; 3 lbs. for 90c.

Wonder Bantam

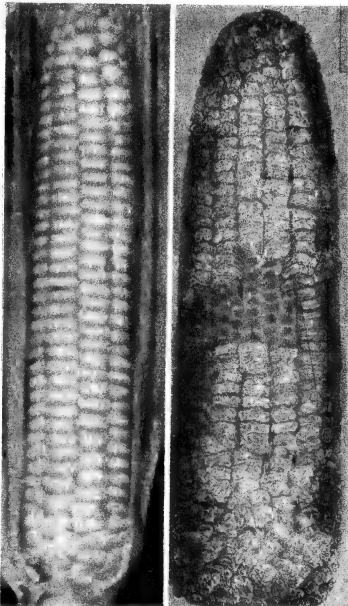

A wonderful new extra Sweet Corn producing larger ears than Golden Bantam and about as early. Vigorous grower.

Early, richly colored, plump, juicy and distinctively flavored. Earliest Wonder produces higher up on taller stalks (5 to 6 feet); ears much longer than Golden Bantam (8 to 10 inches long), thus greatly increasing the tonnage per acre and consequently profit, at no sacrifice of earliness or Bantam quality. Pkt. 5c.; ¼ lb. 12c.; lb. 35c.; 3 lbs. \$1.00.

DeLues Golden Giant

Sweet Corn

This wonderful Corn is about early as the Golden Bantam and larger. The quality is equal to that of the Bantam and being larger, it produces more to the acre thus making it a profitable variety for market gardeners. Some growers claim it is the best and most profitable Sweet Corn grown. Ear about 8 inches long and 12 to 16 rows of kernels. Pkt. 6c.; ¼ lb. 12c.; lb. 35c.; 3 lbs. for \$1.00.

Golden Bantam Corn

EVERGREEN BANTAM

SWEET CORN

Bantam Evergreen

Bantam Evergreen is a cross between Golden Bantam and Stowell's Evergreen. It has inherited all the good qualities of both parents. It is as sweet as Golden Bantam, the same beautiful color, but in addition has an ear nearly as large as Stowell's. The kernels are deep cream, plump, a beautiful cream golden color. Three weeks earlier than Stowell's Evergreen. Pkt. 5c.; ¼ lb. 10c.; lb. 32c.; 3 lbs. 90c.

WHITE SWEET CORN

Howling Mob

Strong vigorous grower, producing 2 ears 7 to 9 inches long on each stalk. It is only a few days later than the Extra Earlies and as large and sweet as the best medium early sorts. Pkt. 5c.; ¼ lb. 10c.; lb. 32c.; 3 lbs. 90c.

Early Evergreen

Stalks grow 8 to 10 feet high and usually produce two monstrous ears to each stalk. Ears 16 to 20 rows, very large with deep kernels. A very desirable main crop variety for home garden and market and well adapted for canning. Pkt. 5c.; ¼ lb. 10c.; lb. 30c.; 3 lbs. 90c.

Country Gentleman

Small peg-like kernels, irregularly placed on the cob. Medium sized ear, with small cob, giving great depths to the kernels. The quality of this variety is fine and is preferred by some to all others. Pkt. 5c.; ¼ lb. 12c.; lb. 32c.; 3 lbs. 95c.

POP CORN

Australian Hulless

Also known as Japanese Rice, Tom Thumb or Bumble Bee Pop Corn. The Australian Hulless is a dwarf-growing corn, a heavy yielder of attractive ears. The kernels are similar to the best strains of White Rice and nearly white in color, fine flavor and absence of hull or shell. Pkt. 5c.; ¼ lb. 12c.; lb. 35c.; 3 lbs. \$1.00.

White Rice Pop Corn

The popular white corn for popping—kernels pointed. Pkt. 4c.; ¼ lb. 10c.; lb. 30c.; 3 lbs. 90c.

Golden Queen Pop Corn

Strong grower and great yielder. When dry, kernels pop out large and rich and creamy color. Superb flavor. Pkt. 5c.; ¼ lb. 10c.; lb. 30c.

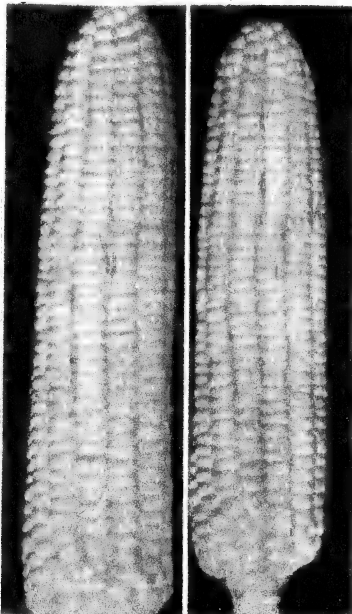

CRO-TOX

BIRD AND RODENT REPELLENT

CROWS SHUN IT PHEASANTS HATE IT

Saves Seed Loss and Replanting

One can is sufficient for 1 bushel of corn. Put corn in a pan, pail or other container and stir until a little touches each kernel and no animal will pull or eat it. Does not clog in the planter. Corn germinates and grows better when treated with this. One can enough to treat one bushel of corn for \$1.00 by mail.

De Luc's Golden Giant

New Wonder Bantam

CUCUMBER

Clark's Special

An outstanding variety for shipping and market gardeners' use, holding color and firmness well. Fruits 8 to 10 in. long, 2 1/2 in. diameter, tapered to both ends. Short seeder. Color dark green, white spine. Pkt. 6c; oz. 14c; 1/4 lb. 40c; lb. \$1.40.

Straight 8 and Vaughan Cucumber are similar to Longfellow

Early Cluster Cucumber

Probably the most popular extra early ever originated. Extra prolific setting fruit in clusters; finest quality, good for slicing or pickles. May be used for main crop. Pkt. 5c; oz. 12c; 1/4 lb. 40c; lb. 95c.

Klondike Cucumber

This is a hybrid sort of the White Spine type which holds its dark green color longer than most sorts. Averages 6 to 7 inches in size; ends are quite square and it is about 2 inches thick. Its extreme earliness, combined with its prolific and hard qualities, makes it a very desirable variety for either market or private use. An excellent pickling sort. Pkt. 7c; oz. 12c; 1/4 lb. 45c; lb. \$1.20

Early Fortune

In the earliest and best, rich, dark green White Spine Cucumber, a model in shape, being handiest and most attractive Cucumber ever grown. The quality is superb, flavor delicate, refreshing, and delightful, fine grained, crisp and brittle. Pkt. 6c; oz. 15c; 1/4 lb. 40c; lb. \$1.25

Staying Green

Also called Stay Green is a desirable variety which holds its bright green color till the last. A good sized, fine quality and productive variety. Our Grower says that it is the same as Kirby Cucumber. Pkt. 8c; oz. 18c; 1/4 lb. 60c; lb. \$1.85.

Snows Pickling

This beautiful, dark green pickling Cucumber is very popular where known. Very early uniform and cannot be surpassed for an early deeply-colored pickling sort. Productive and excellent quality. Pkt. 10c; oz. 20c; 1/4 lb. 70c.

Jersey Prolific Pickling

This famous pickler is immensely productive and fine color for pickling. When gathered very very small they resemble Gherkins and retain their desirable slim form if grown larger. This is a standard pickler with Eastern growers, who produce them in great numbers. Pkt. 7c; oz. 15c; 1/4 lb. 38c; lb. 95c.

Green Prolific Pickling

Very productive, 8 to 10 inches long, straight, thick and fine deep rich color. The quality is extra good, which makes it very desirable for slicing. Pkt. 7c; oz. 15c; 1/4 lb. 46c; lb. \$1.50.

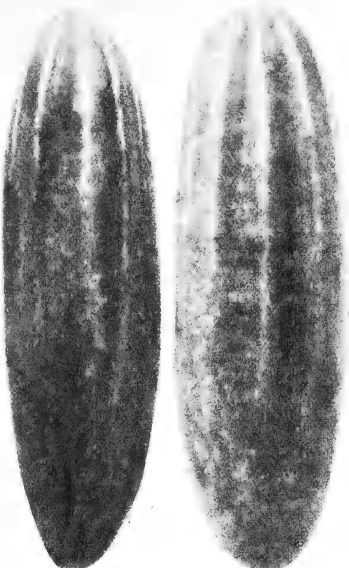

Deposit White Spine

About the same as Early Arlington White Spine and Extra Early White Spine

A good sized early variety of fine form and attractive appearance which sells well on any market or is unsurpassed for home use. Smooth, beautiful appearance and very fine quality. Pkt. 7c; oz. 15c; 1/4 lb. 35c; lb. 90c.

Japanese Climbing

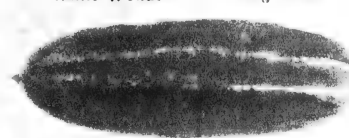

This variety grows rapidly on poles or trellises and bears abundantly throughout the season. Fruit is excellent quality, dark green with pure white flesh. Good size and a recommendable sort. Pkt. 10c; 1/4 oz. 15c; oz. 25c; 1/4 lb. 75c.

Deposit White Spine Davis Perfected

White Wonder Long Green

Early Fortune

Longfellow Cucumber

The longest and handsomest Cucumber grown. Best of an improved strain of the popular Davis Perfected. Fruits are 12 to 16 inches long, smooth and almost spineless. Very productive and of fine quality. A fine seller. Pkt. 10c; oz. 25c; 1/4 lb. 75c; lb. \$1.70

Improved Long Green

Produces handsome, dark green fruit 10 to 12 inches long. Fresh solid, crisp and of excellent quality. One of the best for home or market; good slicer or pickler. Pkt. 6c; oz. 15c; 1/4 lb. 45c; lb. \$1.35

Davis Perfected

Longest and Best of the White Spine Type

One of the best and most prolific for producing pickles of medium size, both for home and market. The vines are extremely vigorous and healthy, yielding a large number of fruits. Skin thin, tender and free from toughness when pickled. Excellent table quality. Pkt. 8c; oz. 22c; 1/4 lb. 55c; lb. \$1.45

White Wonder

Large, clear white skin, tender firm and excellent quality. Pkt. 10c; oz. 25c; 1/4 lb. 75c.

Lemon Cucumber

Lemon Cucumber is used for pickles either green or ripe. Pkt. 10c.

West India Gherkin

WEST INDIA GHERKIN. Grown exclusively for pickles, to be pickled when young and tender. Oval 2 to 3 inches long, and thickly studded with heavy spines. Pkt. 5c; oz. 25c.

Four Vegetable Novelties

Cherries, Pears and Plums

Cherries, Pears and Plums have been given this as an appropriate name because they embrace a species of small fruiting tomatoes which resemble these fruits. Vines are loaded with these fruits, which are of the best possible quality. Fine for preserving. Pkt. 5c; 1/2 oz. 15c.

Garden Huckleberry

Wonderberry

A wonderful, prolific plant needing some culture as Tomatoes. When ripe the berries are about one inch in diameter, of shining black color. They make delicious pies, preserves and jam. Fruit is non-edible when not fully ripened. Pkt. 10c; 1/4 oz. 25c.

Garden Lemon

Somewhat smaller than Vine Peach but resembles it in growth. Thin, slightly acid flesh; does not need any lemon when preserved. Pkt. 5c; 1/2 oz. 10c; oz. 18c.

One packet each of above Vine Peach, Lemon Tomato and Huckleberry for 15c.

VINE PEACH

A novel vegetable of the muskmelon class. About the size of a large orange and are produced in immense numbers. Can be used for preserves and pickles same as peaches. Drop off the vine when ripe. Pkt. 5c; 1/2 oz. 10c; oz. 18c; 1/4 lb. 50c.

Perfected Imperial

A grand improved Imperial or Improved Los Angeles. A variety brought to perfection by a California grower and is one of the best shippers and sellers grown. Heads large. Pkt. 6c; 2 pkts. 10c; oz. 18c; ¼ lb. 50c; lb. \$1.75.

Grand Rapids

For greenhouse forcing this variety undoubtedly stands at the head of the list, because of quick growth, hardy, little liable to rot and remaining in condition several days after being fit to cut. The plant is upright and forms a loose cluster of large, thin, bright green leaves, savored, finely crimped at edges. The leaves do not wilt quickly after cutting so that variety will stand shipping long distances better than most sorts. It is a very attractive variety and is desirable for garnishing. Pkt. 5c; oz. 15c; ¼ lb. 35c; lb. \$1.00.

California Cream Butter

Also called Royal Summer Cabbage and German Butter. Dark green, round, thick leaves forming a very solid, round head, which stands a long time without running to seed. Outer leaves spotted brown, inner ones blanched to a rich yellow. Exceedingly rich, buttery, sweet and nutty in flavor. Pkt. 5c; oz. 15c; ¼ lb. 40c; lb. \$1.10.

Early Prize Head

Popular Everywhere — Tinged Red
This popular sort forms a loose head of reddish-brown tinged leaves which are crinkled and of unsurpassed flavor. This sort is grown as much or more than any other and is popular everywhere. For an all around garden sort for home use it has no superior. Exceedingly tender, crisp and sweet at all stages of growth. One of the best. Pkt. 5c; oz. 15c; ¼ lb. 35c; lb. \$1.10.

Black Seeded Simpson

One of the most desirable summer lettuces. The plant is compact and forms a large cabbage-like head which remains in condition longer than most heading sorts. The outer leaves are bright yellowish green, broad, somewhat crimped and frilled at edge and with distinctive midrib. The inner leaves are white, very crisp and sweet. This thin-leaved, curly tight-heading sort is very extensively used for the kitchen garden as well as market. Pkt. 5c; oz. 15c; ¼ lb. 35c; lb. \$1.10.

Wayahead Lettuce

Wayahead is one of the earliest, one of the largest, one of the sweetest and one of the best keeping sorts ever grown. Makes a fine large, handsome head either for extra early or late. Thousands think it has no equal. Pkt. 5c; ½ oz. 9c; oz. 15c; ¼ lb. 40c; lb. \$1.10.

Hanson Lettuce

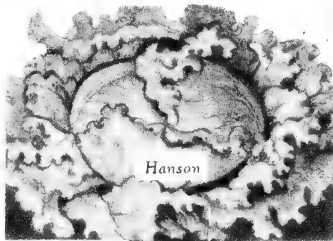

One of the best for sowing outdoors where an exceedingly tender leaf is desired and for those markets which demand a very large, loose, clustering sort. The color is an attractive light yellowish green. It is used also for growing under glass or in frames. The leaves are ruffled and blistered and even the larger outer ones are very tender. This curly and thin-leaved, bunching variety is uniformly attractive and remains of excellent quality a very long time. Pkt. 5c; oz. 15c; ¼ lb. 30c; lb. \$1.00.

D. S. C. Perfection

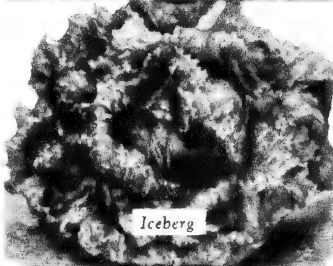

About the same as New York, Wonderful, Los Angeles or Dark Green Iceberg.
This beautiful, large, cabbage head Lettuce is one of the largest grown, producing heads 10 to 15 inches in diameter and weighing 1 to 2 pounds each. The outer leaves are a rich, deep green, but the inner ones blanch out a beautiful creamy white and is very tender and of delicious flavor. A strong, robust grower, resisting the heat of summer and very slow to run to seed. This is a grand Lettuce for shipping, heads command a ready sale and good price. Pkt. 5c; ½ oz. 10c; oz. 18c; ¼ lb. 45c; lb. \$1.25.

Mixed Lettuce Seed

All above mixed. Gives you Lettuce from early till late. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 85c.

Hanson

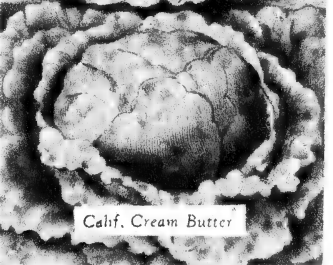

Iceberg

Black Seeded Simpson

D.S.C. Perfection

Calif. Cream Butter

Iceberg Lettuce

Heads large, hard and handsome and of the finest flavor. Very early and of a beautiful light green. Inside leaves are strong, arched and blanch up crisp and white without any bitterness. For all around home sort this has no superior. Pkt. 5c; oz. 12c; ¼ lb. 35c; lb. \$1.00.

Big Boston Lettuce

This market variety is very popular for outdoor culture and is also in demand as a compact, large heading, forcing sort. The plants are large, very hardy and vigorous. The leaves are broad, comparatively smooth but wavy at the edge. The head slightly tinged with reddish brown. The inner leaves blanch to an attractive greenish white, tinged with light yellow. It heads up under cold weather conditions better than most other varieties. Pkt. 5c; oz. 15c; 2 ozs. 25c; ¼ lb. 40c; lb. \$1.35.

White Big Boston

A Lettuce similar to the famous Big Boston but altogether free from the reddish tinge on the outer foliage. The outer leaves are of medium size, of bright green color, enclosing the whitish green head. The heart is tightly folded, of a bright creamy yellow color, and a tasty, sweet and crisp flavor. A great favorite with many growers and home gardeners. Pkt. 5c; oz. 15c; ¼ lb. 45c.

Chicken Lettuce

This Lettuce is being grown quite extensively throughout the country for feeding poultry and is considered a good egg feed for hens. Produces a large quantity of green foliage. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 75c.

MUSTARD

FORDHOOK FANCY. Vigorous, curly leaves. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 75c.

WHITE. Used in salads and for culinary purposes. Pkt. 5c; oz. 8c; ¼ lb. 25c; lb. 65c.

CHINESE. Leaves larger than White Mustard. Flavor sweet and pungent; one of the very best for salads, etc. Pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 50c.

OSTRICH PLUME. Finely curled and twisted leaves. Makes excellent salads or garnishes. Pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 50c; 3 lbs. \$1.25.

**KOHL RABI
EARLY WHITE VIENNA**

This is a very delicious vegetable and is increasing in popularity rapidly; combines the good qualities of the Turnip and Cabbage, but excels both in nutritive and productive qualities. Cooked the same as Turnips, they are very tender and palatable. Sow in spring in rows 18 inches apart, and thin away the plants to 8 inches. Early White Vienna is the earliest and best for either market or family use. Pkt. 5c; ½ oz. 12c; oz. 20c; ¼ lb. 65c.

EARLY PURPLE VIENNA

Almost identical with above except the top has a purplish shade like a purple top turnip. Pkt. 5c; oz. 18c; ¼ lb. 60c.

LEEK

AMERICAN FLAG. Broad leaves of strong and vigorous growth; very hardy. Ready for table in 85 days. Pkt. 5c; oz. 20c; ¼ lb. 60c; lb. \$2.00 prepaid.

EMERALD GEM

Honey Rock or Sugar Rock

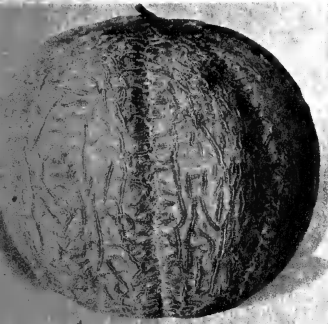

Known also as Honey Rock and Honey Sweet. This is a new and unusually fine melon. Sweet as sugar and solid as a rock. It has four main points of superiority—quality, productiveness, ability to stand shipping, and appearance. The flesh is a very deep salmon color right out to the very rind. Under good growing conditions it is a very heavy yielder, often producing five to seven perfect melons on one vine. Its rind is unusually hard, making it a good shipper. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.; lb. 95c.

Hale's Best Musk Melon

A salmon fleshed Rocky Ford. A new and remarkably early melon of the Rocky Ford type, with very thick and finely flavored salmon flesh. The melons are oval, slightly ribbed, and heavily netted. It is a fine shipper and commands a good price. This has been one of the favorites among the growers of the Imperial Valley. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.; lb. 85c.

Rocky Ford Musk Melon

New Honey Rock

Benders Surprise

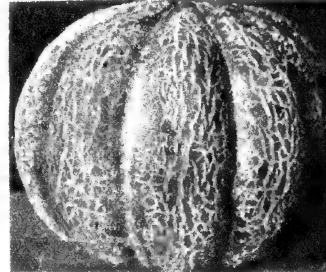

A large melon of the best flavor. Weighs about 10 lbs. Keeps well and improves with age. Has yellowish shade covered with gray netting when ripe. One of the best sellers in local markets and one of the finest flavored. The vines are very productive, maturing fruit in about 80 days. Pkt. 5c.; oz. 12c.; ¼ lb. 26c.; lb. 85c.

Golden Hearts—Hearts of Gold

A medium early melon with thick tender salmon flesh of a sweet rich flavor. Ripens clear to the skin. Rind a deep green covered with a thin gray netting. Vines are productive and fruit grows close to the hill. About the same as Hoodoo Melon. Ripens in about 70 days and is extra fine quality. Pkt. 5c.; oz. 15c.; ¼ lb. 35c.; lb. 90c.

Orange Cream

Similar to the old popular Osage or Miller's Cream. Oblong, flesh thick and of a deep rich salmon color. Medium size, good shipper and always commands a higher price in the market than most varieties. Pkt. 5c.; oz. 12c.; ¼ lb. 28c.; lb. 75c.

Lake Champlain Musk Melon

Honey Dew

Well known light colored melon in demand in all markets. Flesh is a rich green and has a sweet sugary flavor all its own. A good shipper and long keeper. Rather late, maturing in about 90 days. Pkt. 6c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.00.

Emerald Gem Musk Melon

One of the finest home sorts. Rich thick salmon flesh of luscious quality. This is a melon you will like above most sorts. Pkt. 5c.; oz. 14c.; ¼ lb. 32c.; lb. 85c.

Rocky Ford

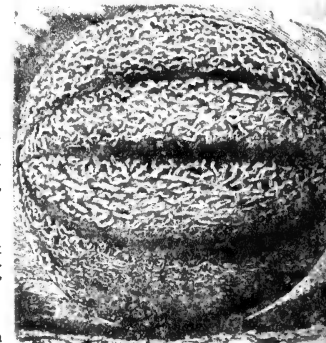

There are several types of the well known Rocky Ford. You will find it in every market. Nice size and a good shipper with a rich green flesh. Abundant producer, very firm and sweet. Pkt. 5c.; oz. 10c.; ¼ lb. 28c.; lb. 75c.

Knight's Early

Also known as "Sweet Air." Very popular in some sections. Nice size, rich green flesh of fine quality, a good shipper of fine appearance. Pkt. 5c.; oz. 12c.; ¼ lb. 30c.; lb. 75c.

Early Lake Champlain

This popular Extra Early also known as "Golden Champlain" has often been called "The Earliest and the Best." Medium size, nicely netted with deep yellow flesh. Very prolific and will produce where other early melons fail. Pkt. 5c.; oz. 15c.; ¼ lb. 30c.; lb. 75c.

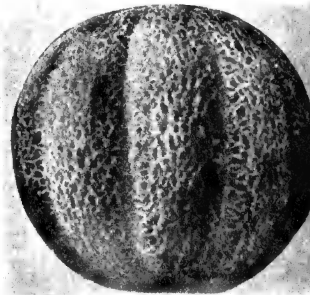

Golden Hearts Musk Melon

Males Best.

Orange Cream

Bender's Surprise

WONDERGRO
New life TABLETS for plants

D.S.C. Extra Early

(Similar to Coles Early)

A good sized Melon, rather oblong, mottled, with bright red flesh; sweet, tender and delicious. One of the most productive, producing good Melons from July till frosts, which weigh 20 to 30 lbs. each. An exceptionally good shipper for so early a Melon. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 70c.

KLONDYKE

One of the best early watermelons from a quality standpoint. The melons are oblong and of an even dark green color. Flesh is deep red, exceptionally crisp, and tender as well as most delicious in flavor. A very good yielder and has given excellent satisfaction in the North for the market as well as home use. The seed is small, black with brown markings. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.00 prepaid.

Golden Honey

Sweet as Honey—Color of Gold—No Hard Core or Stringiness

The flesh is golden yellow in color, firm, crisp and listening. It fairly melts in your mouth. Golden Honey has thin but hard rind that does not burst easily in carrying. They average 20 lbs. in weight and are oblong in shape, light green with broad mottled stripes of a darker shade. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 85c.

IRISH GREY

This is a valuable Melon, the productiveness is wonderful. The eating quality is all that could be desired in a Watermelon, the sparkling red flesh is very sweet and entirely free from hard centers or stringiness, yet the flesh is very firm and compact and will not break when sliced. The size is uniformly large, color of rind, yellowish gray and almost as tough as that of the Citron, ripens earlier than Tom Watson and will keep in good condition for a long time after picking and stand long distance shipping better than any other Melon; the rind will not sunburn, and will keep in good condition for several days in the sun after becoming ripe. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 90c.; 3 lbs. \$2.50.

Special Prices

If you live near enough to us so the postage is cheaper and you use a large quantity of seed, send us a card and we will make you the lowest price possible.

Irish Grey

D.S.C. Extra Early

The Famous Stone Mountain Melon

The above photograph was sent us by one of our customers who grew this 45 lb. SUGAR BOY Watermelon from our seed.

SUGAR BOY

Sugar Boy Watermelon is the sweetest, most prolific Watermelon on earth. There is no Melon that can begin to equal it in quality, richness of flavor, lusciousness, deep juicy, rich core, fine outward appearance, large giant size and extreme earliness. Sugar Boy Melon will grow to weigh 30 to 60 pounds, and every one of them, large or small, is sweet, tender, juicy, brittle, stringless and melting on the tongue. This Melon resembles very much the Keckley in outward appearance. It retains all the good qualities of Keckley Sweets, has a harder rind, making it a better shipper, grows larger and more uniform and has no hard white centers. Pkt. 8c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.00.

Imp. Keckley Sweet.

The old Keckley Sweet melon has been popular because of its superb flavor and surpassing crispness. The Improved has a solid rich sugary center with no core. Melons are of large size, bright scarlet inside which ripens close to the rind. A splendid home melon but not so good a shipper as Tom Watson or Irish Grey. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 85c.

STONE MOUNTAIN

One of the most popular Watermelons of recent introduction. Beautiful shape, almost round, weighing 50 to 70 lbs. and ripening in 85 to 90 days. Beautiful sparkling, crimson red flesh, deliciously sweet and tender. Rind thin and tough. A fair shipper and keeper. Pkt. 6c.; 2 pkts. 10c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.20.

Tom Watson

A deliciously flavored, sweet, red fleshed, crisp, tender and melting melon used more extensively than any other for shipping; 24 inches long and 12 inches through. Dark mottled green, thin, strong rind. Good for home or market. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 22c.; lb. 70c.; 3 lbs. \$1.60.

Pride of Muscatine

A wilt-resistant strain of the popular Keckley Sweets recommended to growers in commercial areas where wilt is prevalent. The rind is thick and makes this melon a better shipper than Keckley Sweets. It has dark green skin and beautiful deep red flesh which is sweet, crisp, and tender. Pkt. 8c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

Thanksgiving Winter

The fruits are of medium size, round, pale yellow when ripening. Flesh bright red, crystalline, sweet as honey. Seeds very small, black. Take fruits from field before frost and store in cool cellar, they will keep in perfect condition at least sixty days. Pkt. 5c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.25.

Halbert Honey

One of the best, handsomest and sweetest for home or market, almost excels the famous Keckley Sweets. Prolific yielder, handsome red flesh of luscious, melting flavor. Melons 15 to 30 inches in length. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 24c.

Colorado Preserving Citron

This Melon is used exclusively for making preserves. The flesh is thick and clear white and makes preserves of excellent quality. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 85c.

Nearly all the Onion Seed sold in this country is grown in California. It is the best quality, plump, vigorous and nearly every seed will grow. We have the best growers and no one has Better Seed.

Silver Skin Onion

One of the best all around onions for home use. Matures nice large white bulbs early and is one of the most reliable. Mild flesh and keeps fairly well. We have found this so good that we recommend it for home use. Pkt. 10c; oz. 50c; ¼ lb. \$1.25; lb. \$5.00.

Silverskin.

Australian Brown

An extra early, sure bottoming, long keeping variety, yielding large crops; a favorite in warm climates where ordinary large onions do not keep well. Medium size bulbs, amber brown skin, solid white flesh, crisp, sweet, fine, mild flavor; will keep perfectly for a year or more. Pkt. 8c; oz. 35c; ¼ lb. \$1.00; lb. \$3.00.

Ebenezer Onion

The onions are similar to Yellow Globe Danvers in shape and size but are superior in flavor and keep longer. They are firm, solid, have a thin skin, and are agreeably mild. While large onions can be readily raised from seed, most people plant, however, to produce small sets for the following season. Pkt. 10c; oz. 40c; ¼ lb. \$1.20; lb. \$4.75.

Large Red Wethersfield

For a red onion none is so largely grown or so popular the country over as this. It grows quickly, attaining full size from seeds sown early in the spring. It is a sure cropper, always doing well where any onion will, and sells well in market. Fairly strong flavor and keeps. Bulbs slightly flattened and of rich red color. Pkt. 10c; oz. 50c; ¼ lb. \$1.25; lb. \$5.00.

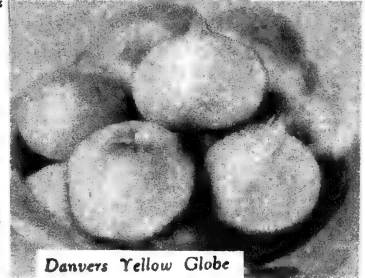

LARGE RED WETHERSFIELD

Riverside Sweet Spanish

One of the largest and sweetest onions grown and a good keeper. The monstrous bulbs are light yellow and globe shaped. Flesh white, fine grained and so sweet and mild that it can be eaten raw. Deliciously fine for salads, etc. Matures in 110 days. Heavy cropper and very popular in many localities. Pkt. 10c; oz. 50c; ¼ lb. \$1.50; lb. \$5.50.

Prizetaker Onion

An excellent keeper, finest flavor, handsome shape and enormous size. Single onions grown from seed have weighed as high as 5 lbs. Small neck, bright straw color and very solid with pure white flesh. Should be started very early as they require a long season to mature to perfection. Pkt. 10c; oz. 40c; ¼ lb. \$1.20; lb. \$4.50.

Danvers Yellow Globe

Australian Brown

Prizetaker

OKRA — White Velvet

Pods long, smooth and velvety white. Pick pods while young and tender and use in soups and stews. Very productive. Pkt. 5c; oz. 8c; ¼ lb. 20c; lb. 60c.

Perkins Mammoth Long Pod

Pods shoot out from the stalk within 8 inches of the ground. Pods are an intense green color, 9 to 10 inches long and do not get hard. It is much sought by canners. Pkt. 5c; oz. 9c; ¼ lb. 20c; lb. 65c.

RHUBARB

Produces long, thick, heavy, juicy stalks 2 feet or over in length and of the best quality. This should supercede the small sort usually grown. Nothing in spring is so appetizing and healthful for pies, sauces, etc., and the fermented juice makes excellent wine. Produces crop to pick in two years. Pkt. 5c; ½ oz. 10c; oz. 18c; ¼ lb. 60c.

ONION Yellow Globe Danvers

One of the most extensively used main crop onions for the home garden and market. The bulbs are of medium to large size, uniformly globe shaped, with small neck, and ripens very evenly. The skin is rich yellow. The flesh is creamy white, crisp and of excellent flavor. The variety keeps well and is excellent for shipping, is an immense cropper often averaging 900 bushels per acre. Pkt. 10c; oz. 50c; ¼ lb. \$1.25; lb. \$5.00.

Southport Red Globe

This most excellent medium early or main crop or red variety produces bulbs of medium to large size, ideally globe shaped, with very smooth, glossy surface, very small neck and remarkably beautiful deep purplish red color. The flesh is white tinged with light purple, mild, very grained and tender. The variety is extensively grown for home use as well as the market. It is one of the best keepers and is well adapted for shipping. Pkt. 10c; oz. 50c; ¼ lb. \$1.25; lb. \$5.00.

Southport Yellow Globe

This is probably the finest all-around spherized onion. Enormous quantities annually shipped to market prove its popularity. The bulbs are large and uniformly spherized with very small necks, the largest diameter is below the center of the bulb. The color is a rich orange yellow; enormous yielders and splendid keepers. Pure white flesh, of a mild delicious flavor; ripens evenly. Pkt. 10c; oz. 50c; ¼ lb. \$1.25; lb. \$5.00.

Southport White Globe

Differs from other Southports in color only; has all their general excellence. A favorite, owing to its beautiful color, shape and attractiveness. Commands a big price on market. The bulbs are of good size, splendid globe shape, pure white in color. Matures in 125 days. Pkt. 10c; oz. 50c; ¼ lb. \$1.50; lb. \$5.50.

Broad Batavian ENDIVE

The leaves are large and broad, having the edges slightly cut. It can be blanched, but is more generally used to cook like Spinach or as flavoring for soups, stews, etc. Called Escarole in the South. Pkt. 5c; oz. 15c; ¼ lb. 40c; lb. \$1.25 postpaid.

FULL HEART ENDIVE

This variety has the largest number of heart leaves, and the finest salad quality of any. It grows upright, resists drought, and when tied up for bleaching it produces a cluster of creamy, tender, spicy leaves which are easily prepared for serving. Pkt. 8c; oz. 20c; ¼ lb. 65c.

WHITE CURLED ENDIVE

White Curled is a finely curled, beautiful variety with yellow leaf ribs; can be used without blanching. Pkt. 4c; oz. 10c; ¼ lb. 30c; lb. 85c.

SALSIFY

Mammoth Sandwich Islands

This variety is very similar to the White French but is twice as large and as good in every respect. Flavor mild and delicate and makes excellent stews which resemble oysters. Roots can remain in ground during winter and be dug as required. Pkt. 5c; ½ oz. 8c; oz. 15c; ¼ lb. 40c; lb. \$1.50.

ALASKA PEA

Earliest garden pea maturing crop in about 54 days, 2½ feet tall. Most extensively grown for canning as it matures crop all at one time. Peas round with a bluish cast. ¼ lb. 9c.; 1 lb. 29c.; 3 lbs. 78c.

D. S. C. EXTRA EARLY

An extra early hardy pea maturing with Alaska. Pods well filled with round light colored peas. May be sown very early. ¼ lb. 9c.; 1 lb. 29c.; 3 lbs. 78c.

LAXTON'S SUPERB

LAXTON'S SUPERB or EARLY BIRD. One of the finest of the extra earlies maturing in about 52 days. Grows 20 inches high, bears large uniform pods 4 inches long and slightly curved. ¼ lb. 10c.; 1 lb. 35c.; 3 lbs. 90c.

THOS. LAXTON

The best medium early Pea grown for family use or market. It follows only a few days after the Extra Earlies and is much better quality, producing an abundant crop of large pods well filled with large, sweet wrinkled Peas which remain fit to use for a long time. This is the best and sweetest early Pea and is better than Gradus or Prosperity. ¼ lb. 10c.; 1 lb. 32c.; 3 lbs. 85c.

BLUE BANTAM

BLUE BANTAM is a splendid large podded dwarf variety of the Laxton type, healthy grower with long straight pods containing 6 to 8 large green peas of excellent quality. ¼ lb. 10c.; 1 lb. 32c.; 3 lbs. 90c.

LAXTONIAN

This is the largest podded of all the early dwarf varieties. The vines are vigorous, growing about 16 inches high and produce a large crop of good sized pods, averaging from 9 to 10 peas to the pod. The peas are of exquisite flavor and mature early. ¼ lb. 12c.; 1 lb. 34c.; 3 lbs. 95c.

NOTT'S EXCELSIOR

A very early wrinkled pea similar to American Wonder. A good bearer and follows closely the extra early sorts. ¼ lb. 10c.; 1 lb. 30c.; 3 lbs. 80c.

LITTLE MARVEL

An early sort of unsurpassed quality and very productive. Matures crop in 40 to 64 days. Vines grow 1½ ft. high and very thrifty. Pods dark green and well filled with very sweet peas. ¼ lb. 10c.; 1 lb. 32c.; 3 lbs. 90c.

LAXTON'S PROGRESS

A splendid variety for home or market, maturing in about 60 days. Vines dwarf and stocky, dark green. Pods long and well filled with large luscious peas. The earliest of the large podded varieties. ¼ lb. 10c.; 1 lb. 34c.; 3 lbs. 90c.

HUNDREDFOLD

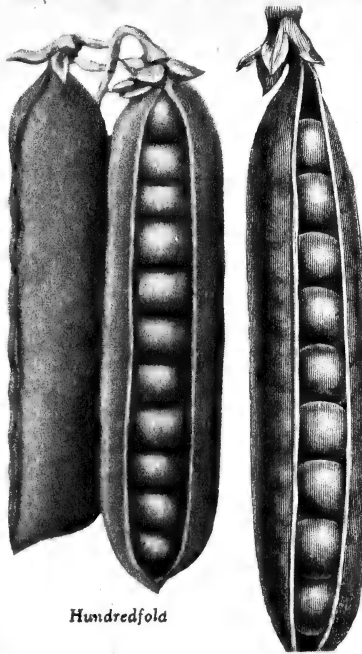

One of the best of the Laxton type. Vines 2 ft. high, vigorous and stocky. Pods dark green 4 inches long, plump and usually contain 8 large sweet peas. ¼ lb. 10c.; 1 lb. 35c.; 3 lbs. 95c.

BLISS' EVERBEARING

A grand second early growing about 3½ feet high and producing a big crop of large, sweet, sugary Peas. Follows after Thomas Laxton and yields well without brush. ¼ lb. 10c.; 1 lb. 34c.; 3 lbs. 95c.

DWARF BOUNTIFUL

This Pea is of the Dwarf Telephone type and very similar. An immense yielder and differing from the old Telephone by being dwarf enough to need no brush to support. Pods large and filled with large luscious peas of the finest quality. ¼ lb. 12c.; 1 lb. 33c.; 3 lbs. 90c.

Hundredfold

Wyoming Wonder

Unequaled in pod size, exceptional in quality, resistant to fusarium wilt. Its pods are 5 to 6 or even 6½ inches long, very dark green, pointed and somewhat curved at the tip. Vine 24 to 28 inches tall. Matures in about 75 days. It has the unusual quality of remaining tender and sweet a week to ten days after reaching the picking stage. We have found this to be the best second early pea for this locality. A continuous and heavy bearer. Pkt. 5c.; ¼ lb. 10c.; 1 lb. 34c.; 3 lbs. 95c.

WORLD'S RECORD

WORLD'S RECORD is an improved Gradus or Prosperity, a few days earlier and more stocky. Pods 4 inches long and well filled with large dark green peas of exceptional quality. ¼ lb. 10c.; 1 lb. 33c.; 3 lbs. 88c.

ALDERMAN PEA

THE FINEST OF THE TELEPHONE TYPE AND THE MOST PRODUCTIVE PEA IN EXISTENCE

Pods are dark green and will ship and keep well. Vines are strong, luxurious growth, attaining a height of 4 to 5 feet. Pods are large, often measuring 6 inches in length, and are densely filled with large peas of unsurpassed flavor. Of all tall main crop Peas, Alderman is the finest and most desirable for the home garden and for the market. ¼ lb. 10c.; 1 lb. 34c.; 3 lbs. 90c.; 7 lbs. \$2.00.

TELEPHONE PEAS

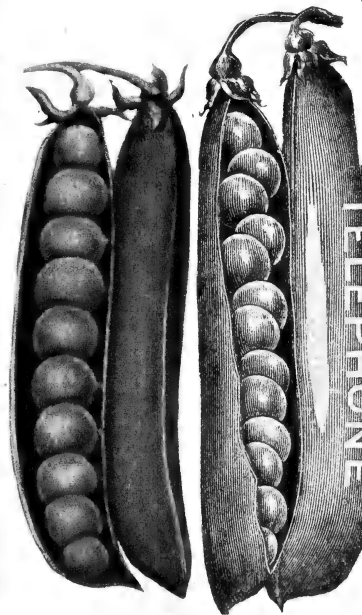

One of the most profitable for home or market. A sure cropper and good seller on account of its large handsome pods. Produce immense crops of large, luscious sweet Peas. Grows 4 feet tall. Week earlier than Champion. ¼ lb. 10c.; 1 lb. 34c.; 3 lbs. 90c.; 7 lbs. \$2.00.

CHAMPION OF ENGLAND

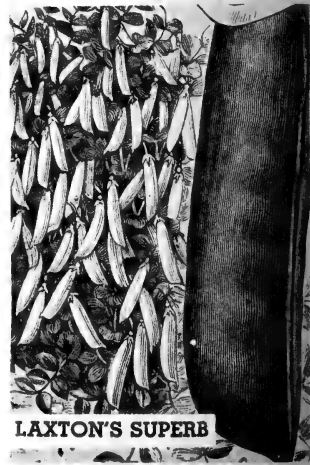

Best and most popular tall, late Pea either for home or market. Great and continuous bearer. Large and sweet. We recommend this for general planting where brush or wire for support is available. ¼ lb. 9c.; 1 lb. 30c.; 3 lbs. 80c.; 7 lbs. \$1.90.

MELTING SUGAR PEAS

Cooked and eaten pods and all, same as String Beans. Best and sweetest sugar pea. ¼ lb. 14c.; 1 lb. 38c.; 3 lbs. \$1.10.

TELEPHONE

LAXTON'S SUPERB

PARSNIP

Hollow Crown

An excellent variety for the table. The roots are long, with smooth, white skin, uniform in shape, tender and of the best quality. The variety is easily distinguished by the leaves growing from the depression on top or crown of the root. The most extensively grown of any, keeps well in the ground all winter. Pkt. 5c; oz. 10c; ¼ lb. 22c; lb. 70c.

Guernsey Parsnip

Best of all the half-long varieties. Grows to a medium length, very thick, smooth and easy to gather. Heavy cropper, with fine grained flesh of the best quality. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 70.

PARSLEY

Parsley is used for garnishing and seasoning soups, stews, meats, etc. Succeeds best in a mellow, light soil. Seeds slow to come up, often takes two or three weeks. Soaking seeds for an hour or two in warm water assists it to germinate quicker.

Moss Curled Parsley

The best and handsomest Parsley for garnishing salads, etc. Color rich, deep green, beautifully curled. Pkt. 5c; oz. 9c; ¼ lb. 25c; lb. 75c.

Turnip Rooted or

Hamburg Parsley

The fleshy roots resemble a Parsnip, and are used for flavoring soups, stews, etc. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. 90c.

Sunnybrook Pepper

This is a "Tomato Pepper." The plant forms a little bush and is loaded down with large peppers 2 to 3 inches in diameter. Fruit a glossy scarlet. Flesh thick and of fine sweet flavor. Pkt. 10c; ½ oz. 20c; oz. 35c.

Mixed Ornamental Peppers

A variety of small ornamental sorts which are mostly very hot and suited for sauce, pickles, etc. Some are handsome pot plants. Pkt. 5c; ½ oz. 15c; oz. 25c.

TOBACCO

CONNECTICUT SEED LEAF. This strain has an attractive leaf of choice texture and delightful flavor. It ripens uniformly and is considered a very desirable variety for cigars. A favorite with many cigar manufacturers and growers. Pkt. 10c; oz. 40c; ¼ lb. \$1.25.

DANDELION

Valuable for hotel trade or home greens. Succeeds anywhere and may be blanched by tying the leaves up together. Pkt. 5c; ½ oz. 20c; oz. 35c.

SUNFLOWER

Mammoth Russian

Sunflowers are now recognized as a valuable crop, the seed especially being rich in oil and food quality. When sown with ensilage Corn and cut, it supplies food which Corn lacks to make a balanced ration for food. Pkt. 4c.; oz. 8c., ¼ lb. 15c.; quart 40c.; 3 quarts \$1.00.

RAPE Dwarf Essex

Affords excellent pasturage for hogs and sheep late in the season. All stock does well when fed Rape. Can be sown in spring or as late as July. Oz. 6c., ¼ lb. 15c.; lb. 35c.; 3 lbs. 85c.; 6 lbs. for \$1.60.

PEPPER

Harris Early Giant

A large sweet pepper that will produce crops in the north, maturing earlier than other large peppers. Plants strong and vigorous and loaded from top to bottom with large fruits, so large that 45 will fill a bushel crate. Fruit deep green turning to brilliant red. Flesh thick and of a very sweet pleasant flavor. Fine variety for home use or market. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.40; lb. \$4.75.

Mammoth Ruby King

Ruby King is noted for brilliancy of color and flavor and is one of the largest grown. Plants loaded with bright ruby red fruits of immense size and mild, delicate flavor. Flesh thick, crisp and tender and for salads, stuffing, etc., has few equals. Pkt. 5c; ½ oz. 15c; oz. 25c; ¼ lb. 90c; lb. \$2.95.

California Wonder

Large and Smooth—Mild and Heavy Cropper

The fruits are blocky or square shaped, and exceptionally free from roughness. The size is immense being 3 to 4½ inches average, and frequently weigh a pound. Plants are sturdy, and carry from 6 to 9 fruits at a setting, which are ready for market as early as the second early sorts. Flesh is thick and fruit is sweet, crisp and tender. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.65, postpaid.

Perfection Pimiento

Finest of All Pimientos

The meat is three times as thick as the old Bell Pepper types and yields 50 per cent more. It is the mildest of all peppers, very sweet and free from pungency; usually smooth and uniform in shape so that the skins can be easily peeled off. When ripe it is a beautiful scarlet red. For stuffing and canning it is fast taking the place of the older sorts. Very productive and continues to bear till frost. Pk. 5c. ½ oz. 15c; oz. 25c; ¼ lb. 90c; lb. \$3.00.

Chinese Giant Pepper

This grand pepper is not only the largest, but it is also of the finest quality, being especially desirable for stuffing, green pepper hash, salads, etc. Plants strong, stocky, erect, bushy, growth about 2 feet tall. Fruit of enormous size, almost square and fill plants from the bottom up. Flesh thick, mild and of excellent quality. Has no superior. Pkt. 6c; ¼ oz. 10c; ½ oz. 18c; oz. 35c; ¼ lb. \$1.35.

Large Bell or Bull Nose

Sometimes called Sweet Mountain. The plants are vigorous, about two feet high, compact and very productive, ripening their crops uniformly and early. The fruits are large, with thick, mild flesh of excellent quality for use in salads and mangoes or stuffed peppers. The color is deep green when fruit is young; bright crimson when ripe. Pkt. 5c; oz. 20c; ¼ lb. 75c; lb. \$2.75

Tomato or Squash Pepper

Very popular for salads, slicing, etc. Fruit shape of a tomato with thick, sweet flesh. Medium early. Largely grown for pickling as it is very mild. Pkt. 6c. 2 pkts. 10c; ½ oz. 18c; oz. 35c; ¼ lb. \$1.00.

Neapolitan Pepper

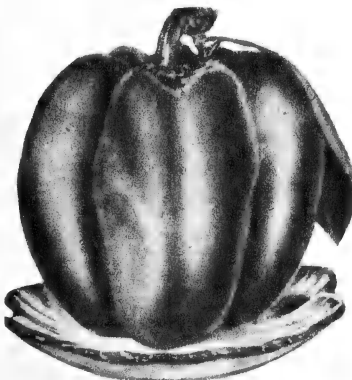

Fruit large, 4 inches long by 1½ inches through. It is the earliest of all large Peppers. Often fit for use by July from seed sown very early. Continues to bear abundant fruit of a bright red color. Flesh thick, mild and best quality. Good keeper. Pkt. 5c; ½ oz. 15c; oz. 25c; ¼ lb. 95c.

Long Red Cayenne

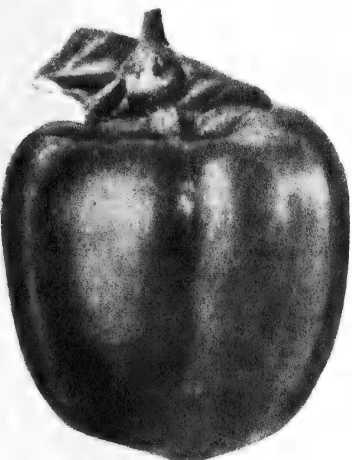

Small, long, hot sort used for pickles, pepper sauces, etc. Pkt. 5c; ½ oz. 12c; oz. 22c; ¼ lb. 85c.

Harris Early Giant

Chinese Giant Pepper

California Wonder Pepper

Early Bird Radish

Most Profitable Market Variety.
Quick Maturity—Rich Color—
Perfect Shape—Exquisite
Quality

This radish has been bred up to a point that will be hard to surpass. It is a very early and quick-growing radish, fit to pull in 16 to 20 days. Its strikingly rich scarlet color attracts attention everywhere, while the flesh is snow-white, always crisp, juicy and mild. In shape slightly elongated globe. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; 1 lb. 80c.; 2 lbs. \$1.50.

Saxa Radish

The Saxa Radish is considered by most growers who have tried it as one of the best early sort either for forcing or outdoor culture. Beautiful, bright scarlet, round, extra small top and excellent flavor. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; 1 lb. 75c.

Early Sparkler

Popular for Market and Home Garden

Quite distinct from other white-tipped varieties in that the colors are so much more vivid and attractive. The upper part is a rich carmine-scarlet, with a very large tip of the purest white. The roots, even when fully developed, are solid, crisp and sweet, and remain fit for use as long as the coarser kinds. It is equally well adapted for forcing in frames or growing in the open ground. Ready for the table in 20 to 22 days. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; 1 lb. 80c.

Early Scarlet Globe

(Also known as Vick's Scarlet Globe)

Roots slightly olive shaped and are a rich, bright scarlet in color. The flesh is white and tender. The roots are fit to pull early, but are larger when matured. We especially recommend this to growers as a first early forcing radish. It is also desirable for the home garden and market. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; 1 lb. 70c.; 3 lbs. \$1.90.

White Tipped Scarlet

Turnip RADISH

Early and Handsome, Fine for Forcing

This is not only one of the earliest radishes, being ready for use in about three weeks from sowing, but it is also one of the most attractive. The color is a bright scarlet, with the bottom of pure white. Fine quality, crisp and juicy. Pkt. 5c.; oz. 10c.; 1 lb. 65c.; 2 lbs. \$1.10.

Crimson Giant Radish

An Extra Fine Large Turnip Radish. A splendid Radish of the turnip form which grows several times larger than the Scarlet Turnip and yet retains the good qualities of the Turnip Radish. Grows until 6 to 8 inches in circumference, retaining its crisp, juicy flavor. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; 1 lb. 75c.

Long Brightest Scarlet

One of the handsomest and best long Radishes. Beautiful fine flavor, crisp, quick grower. Pkt. 5c.; oz. 10c.; ¼ lb. 22c.; 1 lb. 70c.

Mixed Radish Seed

Above sorts mixed. Pull the early ones as they mature and let later sorts remain till ready. Oz. 8c.; ¼ lb. 20c.; 1 lb. 50c.

Early Bird Radish

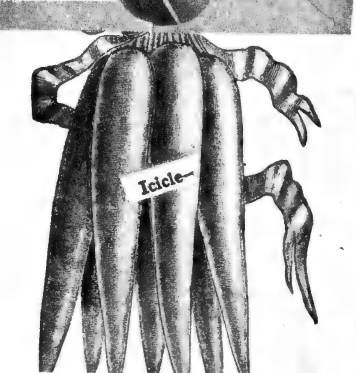

Early Sparkler

FRENCH BREAKFAST

Saxa Radish

French Breakfast

A splendid half-long variety of medium size, crisp and tender, of a beautiful scarlet color with a white tip. One of the best and most popular Radishes grown, attractive and olive-shaped with delicately flavored flesh, free from bitterness and coarseness. Fine table sort. Pkt. 5c.; oz. 10c.; ¼ lb. 23c.; 1 lb. 74c.

White Icicle Radish

Best Long White—Desirable Family Sort

It is acknowledged to be the best, earliest, smoothest and handsomest of all White Radishes. Grows to usable size in 25 to 30 days. Very long, slim, smooth, crisp, brittle and tender. Unexcelled flavor. Remains in fit condition for use a long time. Pkt. 5c.; oz. 10c.; ¼ lb. 26c.; 1 lb. 65c.; 2 lbs. \$1.20 by mail.

WINTER RADISHES

These are sown the last of July or in August and kept in cellar for winter.

China Rose

Winter Radish

Skin smooth and bright, deep rose color; flesh white, crisp and pungent; the roots grow 4 to 5 inches long and 2 inches thick. One of the most popular, best flavored and best keepers. Pkt. 5c.; oz. 9c.; ¼ lb. 23c.; 1 lb. 68c.

China White Winter

Popular, large, long, white, winter sort. Fine quality, keeps well. Roots 10 to 12 inches long and 2 to 3 inches through. Pkt. 5c.; oz. 10c.; ¼ lb. 22c.; 1 lb. 65c.

JAPANESE PIE PUMPKIN

A high quality crookneck Pumpkin of Japanese origin. The flesh is very thick of a rich salmon color, fine grained, dry and sweet. Seed cavity small. Of medium size, early, very productive, and a good keeper. Highly desirable as a pie or cooking Pumpkin. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; 1 lb. 75c.

SUGAR OR PIE

Sugar or Pie Pumpkin is a popular, small, firm, deep yellow flesh, fine grained sort which is largely sought for pies. Very solid and heavy and produced in great numbers, 6 to 12 perfect Pumpkins to a vine. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; 1 lb. 75c.

TENNESSEE SWEET POTATO

Pear shaped, slightly ribbed. Color creamy white, some lightly striped with green. Flesh light colored, fine grained; dry, and of a superior flavor, and when cooked resembles a sweet potato in taste. A good keeper. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; 1 lb. 85c.

KING OF MAMMOTS

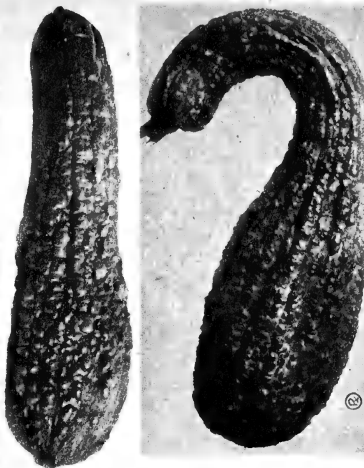

A giant variety often attaining a weight of over 200 lbs. and is better quality than most large sorts. Flesh fine grained, sweet and tender. Makes good pie. While this is not as good for pies as the smaller sorts, it is far superior to Large Gourds and some other large sorts. This variety is nearly the same as Potiron. Pkt. 5c.; oz. 12c.; ¼ lb. 30c.; 1 lb. 90c.

Large Yellow or Field

The Pumpkin most extensively used for feeding stock; also for making pies. Grows to a large size and varies in shape from nearly round or slightly flattened to quite long. Often planted with Corn and is known also as Field Pumpkin. Pkt. 5c.; oz. 8c.; ¼ lb. 18c.; qt. 45c.; 3 qts. 85c.

Golden Summer Crookneck Squash

The standard summer squash known better and grown more than any other. Bushy plants, very productive. A few hills will supply a family. Yellow with a crooked neck. Desirable either boiled or fried the same as oysters. Pkt. 5; oz. 10c; ¼ lb. 24c; lb. 70c.

Golden Summer Straightneck Squash

The Straightneck is the same quality and similar in every way to Crookneck except in shape which is straight. Easier to pack or peel. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 75c.

Table Queen or Acorn

This squash is also known as Des Moines. It is similar to an acorn in shape and of a size sufficient for cutting in the middle and serving to two persons after it is baked. The quality is better than that of most winter squashes. It is a good winter keeper. Vines vigorous and so productive that an ordinary hill will produce 15 to 30 perfect fruits of a deep green color. Pkt. 5; oz. 12c; ¼ lb. 35c.

Banana Squash

This squash is a heavy yielder and one of the best all-purpose variety ever grown. Can be used when quite young and will keep splendidly for a Winter Squash. The color is grayish-green. It grows from 18 to 30 inches long and 6 to 9 inches in diameter. It is very prolific. Flesh is of high color, entirely free from stringiness or fibre. Cooks up perfectly smooth and is of most delicious flavor. Yields well and is of such superb table quality that many growers will have no other for their own use. Matures with Hubbard so should be planted early. Pkt. 6c; 2 pkgs. for 10c; oz. 15c; ¼ lb. 50c; lb. \$1.15.

Table Queen Squash.

Delicious Squash

Delicious is, next to Buttercup, the finest flavored squash. In size it is top shaped and slightly smaller than Hubbard and matures a little earlier. Shell dark green and hard though very thin. Flesh thick, fine grained and bright yellow. An ideal home squash and can be used before it matures if desired. Pkt. 5c; oz. 12c; ¼ lb. 35c; lb. 85c.

Improved Hubbard

BUTTERCUP Squash

Buttercup is Very Sweet. Cooks Dry and Mealy.

Developed at the North Dakota experiment station to take the place of Sweet Potatoes. Just the right size for an ordinary family, weighing 3 to 5 lbs. Outside is dark green like Hubbard and inside a rich orange. Cooks dry and mealy without strings or fibers. The flavor resembles a sweet potato. Considered the finest flavored of all squashes. Pkt. 5c; oz. 15c; ¼ lb. 40c; lb. \$1.25.

Cocozelle or Italian Vegetable Marrow

This is also known as "Italian Vegetable Marrow" and is much prized by many as a summer variety, cooked the same as crookneck or fried like Egg plant. It can also be cooked in its mature state. Immensely productive and while it is best picked green when 8 to 12 inches long, it will readily grow to double that length. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. \$1.00

Improved HUBBARD Squash

The Standard Winter Squash. The Grand and Favorite. One of the best winter squashes; flesh bright orange-yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly good throughout the winter; boils or bakes. Our stock is carefully selected of deep green color and warty. Soil often determines the wartiness of a squash. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. 85c.

Hard Shell Warty Hubbard

Also known as Chicago Warty Hubbard. This is an improved strain of Hubbard and very similar. Shell hard, deep green and covered with very large warts which indicate a good keeper, with fine dry sweet flavor. Pkt. 5c; oz. 12c; ¼ lb. 35c; lb. \$1.10.

FORDHOOK SQUASH

Productive with oblong yellow fruit 8 to 10 inches long. Flesh yellow and fine grained. Can be used when young the same as summer squash or used for pies like pumpkin or fried like sweet potatoes. Pkt. 5c; oz. 10c; ¼ lb. 30c.

Reselected Bloomsdale SPINACH Seed

Longstanding

In appearance quite similar to the Bloomsdale strain, of a little more compact growth, leaves a more intense green, fit fact the deepest dark green we have ever seen. It stands heat remarkably well. When other kinds have bolted to seed, it does not show the least inclination to shoot and will stand up and remain in prime condition for several weeks. Pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 60c.

Long Standing Nobel or Gaudry

A giant sort that is slow to run up to seed. Grows quickly, leaves large, broad and thick. An excellent variety which produces a large crop. Pkt. 5c; oz. 10c; ¼ lb. 25c; lb. 65c.

"Because of crop failures in this country and general world conditions, it has been necessary to withdraw several varieties of Spinach usually listed in our catalog."

New Zealand Spinach

Unlike true Spinach in type in that it thrives during hot weather and in any soil. The tender shoots are of good quality and may be cut throughout the summer. The plant becomes very large and spreading. The leaves are comparatively small, broad, and pointed. Germination of the seed may be hastened by soaking in warm water twenty-four hours. Pkt. 8c; oz. 12c; ¼ lb. 30c; lb. \$1.00.

Virginia Blight Resisting

Same as OLD DOMINION

Can be sown in fall or spring. Resists yellows which often destroys Spinach. Crossed from Blight Resisting Savoy and King of Denmark. Has large dark green crumpled leaves which remain fit for use longer than most other sorts. Yields well and is a valuable all around variety. Pkt. 8c; oz. 10c; ¼ lb. 25c; lb. 75c.

Mustard-Spinach

A new appetizing salad. Cook and use same as Spinach. Has the sprightly Mustard flavor. Pkt. 8c; oz. 10c; ¼ lb. 24c; lb. 75c.

Break O'Day Tomato

A disease resistant cross between the Marglobe and other tomatoes. It is the same shape, color and size of Marglobe but matures a few days earlier. Very solid and heavy and finest quality. Ripens with Bonnie Best but larger and heavier and has fewer seeds. A first class variety in every way. Pkt. 5c; 2 pkts. 15c; oz. 35c; ¼ lb. \$1.15.

Rutger's Certified

Rutgers certified was the sensational tomato last season. It was brought out by the New Jersey Experiment station. Plants large and robust, fruit medium to large, somewhat similar to Marglobe. Seed cavity small, color a fine red clear through. Medium early, unsurpassed for market, table use or canning. Pkt. 10c; ½ oz. 22c; oz. 40c; ¼ lb. \$1.25.

Marglobe Tomato

If growers could vote on which is the best all around tomato, we think Marglobe would win. It is quite early, large, smooth and wilt-resistant. Deep globe shape, rich scarlet purple color. Very prolific and just the right size for home or market. Table quality is unexcelled. Pkt. 6c; 2 pkts. 10c; oz. 25c; ¼ lb. 85c; ½ lb. \$3.00.

Oxheart Tomato

An extremely large solid tomato shaped like a beef's heart. Single tomatoes often weigh 2 to 4 lbs. Color purplish crimson, smooth and very heavy. Flavor a rich luscious sub-acid. A grand variety for home use but not a very good shipper. Pkt. 8c; 2 pkts. 15c; ½ oz. 25c; oz. 40c; ¼ lb. \$1.00.

Earlibel Tomato

A wonderful early tomato, about as early as Earliana and larger. Fruit 3 to 4 inches in diameter, smooth and solid with few seeds. Hardy and productive, does not crack, vines are loaded with the bright glossy red fruits. Pkt. 6c; 2 pkts. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.20.

June Pink Tomato

Bright deep pink skin and rich purplish red flesh. Often called "Pink Earliana." Good bearer, early and very productive. Fruit medium size. Uniform, smooth and a good shipper. Pkt. 5c; oz. 25c; ¼ lb. 85c.

CHALK'S EARLY JEWEL

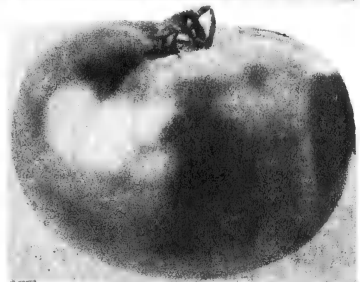

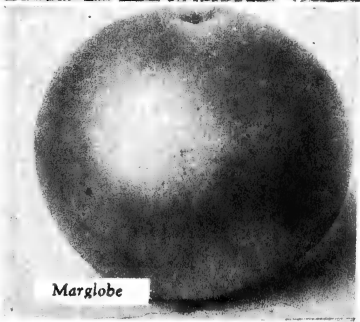

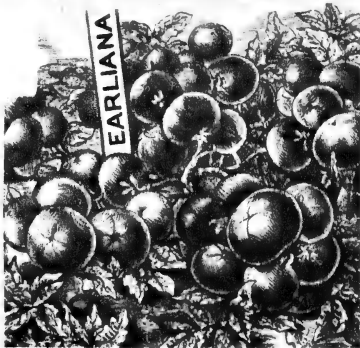

A fine tomato, following closely the Earliana. Fruit uniformly large, solid and almost round. For a fine medium, early or main crop this is desirable. Immensely and productive, handsome appearance and fine quality. Pkt. 5c; ½ oz. 14c; oz. 25c; ¼ lb. 75c; ½ lb. \$2.75.

Pritchard-Scarlet Topper

Vines vigorous producing a big crop of good sized, solid tomatoes of excellent quality. Color a bright red with thick firm flesh. Medium early. An extra good tomato for home or market. Pkt. 10; ½ oz. 20c; oz. 35c; ¼ lb. \$1.20.

Albino or White Beauty

A pure white Tomato with white flesh and mild flavor. No trace of acid. Can be relished by people who could not eat an acid variety. Very mild when eaten raw. About the size of Stone Tomato. Pkt. 10c; 2 pkts. for 25c; oz. 40c; ¼ lb. \$1.50.

Tomato—Greater Baltimore
GREATER BALTIMORE
Tomato

A GREAT CANNER AND SHIPPER
Outyields All Other Tomatoes by
Actual Test

This is one of the greatest canning tomatoes grown. Fruit very large, smooth, well-formed and deep. Extra firm solid, and heavy, ripening up crop evenly to stem; free from ridges, cracks and blight. It will yield more than any other Tomato and is one of the best shippers grown. Color beautiful brilliant red. Plants vigorous and compact, producing enormous clusters of fruit. Tomatoes often weigh 2 pounds each. 400 to 600 bushels of fruit have been produced on one acre. Pkt. 6c; ½ oz. 15c; oz. 25c; ¼ lb. 65c; ½ lb. \$2.20; 3 lbs. \$5.00.

BURBANK TOMATO

A good early variety, the creation of M. Luther Burbank. A good all around sort prized by many. Pkt. 6c; 2 pkts. 10c; oz. 25c; ¼ lb. 90c.

Wonderful John Baer

This wonderful, large, beautiful early Tomato has produced a crop in 30 days from well matured plants. It is of most perfect shape, of glistening, brilliant red color. Extra solid, heavy fruit and ripens up evenly. Plants produce 50 to 100 perfect Tomatoes each. The flavor is extra fine, mild and delicious, they are very even in size, weighing 6 to 7 ounces each, extremely solid and will stand shipping a long distance. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 90c; ½ lb. \$3.00.

Selected Earliana

Our strain of this first early sort is earlier and decidedly superior to much that is sold as Sparks' Earliana, and the extreme earliness of its large, smooth fruits makes it a very desirable Tomato for market gardeners, as well as desirable for the home garden. The vines are small, but vigorous and productive. The fruits are scarlet, medium to large, nearly round and exceptionally smooth for so early a variety. The fruits are borne in clusters near the base of the plant and the bulk of the crop ripens very early. Pkt. 5c; ½ oz. 10c; oz. 22c; ¼ lb. 80c; ½ lb. \$2.50.

Deposit Big Dwarf

Plants are stocky and bushlike, holding an abundance of fruit well off the ground or their strong stems. Can be planted much thicker than the straggly varieties. Fruit very large and of a purplish crimson color. It is the largest fruiting tree tomato grown. Pkt. 10c; ½ oz. 22c; oz. 40c; ¼ lb. \$1.25.

BONNIE BEST

Earlier than Chalk's Early Jewel. A vigorous grower, enormously prolific. Color is intense scarlet. Shape is perfect and remarkably uniform in size. Ripens evenly to the stem without crack or black spot. Very productive and a fine shipper, being even in size. Pkt. 5c; ½ oz. 12c; oz. 20c; ¼ lb. 75c; ½ lb. \$2.50.

Golden Colossal

As the name implies this is a mammoth yellow Tomato. Fine form, solid, meaty. These big yellow fellows receive admiration, size, fine golden, glossy appearance and great excellent quality, make them favorites for home. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.85.

Beefsteak Tomato

(An Improved Matchless)

The name Beefsteak has been given to several Tomatoes which are especially noted for a solid, meaty core and unusually large size. The Beefsteak Tomato possesses these good points—heavy, solid, fine flavored, meaty flesh, etc., and is, we think, one of the best varieties thus far grown. Vigorous grower, very productive and continues to produce large sized fruits until frost. Its luscious fruit is large to extra large, very meaty and solid, with few seeds. Its color is a brilliant shade of red and one of our most beautiful Tomatoes we have ever seen. Foliage heavy, protecting the fruit from sunscald during late summer. Pkt. 7c; ½ oz. 15c; oz. 25c; ¼ lb. 70c; ½ lb. \$2.50.

Small Tomatoes

These are listed elsewhere as Cherries, Pears and Plums. They are a mixture of half a dozen or more of small fruiting varieties which are very desirable for preserves. We do not have them in separate kinds. Pkt. 5c; ½ oz. 15c; oz. 25c.

Ponderosa Tomato

A purplish pink, main crop Tomato of the largest size. The vines are vigorous and very productive. The fruits are very solid, with exceptionally few seeds, fairly smooth and considered of very good quality, especially by those who prefer a Tomato quite free from acid. It is very desirable for slicing. - Pkt. 5c; 2 pkts. 15c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25; lb. \$4.25.

Livingstons Globe

Its shape is notably distinct, being a perfect globe, thus rendering it possible to secure more slices from each fruit. Fruit large size, always smooth. Very firm fleshed, with few seeds, ripens evenly. Color a very fine glossy rose, tinged with purple. Flavor is extremely delicate and agreeable and the plants are extremely productive, being loaded throughout the season. Pkt. 5c; ½ oz. 13c; oz. 25c; ¼ lb. 80c.

Early Summer Turnips

Sow main crop in July

Early Snowball

This globe-shaped, white-skinned early Turnip is large, smooth and handsome; flesh white and of mild flavor, an excellent winter keeper, maturing its crop in about 65 days. Pkt. 4c; oz. 9c; ¼ lb. 18c; lb. 48c; 3 lbs. or over 40c per lb. by mail.

Pretowski Turnip

The roots are flat, medium size. Skin is a rich, orange-yellow, very smooth. The firm flesh is, fine grained, crisp and of fine flavor. For table use it is unapproached. Very popular when known to use before the Ruta Bagas are matured. Pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 40c.

Strap Leaf Purple Top

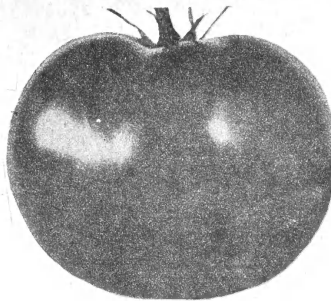

A very early strap leaved variety, very extensively used for the table. The leaves are few, entire, upright in growth. The roots are flat, of medium size, purple or dark red above ground, white below. The flesh is white, fine grained and tender. Roots when in best condition for table use are about 2½ inches in diameter, but can be grown much larger for stock feeding. This sort is also known as Early Red Top, Strap Leaved. Sown broadcast in July among corn, potatoes, etc., gives a good crop. Pkt. 5c; oz. 9c; ¼ lb. 18c; lb. 45c; 3 lbs. or over, 35c a lb.

Purple Top White Globe

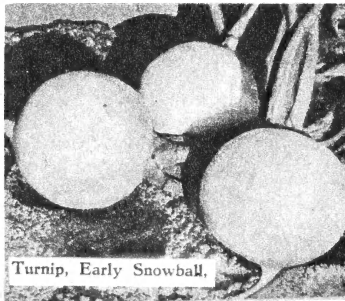

This excellent table variety is globular in shape, of good size and very attractive appearance. The flesh is white, fine grained and tender. The roots when in best condition for table use are about 3 inches in diameter, can be grown much larger for stock feeding. This sort keeps well for so early a variety and is one of the best for home use and is a fine market sort. Pkt. 5c; oz. 9c; ¼ lb. 18c; lb. 50c; 3 lbs. or over 40c a lb.

Long White Cowhorn

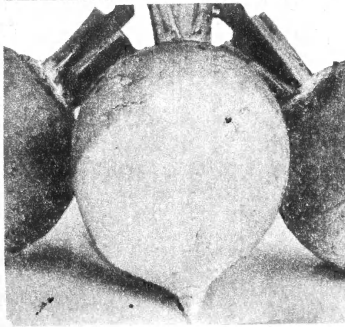

A large, long Turnip extensively grown for stock feeding, etc. Good quality and yields large crops. The variety is of very rapid growth and well adapted for fall and early winter use. Pkt. 5c; oz. 9c; ¼ lb. 15c; lb. 40c; 3 lbs. for \$1.10.

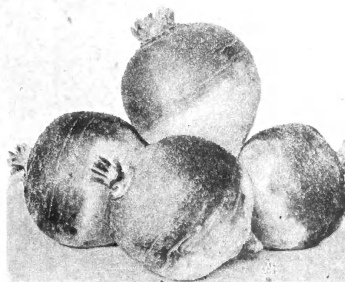

Tomato Improved Stone

Turnip, Early Snowball.

Purple Top White Globe

D.S.C. Purple Top

Yellow Oxheart Tomato

The Yellow Oxheart is similar to the Red except color which is a beautiful golden yellow. The massive fruits average nearly 2 lbs. each and are of very fine quality. Pkt. 8c; ½ oz. 30c; oz. 45c; ¼ lb. \$1.65.

Improved Stone

One of the largest and most solid, main crop or late bright red varieties. It is unsurpassed for slicing and canning. The vines are large, vigorous and very productive. The fruits are bright deep scarlet, oval and very deep, exceptionally smooth and uniform in size. Pkt. 5c; oz. 18c; ¼ lb. 50c; lb. \$1.75.

Yellow Ponderosa

This magnificent variety is similar to the Red Ponderosa except in color. Very solid, mammoth size and when sliced, contrasts prettily with the purplish red of the old Ponderosa. Fruit very uniform, contains few seeds and is very solid, heavy and of the finest quality, being almost free from acidity. Pkt. 8c; 2 pkts. for 15c; oz. 30c; ¼ lb. \$1.10.

RUTA BAGA TURNIPS

Sow in June

D.S.C. Purple Top

A large, handsome globe-shaped sort with rich, yellow flesh. The top skin is purple, the bottom white. It is one of the best and smoothest growers making a large bulb, which sells well and keeps in good condition all winter. Pkt. 5c; oz. 9c; ¼ lb. 18c; lb. 50c; 3 lbs. for \$1.40 by mail.

Golden Neckless

Golden Neckless is considered by those who have grown it to be one of the best all around Ruta Bagas. It is the surest to bottom quickly and is the best table quality of any. Bulbs white on outside and a rich yellow inside. Grows to a good size, smooth, sure to produce good crop and of finest quality. Pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 60c.

Bangholm Ruta Baga

This variety is the most largely grown of all Ruta Bagas or winter Turnips in Denmark. The most productive, yielding more to the acre than any variety we have tested. The lower half of the root is yellow, gradually shading to a violet toward the top. The roots are better keeping than most sorts. The flesh is of a beautiful yellow color, of the choicest quality, full of nourishment. Excellent for table use and stock feeding. Matures in 95 days. Pkt. 5c; oz. 10c; ¼ lb. 20c; lb. 50c.

White Sweet Swede or Sweet German

An excellent keeper and very desirable either for the table or for stock. The tops are small. The roots are large, nearly globe shaped; color white with a shade of green at the top. The flesh is white, very firm and sweet. Pkt. 5c; oz. 9c; 2 lbs. 15c; ¼ lb. 22c; lb. 60c.

Mixed Turnip Seed

A mixture of all varieties of garden turnips, early and late sorts, both white and yellow fleshed. One sowing will supply Turnips all season. Pkt. 5c; oz. 8c; ¼ lb. 15c; lb. 40c; 3 lbs. \$1.00 prepaid.

Floralife

This amazing new product will prevent wilting of roses in a warm room and will prolong life of snapdragons, carnations, chrysanthemums and other cut flowers. When Floralife is used you need not change water nor cut stems daily. For an interesting comparison, place several blooms in a separate vase of plain water and watch the difference after several days.

Package 10c. Ready for instant use. Makes one quart of solution.

NATIONAL Eezy Wear GARDEN GLOVES

Give you everything you want

All-Leather DIRT-PROOF
SOFT AS KID Easy to Wear
Durable WASHABLE

Outwear 6 pairs of fabric. Also ideal for house, basement, garage, furnace, etc. Women's sizes — small, med., large; Men's — small, med., large. Price 75c pr. postpaid.

No Waste, No Weeds, No Run-off, Uniform Feeding, Easy to Use, Immediate Fertilization, Economical. Guaranteed Analysis: Nitrogen 11%; Phosphoric Acid 15%; Potash 20%, being the most concentrated plant food tablets on the market.

30 Tablets 25c; 75 Tablets 60c; 200 Tablets \$1.00; 1000 Tablets \$3.50

STIM-U-PLANT

Use it and you will have the largest crops of fruit and vegetables, and an abundance of the largest and sweetest-scented flowers of intense and vivid colors. It is rich in plant food, containing 1 1/2% Nitrogen, 12% Phosphoric Acid and 15% Potash, odorless and clean. Compare this analysis with that of other fertilizers.

Not to be thrown broadcast, but put at feeder roots of individual plants, trees, shrubs, etc.; there is no waste, you feed the plants that need it. Increases production, heightens color, improves quality. Simply insert a tablet in the soil near each plant (1 ft. apart if in rows) once or twice during season. Or, dissolving four tablets per gallon of water is less trouble and gives better results than the objectionable manure water. A proven success with rose growers, nurserymen, landscape gardeners, strawberry growers and gardeners. Complete directions with every package. Prices postpaid: 30 tablets 25c; 100 size 75c; 1,000 tablets, in bucket \$3.50.

MAKE MONEY

SELLING SEEDS

BOYS, GIRLS, and even grown people can make money easily selling seeds. Almost everybody will buy several packages. You double your money quickly. We put up 3 Boxes. Each contains 100 packages beautifully printed in natural colors. Most seeds in stores are 10c a packet. You sell these for 5c a packet. They cost you 2 1/2c.

BOX 1. Contains 100 packets of flower seeds.

BOX 2. Contains 75 packets of flower seeds and 25 packets vegetable.

BOX 3. Contains 50 packets flowers and 50 packets vegetables.

Price: \$2.50 a box by mail. Must be paid for in advance.
